Respondents

PETITION UNDER ARTICLE 184(3) OF THE
CONSTITUTION OF ISLAMIC REPUBLIC OF
PAKISTAN 1973.

Humbly Sheweth:-

SUMMARY

1. That the petitioner is a citizen of Pakistan has deep rooted love and affection for the stability, integrity and sovereignty of Pakistan and being a whistle blower is placing following information which is of general public importance with reference to the fundamental rights guaranteed to the citizens of Pakistan against Tehreek-e-Insaf, whose Chairman, office bearers, supporters, members are continuously attacking the sovereignty and integrity of Pakistan including but not limited to the Institutions and are involved in burning, looting, destruction of public properties and symbol of defence installations and want declaration of banning Tehreek-e-Insaf. The petitioner is also a tax payer as well as registered voter Block Code 259220304, serial number 211, family number 117, constituency Ali Block, New Garden Town, Tehsil Model Town, Lahore.
2. That the preamble of the Constitution of Pakistan clearly mentions that the sovereignty over the entire universe belongs to the Almighty Allah alone that the authority to be exercised by the people of Pakistan within the limits prescribed is a sacred trust wherein the principle of democracy, freedom, equality, tolerance as enunciated by Islam shall be fully observed.
3. That all the aforesaid ingredients of the Constitution as well as fundamental rights guaranteed to the petitioner as well as all the citizens of Pakistan have been seriously eroded and destroyed by Tehreek-e-Insaf under the command of its Chairman Imran Khan Niazi, who attacked time to time the sovereignty, integrity of Pakistan by attacking and violating the Constitution in complete violation of his own manifesto. This petition is being filed due to the events took place. Apart from the above during the entire years when Imran Khan Niazi remained Prime Minister of Pakistan and also in the past he blocked the highways, held dharnas in front of the Hon'ble Supreme Court of Pakistan, Constitution Avenue and attacked Institutions and also blocked the entry of the Hon'ble Supreme Court Judges. Due to this illegal Dharnas the Prime Minister of China cancelled his visit.
4. That for the purpose of filing this petition, the events transpired on 9th May 2023 as well as several speeches delivered by Imran Khan Niazi are being highlighted as under:-

5. That as mentioned above the inalienable right of the people of Pakistan and their fundamental rights, liberty, have been seriously damaged by the acts of Tehreek-e-Insaf, its Chairman, office bearers, workers. The acts of these people are dangerous to the Constitution of Pakistan and democratic dispensation and thus their party is liable to be dissolved.

6. That the acts of Pakistan Tehreek-e-Insaf, its Chairman, office bearers, their hate speeches attacking the judiciary, defence, burning and looting public assets, etc are totally unconstitutional violative of the fundamental rights and various provisions of the Constitution of Pakistan including but not limited to the Articles 3,4,5,6,9,14,15,22,24, 29, 28, 39 and 40 of the Constitution of Pakistan.

7. That Respondent No.7/Khawaja Muhammad Asif, Minister for Defence on 24.3.2023 wrote a letter to the Hon'ble Chief Justice of Pakistan to the effect that Ministry of Defence has apprised him regarding some shocking statements containing serious allegations levelled against senior most officials of armed forces. These accusations have not been communicated through the official channel by the former Prime Minister Imran Ahmed Khan Niazi but are made through medium of Media which is indeed damaging the institution of Armed forces.

QUESTIONS OF LAW

1. That the hate speeches and events took place on 9th May 2023 due to the arrest of Imran Khan Niazi, Chairman of Tehreek-e-Insaf whereby his office bearers, workers, supporters in a very calculated manner hatched a conspiracy not against the Institution but also the Pakistan by burning the Corp Commander house, attacking and damaging the institutions, looting the estate property specially in Lahore, Karachi and all over Pakistan which was not permissible under the Constitution, therefore, it is imperative that in terms of Article 212 of the Election Act, 2017, Tehreek-e-Insaf (Respondent No.4) should be dissolved as this party has been formed and is operating in a manner which is prejudicial to the sovereignty and integrity of Pakistan.
2. Whether Tehreek-e-Insaf indulged in terrorism by attacking the institutions, defence, house of Corp Commander and damaging other offices is liable to be dissolved.
3. Whether Tehreek-e-Insaf and its Chairman not only violated their oath and their manifesto in which they have categorically conveyed the message to the citizens of Pakistani that they should be loyal for the country and respect not only the Constitution but also its institutions. On the contrary the acts of terrorism of Tehreek-e-Insaf, its workers, supporters and office bearers proved otherwise.
4. Whether Respondent No.4 has violated Chapter 11 Section 200 and other sections of the aforesaid Chapter 11. In terms of Section 200 (4).
5. Whether various statements made by Imran Khan Niaz, Chairman, Pakistan Tehreek-e-Insaf have totally destroyed the fabric of the society specially judiciary, defence, executive, legislature and other institutions.
6. That the concept of democracy and parliamentary type of government as enshrined in the Political party Order which has already been repealed but has been incorporated in the

Election Act 2017 and Pakistan Tehreek-e-Insaf has seriously violated the same, therefore, is liable to be dissolved.

7. That in a democracy, every citizen could participate in the democratic process by freely acceding information about political issues, by openly expressing their own opinion on public affairs, by formulating expectations, proposals or requirements without fear of repressions, by voting in elections, by engaging in civil society organizations or political parties, or by standing up as a candidate in democratic elections. Democracy in this way was the "**government of the people by the people, for the people**". Therefore, basic elements present in any democratic system were that the governing bodies have to be occupied by elected authorities who are accountable to the voters. However, Pakistan Tehreek-e-Insaf has destroyed the aforesaid concept of democratic system which is a parliament type of govt and not only attacked defence institutions but also demolished the basic establishment of institutions like National Assembly, Senate and other assemblies of the provinces.
8. That late Speaker of the United States Congress , TIP O'nell once observed that all politics are local and at the same time when functioning properly, political parties, help place citizens local concerns in a national context. Parties can mediate. They can create common ground. Parties can create grounds for compromise and thus they can help societies unite and remain united. Political parties are not perfect but no other national institution can serve as well to aggregate and represent citizen's interests or impede government fiat. When public confidence in political parties is compromised, the entire democratic process suffers. In all sustainable democracies, the party system must be deeply and durably entrenched in the fabric of society. However, with utmost dismay and disappointment the citizens of Pakistan specially the petitioner has indeed dismayed to the conduct of Respondent No.4 who trampled the aforesaid principles of democracy by causing irreparable loss while demolishing, burning, looting and causing damage to the institutions, defence , corps commander house, and other places.

9. That a political party is an organization which allows like minded people to work together to promote certain ideas and achieve certain goals. The cooperation and collaboration of people with different experiences, skills, knowledge and views within a political party is what enables that party to develop policies across the whole range of concern. Admittedly in the present case Pakistan Tehreek-e-Insaf again failed to fulfil their commitments and promises to the people of Pakistan. Pakistan Tehreek-e-Insaf, its Chairman, workers, supporters are in habit of attacking the integrity, sovereignty not only Pakistan but all its institutions by involving in negative and hate campaign against all institutions specially judiciary, armed forces etc. This is also manifest from the hate speeches of Imran Khan Niazi and his supporters. Pakistan Tehreek-e-Insaf has literally destroyed not only the fabric of the society but also disappointed the country men due to their incompetency, immaturity, corruption, nepotism, favouritism etc.
10. That Respondent No.7 has also written a letter to Respondent No.5 Shahbaz Sharif, therefore, indulgence of this Honble Court is required that a direction should be given to the Election Commission of Pakistan to dissolve Pakistan Tehreek-e-Insaf in terms of Article 212 of the Election Act, 2017.
11. That some of the fundamental functions of a political party are as follows:-

They articulate and aggregate social interest: Parties express public expectations and demands of social groupings to the political system (=function of political opinion-making).

They recruit political personnel and nurture future generations of politicians: They select persons and present them as candidates for elections (=function of selection).

They develop political programmes: Parties integrate various interests into a general political project and transform it into a political programme, for which they campaign to receive the consent and support of a majority (=function of integration).

They promote the political socialization and participation of citizens: Parties create a link between citizens and the political system; they enable political participation of individuals and groupings with the prospect of success. (=function of socialization and participation).

They organize the government. They participate in elections to occupy political charges. Normally in party democracies, a good

part of government authorities arise from political parties (=function of exercising political power).

They contribute to the legitimacy of the political system: in establishing the connection between citizens, social groupings and the political system, the parties contribute in anchoring the political order in the consciousness of the citizens and in social forces (=function of legitimating)."

Indeed the aforesaid principles have been violated and breached by Pakistan Tehreek-e-Insaf as they divided the country as well as people.

12. That it is also a matter of record that Pakistan Tehreek-e-Insaf, its supporters and selected members neither seriously indulged in law making process. Imran Khan Niazi and his ministers never sat in the session and never took serious effort towards law making . They always made ordinances and ran the govt. Through their headless cronies and Imran Khan Niazi's attendance in the National Assembly as well as senate sessions is very minimum. They never showed political maturity by just chanting slogans of Madina ki Riasat and taking the name of Dr.Mahatir Muhammad cannot include him in the list of such a highest political personality. His conduct and behaviour in the Assembly is destructive to Pakistan which is against the basic foundation of Pakistani democratic process and its institutions. Therefore, Pakistan Tehreek-e-Insaf deserves to be dissolved and proper direction should be given to the Election Commission of Pakistan that they should send a reference for dissolving the party.
13. That the Preamble to The Political Parties Order, 2002 ("Order") is illustrative and states that the need for a political party "is intended to create a political environment conducive to the promotion of a federal democratic system as enshrined in the Constitution...political parties play a pivotal role in fostering a constitutional, federal democratic political culture and practice of democracy within the political parties will promote democratic governance in the country for sustaining democracy." "Political party means an association of citizens or a combination or groups of such associations formed with a view to propagating or influencing political opinion and participating in elections for any elective public office or for membership of a legislative body".¹¹ Cornelius CJ in Abul Ala Maudoodi vs. Govt of West Pakistan¹² defined the expression 'political party" to mean:

The ordinary conception of a political party includes a right within the framework of the Constitution to exert itself through its following and organization, and using all available channels of mass communication, to propagate its views in relation to the whole complex of the administrative machine, including the legislatures, in respect of matters which appear to it to require attention for the amelioration of 11 Article 2(d) of the Political Parties Order, 2002. 12 PLD 1964 SC 673 at 692 W.P. No.8222/2015 14 conditions generally throughout the nation, for improvements particularly in administrative procedures and policies, as well as in the legislative field, even to the extent of proposing and pressing for amendment of the Constitution itself.

14. That the importance of political parties was highlighted by Saad Saood Jan, J, who had remained actively associated with the preparation of the draft of the 1973 Constitution,¹³ in Muhammad Nawaz Sharif Case¹⁴ in the following manner:

The Constitution Committee of the National Assembly which was entrusted with the task of preparing the draft was of the opinion that the right of freedom of association as guaranteed in the earlier Constitutions of 1956 and 1962, qualified as it was with a number of restrictions, did not give sufficient protection to the political parties against the Executive which in the past had no hesitation in limiting or stifling their ordinary activities, particularly if these were directed against the party in the Government. It was felt that for the democracy to flourish in the country, it was essential that the political parties should be entirely unfettered except when they worked against the sovereignty and integrity of Pakistan. The experience of 1962 Constitution was before the Committee for despite the fact that it guaranteed freedom of association severest possible checks were placed on the otherwise legitimate functions of political parties. Some of the parties were even banned. Article 173 of the said Constitution stated that no candidate at an election could hold himself, inter alia, that he was a member of a particular party. This was tantamount to denying to the political parties a place in the political process in the country. In order to free the political parties from the strangle-hold of the Executive and permit the citizens freedom of thought and action in political matters it was decided by the Constitution Committee to make a separate and independent provision so far as the political parties were concerned.

15. That this Hon'ble Court in the Suo Moto Case No.7 of 2017 decided on 6.2.2019 took suo moto notice and by elaborating different provisions of the Constitution of Pakistan as well as section 211 of Election Act, 2017 and its Rules already

Q

passed strictures and ordered that like Imran Khan Tehreek-e-Insaf PAT also indulged in protest and dharna and hate speeches.

16. That in the aforesaid judgment in a case reported in PLD 2019 SC 318 relevant at 336 paragraph 22 passed strictures against PTI and PAT and referred their dharnas. In the aforesaid judgment in paragraph 24 it has been noted that PTI-PAT had camped in the red zone for several months they achieved the setting up of a judicial inquiry commission. Though the finding of the inquiry commission had rebutted PTI's allegations no adverse consequences followed.
17. That in the aforesaid suo moto case NO.7/2017 it was observed that the leadership of TLP must have noted that despite the daylight slaughter of innocents on the streets of Karachi on 12th May, 2007 its principal conspirators and beneficiaries were not punished. They must also have noted that when PTI-PAT had camped in the Red Zone for several months they had achieved the setting up of a judicial inquiry commission. Though the findings of the Inquiry Commission had rebutted PTI's allegations no adverse consequences followed. PTI's leadership did not even tender an apology, let alone clean up the area or pay to clean and restore it. Instead PTI received a lot of free publicity. TLP had demanded that the words solemnly swear in the declaration of Muslim candidates be restored. The government conceded and the law was amended. As per unanimous view of all the intelligence agencies TLP wanted to maximize political mileage for itself³⁹. The ambitious leadership of a fledgling political party projected itself as the defender of the Muslim faith. They provoked religious sentiment, stoked the flames of hatred, abused, resorted to violence and destroyed property worth 163,952,000 rupees⁴⁰. Nearly all economic activity in the country was brought to a virtual standstill by TLP. Pakistan's Gross Domestic Product for the year 2017 was 32,406,956,000,000 rupees⁴¹, therefore, each day's shutdown is calculated to be 88,786,180,821 rupees⁴². Intelligence agencies reported that politicians visited TLP's leadership camped on the Faizabad Interchange⁴³. TLP received prime-time free media coverage and publicity, transforming it overnight into a household name. Two of its candidates got elected as members of the Sindh Assembly and TLP got a sizeable number of votes in the 25th July general elections.
18. That PTI did not tender an apology. The aforesaid judgment has not been challenged by the Chairman of PTI nor its

members hence the said judgment still holds field and attains finality, therefore, in view of the above judgment dissolution of the PTI must be ordered.

19. The Constitution does not specifically stipulate a right to protest. However, democracy recognizes such a right, and it was through democratic means that Pakistan was achieved. The people of the subcontinent acquired independence from British-colonial rule by the efforts of the All India Muslim League and the Indian National Congress; they peacefully protested, demonstrated, held meetings and expressed themselves through elections, as a consequence of which two independent countries, Pakistan and India, emerged. Our Constitution is moored in democracy. The people of Pakistan have declared, "that Pakistan would be a democratic State" 44 and that its citizens are, "dedicated to the preservation of democracy" 45. Citizens have the right to peacefully protest and hold demonstrations, and may do so against any action or decision of a government or authority. The right to protest is also implied in "the right to assemble peacefully" 46, in the "right to form associations or unions" 47, in the "right to form or be a member of a political party" 48 and in the "in the right to freedom of speech and expression.
20. That the "right to assemble peacefully and without arms" 52 is "subject to any reasonable restrictions imposed by law in the interest of public order" 53. The right of assembly is recognized as a right to preserve the democratic order, but it cannot be used to overthrow a lawful government. Nor can the right of assembly be used to bring about a revolution or insurrection. These principles were enunciated in the case of Islamic Republic of Pakistan v Abdul Wali Khan⁵⁴: It goes without saying that while the right of Assembly is a very important right for the preservation of a democratic political system yet it cannot be denied that no State can tolerate utterances or actions which threaten to overthrow the Government established by law in that State by unlawful or unconstitutional means. As observed by the American Supreme Court in the case of American Communications v. Douds [(1951) 340 US 268], 'Freedom of speech, press and Assembly are dependent upon the power of the constitutional Government to survive. If it is to survive, it

4

must have the power to protect itself against unlawful conduct and, under some circumstance, against incitements to commit unlawful acts'. The maintenance of public order is the paramount duty of the State. If anyone propagates, "hatred or contempt, or excites or attempts to excite disaffection towards the Federal or Provincial Government" 55 they commit the offence of sedition for which the punishment is imprisonment for life. TLP sowed discord and dissension, it resorted to mob-rule, rioting and the destruction of property.

21. That Imran Khan Niazi and his party have literally destroyed the fabric of the society by attacking the institutions and making hate speeches against the integrity and dignity of the country and its institutions.
22. The freedom of speech and expression and of the press are fundamental rights, However, these rights cannot be used to denigrate or undermine the glory of Islam or the integrity, security or defence of Pakistan or any part thereof, friendly relations with foreign States, public order, decency or morality or in relation to contempt of court, or commission of or incitement to an offence.
23. That PTI's leadership created hatred amongst people, they abused, threatened, advocating violence and this was broadcast by the private channels.
24. That similarly in the case of Watan Party vs Fed. Of Pakistan (PLD 2011 SC 997) five members bench of this Hon'ble Court has laid down the principle that in terms of Article 17 of the Political Parties Order 18 of 2002 Article 15 laid down a principle that if a govt. succeeds in establishing that any political party operating in a manner prejudicial to the sovereignty or integrity of Pakistan provisions of Article 17 of the Constitution of Pakistan read with Section 15 of the Political Parties Order 2002 now section 212 of the Election Act 2017 can be invoked.
25. That for the sake of brevity, the Petitioner seeks leave of this Hon'ble Court to urge further and additional grounds at the time of hearing of this CPLA.

19

PRAYER

It is therefore, humbly prayed on behalf of the Petitioner that on consideration of above mentioned points of law, facts and grounds this Hon'ble Court may graciously be pleased to:-

1. Allow the petition.
2. Declare the acts of Pakistan Tehreek-e-Insaf, its Chairman, office bearers, their hate speeches attacking the judiciary, defence, burning and looting public assets, etc are totally unconstitutional violative of the fundamental rights and various provisions of the Constitution of Pakistan including but not limited to the Articles 3,4,5,6,9,14,15,22,24, 29, 28, 39 and 40 of the Constitution of Pakistan and thus their party is liable to be dissolved.

Any other relief deemed just and equitable in all the circumstances of the case may also graciously be granted by this Hon'ble court.

ADVOCATE ON RECORD

Dated: 7.2023

Government of Pakistan
Ministry of Defence

March 24, 2023

Honorable Chief Justice of Pakistan,

The Ministry of Defence (MoD) has apprised me regarding some shocking statements containing serious allegations levelled against senior most officials of Armed Forces. These accusations have not been communicated through the official channel by the former Prime Minister Imran Ahmad Khan Niazi but are made through medium of Media which is indeed damaging the institution of Armed Forces. Perusal of the statements attached herewith (Annex-I) reveals that threatening language towards military officials and their families has been used with intention to provoke element of hatred and disrespect among the public against them.

2. The Ministry has asked me to bring this sensitive matter into your kind notice as being Head of Judicial organ of the State. The instant matter requires your kind consideration.

(Khawaja Muhammad Asif)
Federal Minister for Defence

Honorable Justice Umar Ata Bandial,
Chief Justice of Pakistan,
Islamabad.

Preface

- 1 This review of the Constitution of Pakistan Tehreek-e-Insaf, 2022 ("2022 Review") has been conducted to fulfill the legacy of Founding Chairman Imran Khan of transforming Pakistan Tehreek Insaf into a democratic institution to build a Modern Islamic State. Essential elements of an institution are the rule of law, non-personal objective decision making, transparency and accountability.
- 2 In structuring this document following principles have been followed,
 - i. It is imperative that the Chairman (Head of Party) is empowered to provide fresh strategic direction in view of the changing circumstances and accordingly, Chairman Powers have been restored and certain additional powers have been built within;
 - ii. A framework in accordance with legal requirements has been provided in the Constitution whereas procedural details have been moved to Rules in order to simplify the structure of Constitution.
 - iii. Keeping in view the diverse political landscape and dynamics within Pakistan, flexibility has been built for the Provinces to propose lower tier organizations as per respective requirements after approval of Central Executive Committee;
 - iv. The Central Executive Committee of PTI has been empowered to formulate and approve Rules in order to ensure smooth functioning of Party;
 - v. Keeping in view political traditions of Pakistan, Dispute Resolution Committees have been introduced at all tiers to encourage amicable resolution of grievances/interpersonal disputes among worker and/or office bearers;
 - vi. In order to ensure the Party has ample legal support and guidance, a Central Legal Committee has been incorporated;
 - vii. Federations (including ISF, ILF and IDF) that have specialized basic units and specialized functioning have been made independent and keeping them affiliated with the party at the same time;
 - viii. Provisions for conducting intra Party elections as well as for selection of candidates for general elections/by-elections have been improved through formation of a Central Parliamentary Board;

Whereas:

- 2 Creation of Pakistan was the result of relentless struggle of Muslims and other communities of India under the inspiring leadership of Quaid-e-Azam Mohammad Ali Jinnah to establish a homeland where they could practice their beliefs and ideals in a plural Muslim society as envisioned by him

3. Qaid-e-Azam Muhammad Ali Jinnah, envisaged a tolerant country wherein people would live in harmony and peace free from exploitation, corruption and prejudices under an Islamic democratic system ensuring justice, equality and prosperity for all citizens superior to what All India Congress had to offer to non-Hindu communities.
4. Pakistan fell into the hands of a ruling elite consisting of inept, corrupt and selfish politicians, feudal, civil and military bureaucrats and a host of vested interests who have plundered Pakistan and have brought it to the brink of disaster;
5. A colonial system of government and the feudal hold of society nurtured a dependency syndrome which has created a chronic debt-dependent economy curbing initiative and self-reliance;
6. Justice and rule of law have disappeared from all walks of life and the state institutions have lost credibility;
7. The common citizen is deprived of access to basic necessities of life such as food, education, employment, health care, clothing, housing and transportation and has been made a victim of violence in society, breakdown of law and order, institutionalised corruption, tyranny of police and other government departments;
8. Jammu and Kashmir has remained an incomplete agenda of the Partition Plan and aspirations of the Kashmiri People
9. Pakistan stands at the threshold of an economic disaster, breakdown of institutions, collapse of governance, social disorder, desperation and disillusionment.

Therefore:

Current Honorable Prime Minister of Pakistan, Mr. Imran Khan launched a political party to mobilize people to extricate Pakistan from its prevalent state of despair and to set it on the path of attaining unity, solidarity, social justice and prosperity.

We resolve to turn this party into an institution by following this constitution in letter and spirit without any exception.

CHAPTER I – GENERAL PROVISIONS

I. Name

The name of the political party is "Pakistan Tehreek-e-Insaf" ("PTI").

II. Objectives

PTI strives for establishment of an Islamic democratic welfare state as espoused by the seerat of Hazrat Muhammad (Peace be upon Him) and as per ideology of our founding fathers Quaid-e-Azam Mohammad Ali Jinnah and Allama Mohammad Iqbal. PTI aims to transform it into a truly modern democratic, egalitarian, tolerant Islamic welfare state (Riyasat-e-Madina) where every citizen is equal in the eyes of law with guaranteed fundamental rights, regardless of gender, caste, creed and religion; or any economic, physical and social condition; so as to enjoy equal opportunity, peace, harmony and happiness. This higher mission will be achieved by focusing on following objectives:

1. Nation building through stable, efficient and progressive public institutions, ensure availability of social justice, equitable distribution of national resources among provinces, and celebrating cultural and religious diversity of our people including non-muslims to turn Pakistanis into one identity.
2. Economic growth and independence through focus on innovation; social capitalism; industrialization; international trade and agricultural development
3. Maintain good relations with all our neighbors based on mutual respect for sovereignty; shared security, regional trade and peaceful resolution of longstanding issues and conflicts and to pursue an independent foreign policy promoting national interest with special emphasis on relations with regional countries and Muslim Ummah;
4. Restore dignity of people of Pakistan and protect freedom of expression and belief, rights and interests of minorities and to give them representation at all levels commensurate to their actual populations, protect rights of women as equal citizens and encourage participation of women in national and political life;
5. Introduce and implement judicial reforms, ensure independence of judiciary and provide for inexpensive and expeditious system of justice;
6. Provide equal opportunities and facilities related to education and health to all classes of citizens irrespective of the religion, cast, creed etc.
7. Protect environment and ensure clean air as well as water for citizens of Pakistan.
8. Strive for the right of self-determination for people of the State of Jammu & Kashmir;
9. Promote tolerance and eliminate all kinds of prejudice throughout society whether regional, ethnic, religious, sectarian, linguistic or tribal and inculcate a spirit of unity, mutual respect, brotherhood and prosperity for all in order to instill a common Pakistani Identity;
10. Eliminate the curse of illegal wealth, money-laundering, feudal coercion and administrative interference in politics and elections. Improve tax framework and system for achieving a sustained economic growth and eliminate massive financial leakages throughout the country;
11. Promote and support investments by overseas Pakistanis and other investors, securing a safe investment environment, transparency and durability in economic policies;
12. Ensure elimination of all forms of terrorism by addressing its root causes and
13. Strengthen national security and defense against external and internal threats;

19

III. Membership

The membership of Pakistan Tehreek-e-Insaf will be open to all citizens of Pakistan including overseas Pakistanis regardless of religion, caste, creed, gender and place of residence who are at least 18 years of age and fully subscribe to the constitution, objectives and manifesto of the party and not having membership of any other political party.

Those who have acquired membership shall be deemed to have relinquished membership of any other political party. Accordingly, any member who, after acquiring membership of Pakistan Tehreek-e-Insaf acquires membership of another political Party shall be deemed to have relinquished the membership of Pakistan Tehreek-e-Insaf.

Membership campaign would be run in accordance with the requirements laid down hereunder and as per directions of CEC. All gathered data would be deposited with the PMC who would be the repository of membership database. PMC shall report to the Secretary General regarding Membership and database, who shall ensure verification and health of such membership data.

IV. Amendment to the Constitution

An amendment to the Constitution can be moved by the Central Executive Committee before the National Council or by one-tenth of the total membership of the National Council.

However, the Chairman may make provisional decisions regarding amendments to the Constitution which shall remain operational till next session of National Council whereby such amendments will be presented for formal ratification.

The quorum for National Council shall be 1/4th of the total membership and constitution of the Party can be amended by the National Council through a 2/3rd majority vote of the members present. The Chairman may refer back to the Council for reconsideration of an amendment which may again be passed by simple majority of the members present.

The proposed amendment shall be circulated amongst the members of the National Council at least seven days prior to the meeting. However, such requirement may be waived by the Chairman.

After every amendment, a copy of such amended Party Constitution duly signed by the Chairman shall be provided to PTI FedEC for submission to Election Commission of Pakistan by Chief Election Commissioner, PTI.

20

V. Conflict of Interest (COI)

1. Conflict of interest (COI) amounts to a situation where the office holders, their spouses, first-degree or second-degree relatives can or are perceived to gain politically or financially as a consequence of any decision.
2. COI situations comprise (but not limited to) following instances:
 - i. Award of tickets
 - ii. Nominations to party offices
 - iii. Award of contracts
3. All office holders shall disclose any COI before taking part in any deliberation or before exercising any decision-making authority; and shall recuse themselves from such instances. Failure in such disclosure or recusal shall amount to disciplinary violation and attract action specified in the article on Discipline.
4. In case of a Conflict of interest, such matters will be decided by one tier above the said office holder

VI. Power to make Rules:

Central Legal Committee shall draft and after approval of designated Additional Secretary General, present the rules to Central Executive Committee which shall be empowered to approve By-laws of Wings and/or Rules for day to day functioning, operational matters, procedures and any related matters ("Rules"). Such Rules shall be approved by a simple majority of Central Executive Committee and may accordingly be amended by the same procedure as and when required.

VII. Term of Office and Mid-Term Elections (IPE)

1. The term of office for all organizations at all levels shall be five (05) years. However, the term for the overseas chapters would be as per OIC guidelines.
2. Intra-Party elections shall be conducted upon completion of tenure or as per decision of Chairman provided that a period, not exceeding five years, shall intervene between any two elections. The process of intra-party elections be completed within three (03) months of announcement.
3. Provided that party election doesn't fall within six months of the scheduled local and/or general elections. In case of unscheduled elections, probability of local and general elections occurring on the dates for intra-party elections would be decided by the Central Parliamentary Board with approval of Chairman and would be held within four months after local/general elections however, such decision shall not be in violation of election laws.
4. The Fed EC may, on directions of Chairman, conduct mid-term intra-party elections for any vacant seats if and when required.

21

VI. Oath

All office bearers appointed/elected shall be required to take oath of allegiance in accordance with specimen specified in the Rules.

VII. Party Manifesto and Code of Conduct:

There shall be a Party Manifesto Committee whose Head shall be notified by the Secretary General with the approval of Chairman. The manifesto committee may co-opt and form sectoral specialist sub-committees from among the members of Party at center or provincial level. The Party Manifesto Committee shall be assisted by Sectoral Secretaries, Wings and Federation Presidents as and when required by the Committee. The Party Manifesto Committee shall complete the manifesto and present to CEC for approval within three months of its formation and the Manifesto shall be approved by simple majority of Central Executive Committee.

VIII. Temporary Provisions

In case of a strategic or an urgent requirement, the Chairman may devise a mechanism different from the provisions of this Constitution in order to ensure the Party is able to handle such requirement. The Chairman shall be empowered to take all such decisions as necessary for giving effect to any such requirement.

Such provisions will remain operational as long as the Chairman so decides by way of notification. If such decisions impact any provisions of this Constitution, such conflicting provisions shall operate in accordance with the procedure specified under Article IV above.

Upon approval of this Constitution, the recently elected as well as nominated office bearers (on or after 25th December 2021) at all tiers shall remain intact for the term specified herein and shall function in accordance with the provisions provided under this Constitution and/or the Rules, unless decided otherwise by the Chairman.

CHAPTER II - ORGANIZATIONS

I. Organizational Structure:

- v. Presidents of all District Organizations;
- vi. PTI Parliamentarians (including National and Provincial Assembly members, Senators, Mayor(s)/Chairman of Districts and Tehsils).
- vii. OIC Secretary along with country presidents (those countries that have crossed 5000 paid membership).

26

Decisions would be taken by simple majority of votes. The National Council would be deemed to be complete with or without the nominations and in the presence of any vacant posts.

d. Specialized Bodies:

The following specialized bodies shall be formulated in order to provide support to the Party for its functioning:

i. Federal Election Commission (Fed EC)

A Federal Election Commission shall be established to deal with intra-party elections.

The appointments of all commissioners will be made by Secretary General with approval of Chairman and in accordance with the procedure laid down in Rules.

The term of the Fed EC would be five years and once notified by the Secretary General, could be removed by the same process or by the Chairman.

ii. Finance Board

There shall be a finance Board constituted at Central, Provincial and if required, on lower tiers as per provision of this Constitution and the Rules. Finance Board(s) may also be constituted for the OIC chapters in accordance with Rules.

iii. Central Parliamentary Board (CPB):

There shall be Central Parliamentary Board of Pakistan Tehreek-e-Insaf which shall deal with matters pertaining to general/senate/LGE/by elections and also decide matters regarding intra-party elections. The members of Central Parliamentary Board shall be appointed by Secretary General with the approval of Chairman. However, final decision on award of party tickets shall rest with the Chairman.

iv. Election Analysis & Management Cell (EAMC):

Secretary General shall, with the approval of Chairman, notify an Election Analysis & Management Cell and may appoint salaried staff for functioning of EAMC. The Cell shall provide to the Central Parliamentary Board an alternate analysis on the recommendations given by lower parliamentary boards. It shall also help Party and its candidates in campaign preparation by designing and implementing an election campaign strategy, IT based solutions, scientific researches and a team of experts in various domains of electioneering.

v. Standing Committee on Accountability and Discipline (SCAD)

There shall be a SCAD at Central and at all Provinces/Quasi-Provinces/ Regional/OIC tiers as required. SCAD may also be constituted at lower tiers in accordance with Rules.

27

SCAD at central level shall take up complaints by or against Central office bearers and Federal Parliamentary Party members and the same provisions shall apply to lower tier SCADs for office bearers/Parliamentarians at corresponding tiers;

The appointment of members of Central SCAD shall be made by Secretary General with approval of Chairman in accordance with the procedure and requirements set out in the Rules;

The term of SCAD shall be for two (02) years and may be extended with approval of Chairman for another term;

SCAD at all tiers may co-opt associated members in sufficient numbers as per the volume of work.

vi. Dispute Resolution Committee (DRC):

A Dispute Resolution Committee shall be constituted at Central level by Secretary General with the approval of Chairman for handling matters pertaining to conflict resolution among office bearers at Central level and for resolution of interpersonal disputes/grievances by or against Central office bearers and/or the Federal parliamentary party members.

The Central DRC may nominate similar committee at Provincial level which shall appoint DRC at one tier below and so on. DRCs shall be formed till lower tiers level in accordance with the requirements set out under the Rules.

The DRC shall work according to SOPs and procedure specified in the Rules.

vii. Central Legal Committee (CLC):

A Central Legal Committee shall be formed which shall include PTI lawyers and legal experts. Secretary General shall notify Central Legal Committee in accordance with the procedure and requirements set out in the Rules.

Central Legal Committee shall provide legal support to the Party as and when required. It may devise its SOPs for internal functioning. CLC may co-opt members and/or constitute sub-committee(s) for specific functions/tasks as and when required.

viii. Party Management Cell (PMC):

A Party Management Cell shall be established whose primary function will be to provide administrative support to the organizations as and when required, and shall also act as information hub of the party. It shall collect data through input from office holders, and through conducting electronic/manual surveys from members/ office holders as per directions of Secretary General.

28

III. FUNCTIONS AND POWERS

Functions and powers of Organizations

a. Lower Tier Organizations (Division/District/Tehsil/UC/Block/ward as applicable)

The Lower Tier organizations shall

- work to promote the aims and objectives as outlined in party manifesto,
- run campaign of PTI ticket holder(s) for their respective constituency,
- motivate people to join the party and promote comradeship among the membership of Organization,
- identify and respond to the needs of people of respective area and to ensure the office bearers and members follow the policy and directions given by the Central and Provincial organizations.
- Monitor, guide and facilitate the lower organizations in respective area
- Review and debate quarterly performance reports presented by elected local government representatives of Party

b. Provincial Organization

i. Provincial/Regional Executive Committee

The Provincial/Regional Executive Committee shall be responsible for implementation of party constitution, party policies and objectives as outlined by central organization in the Province/Region (as applicable). It shall review Quarterly Performance Reports presented by leader of Provincial Parliamentary Party, performance reports on respective provincial portfolios and report of Provincial/Regional President regarding membership and performance of party in the Province/Region. PEC shall monitor and supervise the organizational activities of Provincial/Regional and lower tier organizations. It may perform any other functions specified by the Central Executive Committee or the Chairman, from time to time.

c. Organization of International Chapters (OIC)

The Organization of International Chapters (OIC) shall work to organize, conduct membership, guide the overseas chapters towards elections. It shall ensure that all membership fees and donations for PTI (general or purpose/event specific) shall be made in accordance with legal requirements and only be routed through designated official accounts, ensure that unlawful donations/contributions or gifts in cash or kind are not made.

OIC Organizations shall mobilize voters for general elections in Pakistan. It shall act as a bridge between overseas Pakistanis and party as well as PTI government in Pakistan for resolution of issues and inclusion in national life. They shall also facilitate and accompany all leaders travelling abroad and/or arrange PTI receptions/events in the respective countries.

29

d. Central Organization

i. Core Committee:

The Core Committee shall function as an advisory body to the Chairman and shall function according to his directions as and when required.

ii. Central Executive Committee

The Central Executive Committee shall be ultimately responsible for implementation of party constitution, party policies and objectives at all levels. It shall review annual performance reports presented by leader of National Parliamentary Party, Performance Reports presented by Prime Minister/ Chief Minister(s) on respective party governments and reports submitted by Provincial Presidents on the performance of party within respective Provinces. It shall also review and decide by majority vote all current organizational issues. CEC may review party membership status presented by FedEC. It shall guide and supervise Provincial Organizations to complete all organizations at lower tiers. CEC shall also review and approve Rules/By-Laws (along with their amendments). It shall also review annual budget as well as auditor's report and/or perform any other function assigned by the Chairman from time to time.

iii. National Council

The National/ Council shall work as the general body of Pakistan Tehrik-e-Insaf. It shall, be the ultimate approver of the Constitution and any Amendments thereof, key strategic and policy decisions, lay down general policy and direction for Party as well as perform any other function specified by the Chairman from time to time. Further, the Chairman may change the composition of National Council on need basis.

iv. Specialized Bodies:

- Federal Election Commission (Fed EC)

The primary function of FedEC shall be to conduct intra-party elections including elections of wings. FedEc shall conduct Intra-Party Elections per procedure provided under Rules and in accordance with the Constitution/ Rules/ By-Laws.

It shall perform its functions in accordance with Rules. FedEC shall ensure timely submission of a complete list of elected and/or appointed Office bearers in the Election Commission of Pakistan.

- Finance Boards (FB)

There shall be a finance board constituted at central, provincial and if required, on lower tiers as per provisions of this Constitution, Rules and Party finance manual. Finance Boards for the OIC may also be constituted as per Rules. The Finance Boards shall function in accordance with Rules, finance manual and applicable legal requirements.

30

- **Election Analysis and Management Cell:**

EAMC shall provide assistance to Central Parliamentary Board in devising an alternate view to the lower parliamentary boards' recommendations, manage elections in all constituencies and provide support to the party as well as candidates for constituency management. Further, be responsible to preserve and manage data as it is generated during the course of elections and submit a detailed report on the same to the Central Executive Committee within one (01) month of such elections. EAMC shall have access to Party membership register/database for the purposes of worker and voter mobilization. It shall perform its functions in accordance with the requirements set out in the Rules.

- **Party Management Cell:**

PMC shall develop and manage, user friendly and secure, software to run party electronically (for effective communication, notifications, circulars) and take all necessary steps, with the approval of Secretary General to enable the party to operate in paperless mode. PMC shall be responsible to preserve and manage data as it is generated during the course of the party work and provide the information to the members in a transparent manner. It shall provide assistance to Secretaries, specialized bodies and the Party on research and policy development as well as to Secretary Information and all such persons and organizations as required from time to time in accordance with directions of Secretary General. It shall perform its functions in accordance with the Rules.

- **Standing Committee for Accountability and Discipline (SCAD)**

The primary shall be to investigate and decide any complaints in accordance with the provisions of this Constitution and Rules. It may keep salaried clerical staff in sufficient numbers to maintain office data and records.

Secretary Finance shall ensure uniform implementation of the finance policies and decisions of central organization in all provinces and overseas chapters. Secretary Finance shall be responsible to keep all accounts and ledgers in order and ready for annual internal and external audits for the relevant organization. He shall perform his functions in accordance with the Rules.

x. **Secretary Information:**

Secretary Information shall be appointed by the Secretary General with Chairman. Secretary information may appoint any number of deputy secretaries as per guidelines provided under the Rule formulated by Central Executive Committee. shall lead the team of the provincial information secretaries who in turn will provide leadership to the information secretaries in the lower tiers of the respective provinces. Further, he shall also be the main spokesperson, of the relevant executive committee, to effectively present party narrative to the media. Central Secretary information shall manage social media, shall ensure that party narrative is being effectively implemented on social media and liaise with media people.

xi. **Specialist Secretaries (All tiers)**

The specialist secretaries shall work as subject matter experts and shall assist the respective organizations in performing functions specific to their area. They shall work as per directions of Central Cabinet and may, with the approval of central Executive Committee, form committees(s) on need basis. They shall function in accordance with the Rules or as directed by the Secretary General/Additional Secretary General (or respective General Secretary) from time to time.

- **Other Organizations (Province and lower tiers)**

i. **The President**

35

- The President of any Provincial Organization shall be the head of the respective executive body. The president's primary function is to lead, motivate, understand and communicate party vision and strategy. Moreover, president shall guide general secretary in performing administrative and executive functions.
 - The President shall preside all meetings and political events of the organisation.
 - consensus around issues through informed exhaustive collective decision making.
 - The president shall maintain contacts with the party elected members of the Local Governments, Provincial government and the federal government, in order to represent and solve issues/problems of the ordinary people of the area.
 - The President shall act as per duties and powers specified under the Rules.
- ii. **The SVP(s)**
- To act as president and preside all meetings in the absence of the president
 - To follow the political and Organizational guidelines of the president in his absence and to keep him/her fully informed on developments and any decisions taken.
 - To help president in carrying out all of his functions.
 - To take full charge in case of the suspension, incapacitation or leave for more than a month of the president.
 - shall act as per duties and powers specified under the Rules
- iii. **The General Secretary**
- The General Secretary shall be custodian of record and responsible to conduct/arrange meetings at relevant tier;
 - He shall be responsible to provide monthly updates regarding organizations, performance of office bearers and specialized bodies on respective tiers (if any) to the General secretary one tier above;
 - Perform any other functions specified under the Rules.
- iv. **The Vice Presidents**
- To assist the President in the performance of his duties as delegated by him/her for the specified geographical location
 - Prepare reports (on membership drive, attendance and minutes register), as delegated by the President for specified subordinate Organizations.
 - Attend Public Meetings and workers training sessions as directed by the President for the specified subordinate Organizations.
 - Perform any other functions specified under the Rules.
- v. **The Additional General Secretary**
- To act as GS in his/her absence in all the meetings of the party in line with the policy and guidelines set by the relevant GS
 - To perform specific functions of the GS in areas agreed by the GS by notification.
 - To take full charge in case of the suspension, incapacitation or leave for more than a month of the GS.
 - Perform any other functions specified under the Rules.
- vi. **The DGS/ Joint Secretaries**
- To assist the GS/SG in smoothly running of the party office.
 - To assist in maintaining the Attendance and minutes register as delegated by the GS/SG.
 - To perform various functions of GS/SG as delegated by the relevant GS/SG.

36

- Perform any other functions specified under the Rules.

3. Finance

- i. All fees and donations collected by all Party Organizations and members shall be submitted in the party account as specified in the Rules or the Party Finance Manual.
- ii. All gifts to the Party Officials received in official capacity from Pakistani or foreign nationals shall be reported and submitted to the CFB. Further, all non-cash gifts/contributions/donations/ facilitations shall also be liable to be reported.
- iii. Any contribution or donation made, directly or indirectly, by any foreign source including any foreign government, multi-national or public or private company, firm, trade or professional association or individual shall be prohibited. No collections for welfare projects in the name of PTI shall be allowed.
- iv. All dispersals from the Central Accounts shall be subject to prior deliberations and approval by the CFB.
- v. All donations that have been deposited in the Central Account for a specific sub-organization, shall only be notified to the CFB; and shall not take more than five working days to be transferred to the specified recipient sub-organization's account; and shall be disbursed by the recipient sub-organization as per Finance Manual.
- vi. Funding for establishment and management of all organizational offices at all tiers shall be equally contributed by all members of the respective executive committees; supplementary budgetary demands may be placed before respective finance boards for extraordinary expenses; failure to comply shall attract disciplinary measures.
- vii. Finance Board shall function in accordance with the provisions hereunder, the Rules, PTI Finance Manual and applicable laws.

4. Discipline

- a. An act/dispute violating party policy or affecting party image, working and political activity shall be dealt with as a disciplinary violation.
- b. Any dissenting opinion on a particular policy/political issue presented as personal view on a public forum, shall not be taken as disciplinary violation; provided dissenting personal view is presented with deference to the party policy; and provided it doesn't incriminate any party office holder on any public platform;
- c. The Chairman may, in his sole discretion, refer any matter to SCAD/DRC which shall then be dealt with in accordance with the procedure provided under the Rules;
- d. The decisions regarding expulsion of members from Party shall be sent to designated Additional Secretary General for review and will have to be ratified by the Chairman in order to attain finality. The Chairman may, in his sole discretion, ratify/modify/reverse such decision.

I. Types of Issues

- a. **Disciplinary Matters:** All these matters shall be dealt with by SCAD;
 - Violation of the provisions under this Constitution and/or the Rules/by-laws;
 - Financial Embezzlement/Irregularity;
 - Act/Omission against the Interest/directions of the party ;
- b. **Interpersonal Matters:** All these matters shall be handled by the DRC and SCAD shall not take up such matters unless referred by the DRC. Interpersonal matters shall include *inter-alia*;
 - Interpersonal disputes/behavior issues;
 - Verbal Abuse/casting aspersion/rude behavior
 - Threat/intimidation/physical violence
 - Interpersonal monetary transaction
 - Grievances of workers against Party office bearers/parliamentary party members
 - Grievances among Party office bearers

However, interpersonal disputes not having any nexus with the Party shall not be taken up by SCAD or DRC. All such matter will have to be taken to appropriate legal forum in accordance with applicable laws.

ii. Initial Procedure:

The following pre-requisites shall be completed by the complainant(s) before filing any complaint/case:

The complainant shall inform the General Secretary of relevant tier regarding the issue who shall refer the same to respective Legal Secretary within three (03) days of receiving the complaint;

Secretary Legal shall conduct initial inquiry to ascertain facts and refer the case to relevant forum along with his initial findings within five (05) days of reference from General Secretary. In case Legal Secretary does not refer the case within stipulated time, the complainant may forward the complaint to Legal Secretary one tier above who shall ensure the same is evaluated and forwarded to the appropriate forum within two (02) days;

Legal Secretary shall simultaneously submit the report to General Secretary for each case. Legal Secretary shall maintain a record of all such cases and submit a monthly report to the General Secretary on the cases and their outcome;

Once the above mentioned procedure is completed, SCAD/DRC shall complete the proceedings in accordance with procedure specified under the Rules within one month of receiving such complaint and share monthly status update regarding all pending cases at all tiers to the Secretary General.

iii. Standing Committee on Accountability and Discipline (SCAD)

38

A Standing Committee on Accountability and Discipline shall be formed at the center and provinces comprising the following:

Tier	<u>Members</u>
Center	Chief of SCAD x 1 and Members x 09 (one from each province)
Province	Head x 1 and Members x 04
Lower Tiers	Head x 1 and Members x 2

Secretary General (SG) shall nominate the members of SCAD with approval of Chairman in accordance with procedure and requirements specified in the Rules. The term of SCAD shall be for two years from the date of notification; and Chief SCAD or any member SCAD shall be removed/replaced either by Secretary General or by the Chairman.

SCAD can co-opt members for specific jobs / departments on a case to case basis. SCAD shall submit a monthly report to (i) the Secretary General for Central and Provincial SCAD and (ii) Provincial GS for SCAD at lower tiers, regarding all complaints received by SCAD and the status of all such complaints.

Additional Secretary General (or Provincial AGS for SCAD at lower tiers) may conduct a periodic evaluation regarding performance of respective SCAD and in case SCAD or any member is not performing in accordance with the provisions specified hereunder, the Chairman or Secretary General may, with approval of Chairman, remove/replace non-performing office bearer or SCAD (as the case may be).

iv. Dispute Resolution Committee (DRC)

General Provisions:

The term of the DRC shall be for two years from the date of notification unless removed from office in accordance with the provisions hereunder;

Any member or the head may be removed by the Secretary General (with the approval of Chairman) or the Chairman. In case of death, inability or resignation the appointing authority may notify new member as per procedure prescribed for appointment.

A Dispute Resolution Committee shall be formed at the Centre and Province/Region (as applicable) comprising a Head and eight other members (one from each province, AJK, GB, ICT). The Secretary General shall notify all members and the Head of Central and Provincial/Regional DRC (as applicable), after chairman's approval.

A Dispute Resolution Committee shall be formed at lower tiers comprising five members headed by respective General Secretary. The

39

appointments shall be made in accordance with the requirements and procedure specified in the Rules.

The Dispute Resolution Committees shall function as an alternate dispute resolving committee in the party. It shall follow the procedure specified in the Rules. However, in case of unresolved monetary dispute among private persons, the parties shall be asked to seek relief in the relevant court of law.

v. **Central Legal Committee**

Central Legal Committee shall work to formulate a roadmap on legal framework and legal strategy, provide legal support on election related matters. It will provide support to the party in drafting the amendments, Rules, By-laws etc. under this constitution and assist the leadership on any questions pertaining to interpretation of Constitution of Pakistan Tehreek-e-Insaf or the Rules/By-Laws formulated hereunder. Further, CLC may perform any other task on need basis as required by the party.

Central Legal Committee shall render opinion/advice to party on all legal matters, apprise party on all relevant laws as promulgated by the Government and provide legal support to the Organization and Parliamentary Party as and when required by the Party. CLC may devise SOPs for its internal functions and may constitute sub-committees on need basis.

vi. **Wings**

There shall be four (04) Wings namely Women Wing, Youth Wing, Labour Wing and Minority Wing. The Chairman shall be empowered to decide regarding centralization/decentralization of these Wings from time to time keeping in view the strategic requirements of Party. Further, additional wings may be notified by the Provincial/Regional Organization (as applicable) up till respective tiers after intimation to CEC. However, these additional wings shall exist only up till the Provincial /Regional tier (as applicable).

In addition to provisions in this Constitution, the wings shall be governed as per by-laws approved by Central Executive Committee. By-laws shall comply with the constitution which shall supplement and not replace the provisions given herein. In case of conflict between the two, the provisions set out herein shall prevail.

Wings shall be appointed in alignment with the President of mother body at respective tier and shall be notified with joint signatures of both wing president one tier above and mother body president/GS at corresponding tier for which the wing organization is to be notified. Wings shall report to and function under the mother body at corresponding tier.

The upper age limit for Insaf Youth Wing shall be 32 years. However, an office bearer once nominated/elected shall cease to hold office as soon as he crosses the specified age after appointment. In such a scenario, the vacant position will be filled through the process specified above;

40

President and General Secretary of all wings shall be members of the executive committee of mother body at corresponding tier and shall be bound to follow the decisions taken in any meetings of the executive committee or as directed by the President from time to time. Once By-Laws are approved by PTI Central Executive Committee, appointments shall be made by Secretary General in accordance with such By-Laws.

There shall be uniform by-laws for functioning of wings which shall state following,

- a. Membership specifications and fees;
- e. Structure and designations (at applicable tiers);
- f. Functions and Powers of Organizations and office bearers;
- g. General provisions for elections;
- h. Principles and method for first-time nominations
- i. Internal disciplinary mechanism before approaching appropriate forum within the Party;
- j. Special provisions Annex regarding specific requirements for each Wing

CHAPTER III - FEDERATIONS

There shall be three (03) bodies, having their respective basic units, which shall have the status of Federations.

The federations, called by whatever title, shall be independent in their internal working from the organizational structure of Pakistan Tehreek-e-Insaf and shall have their own constitution. These Federations shall report directly to the Chairman who may, direct the Secretary General or designate Additional Secretary General to deputise him in his functions as a focal point for these Federations.

The Presidents shall represent the Federations as Secretary in the mother body organization on respective tiers.

The following bodies having their respective basic units shall have the status of Federation;

- Insaf Students Federation;
 - Insaf Lawyers Forum;
 - Insaf Doctors Forum
- **Insaf Students Federation:**

There shall be a student organization with the name of 'Insaf Students Federation' (ISF). ISF shall focus on students and issues related to students.

The membership of ISF shall be open to students and the upper age limit for membership shall be 27 years. As soon as the academic career of a member concludes or he/she reaches the upper age limit, his/her membership will stand terminated on completion of 6 months. This period will start from the day of announcement of his result or the day he reaches the age limit specified above.

41

ISF shall devise its own constitution and shall function according to the same. It shall not be a part of PTI organizational structure, shall not report to the mother body. ISF shall be formed only to the extent of educational institutions and no tiers shall be formulated outside or conflicting with the institutions. Further, ISF organization shall function in accordance with legal requirements.

It shall have its own Central Executive Committee, National Council and Organizations at Central, Provincial and Lower tiers. However, President ISF at each tier shall form part of executive committee as Students Secretary at the corresponding tier.

Upon approval of this amendment, the first internal election shall be conducted within six (06) months through neutral election commissioners, supervised by the Secretary General or Additional Secretary General, as designated by the Chairman.

- **Insaaf Lawyers Forum**

There shall be a lawyers organization with the name of 'Insaaf Lawyers Forum' (ILF). ILF shall organise lawyers, ensure representation of ILF lawyers in bar politics, focus on issues related to legal profession and strive for dispensation of speedy justice and establishment of rule of law. It shall also provide legal representation to the party on legal fora, as and when required.

The membership of ILF shall be open to all persons having a legal degree, legal experts and enrolled advocates and not holding membership of any other political party.

ILF shall devise its own constitution and shall function according to the same. It shall not be a part of PTI organizational structure and shall not report to the mother body at any tier. However, President ILF at each tier shall form part of executive committee as Legal Secretary at the corresponding tier.

It shall have its own Central Executive Committee, National Council and Organizations at Central, Provincial and Lower tiers.

- **Insaaf Doctors Forum**

Insaaf Doctors Forum shall be a body which shall organise doctors and strive to improve health system, resolution of government hospital issues and liaison with doctor organizations. The membership of IDF shall be open to all persons enrolled as a doctor and not holding membership of any other political party.

IDF shall devise its own constitution and shall function according to the same. It shall have its own Central Executive Committee, National Council and Organizations at Central, Provincial and Lower tiers. However, President IDF at each tier shall form part of executive committee as Legal Secretary at the corresponding tier.

CHAPTER IV – ELECTIONS AND PARLIAMENTARY PARTY

1. Intra-Party Elections:

42

Intra-Party elections shall be held in two parts:

a. **Election of the Chairman**

The Chairman of the party (The Head) shall be elected by direct secret ballot of all the Members on the register/database of party. Party Federal Election Commission shall conduct this election.

In case of the Chairman's position falling vacant due to any reason, Secretary General shall take additional-charge of the office in the interim and Elections for Chairman's office shall be held within 30 days of position falling vacant.

Chairman may devise a mechanism for intra-party elections in case there is a strategic requirement or else an urgent situation that warrants such provisions or in order to comply with any legal requirements. Such mechanism would override the provisions for election hereunder and shall remain operational for such period as the Chairman directs by way of notification.

b. **Election of other office bearers**

The elections for other office bearers shall be held after expiry of tenure of elected office bearers and shall be conducted in accordance with the provisions hereunder and the procedure as well as requirements set out in the Rules:

a. Centre: Secretary General, Additional Secretary General, Deputy Secretaries General and Joint Secretaries

b. At other tiers: President, General Secretary, Additional General Secretary, Senior Vice President, Vice Presidents, Deputy General Secretaries and Joint Secretaries

Elections shall be held by direct secret ballot of the eligible party members (Electoral College as defined under the Rules) cast to the candidates as specified for each Organization (including wings) as given in the By-Laws and Rules.

Any seats falling vacant in any of the executive committees, shall be nominated by the relevant panel or in case of elected organization, elected in accordance with the provisions herein.

In case of party elections falling within one year before general elections of the country, term of all executive committees may be changed by the Chairman by one year provided that such change does not cause a violation of the legal requirements. If the Chairman determines that such circumstances exist which require early intra-party elections, he may bring party election forward.

The tenure of the Overseas International Chapters (OIC) shall be as per OIC by-laws.

In case of a strategic requirement or in order to comply with legal requirements, Chairman may devise a different mechanism for conducting intra-party elections.

2. **General Elections (including General, Senate, LGE, By-elections):**

43

Process for General Elections shall start upon announcement of general elections of respective bodies such as National Assemblies, Provincial Assemblies, Senate, Local Government Elections, by-elections etc. by the government or as decided by the Chairman.

3. Parliamentary Board:

The Chairman shall approve and Secretary General shall notify the central and provincial parliamentary boards whereas lower tier parliamentary boards shall be notified by the Provincial/Regional General Secretary (as applicable) as per directions of Provincial/Regional President (as applicable) and with approval of Central Parliamentary Board.

Parliamentary Boards shall be constituted in accordance with the requirements and procedure provided under the Rules

In case there is a conflict of interest (like themselves close relative - spouse, cousins, uncle/aunt, children/ parents, nieces/nephews) the Board Member would not sit for the constituency.

Central Parliamentary Board will handle matters pertaining to election of National Assembly, Provincial Assembly, Senate, District and Tehsils along with decisions pertaining to Intra-Party elections whereas Provincial Parliamentary Board shall handle matters pertaining to local government bodies at lower tiers such as union council, village council etc.

All boards may work concurrently and shall function in accordance with the procedure provided under the Rules.

The Chairman shall be empowered to take final decision on award of tickets.

4. Parliamentary Party

All elected party members to a legislative body (National Assembly, Provincial Assembly, Senate, District Council, Tehsil Council, Union Council) would comprise the Parliamentary Party for the respective legislative body.

The Chairman will nominate Parliamentary Party Leader and Chief Whip who shall perform their duties in accordance with direction of Chairman.

Parliamentary Party Leader would be accountable to the party organization of respective tier.

Parliamentary Party members would present their reports of performance to respective Executive Committee(s) on their representation of their constituents, legislation, budgetary allocations and development work.

CHAPTER ONE

Introduction

PTI's Vision

The Movement for Justice/Pakistan Tehreek-i-Insaf (PTI), was envisaged as a Movement to fight for a just and equitable society based on the system that Prophet Mohammad (PBUH) laid down in the Medina Charter, which was the foundation of the model Islamic state, an egalitarian society based on the rule of law and economic justice – the first welfare state in the history of mankind. Unfortunately, as the Muslim philosopher Ibn-e-Khaldun predicted: when the Muslims' commitment to justice declined so did their civilisation.

It is these principles of justice and egalitarianism that Quaid-i-Azam Mohammad Ali Jinnah envisaged for Pakistan and it is these principles which are the foundation of PTI. For PTI, it is not just "politics": it is a commitment to building a welfare state where the rule of law, meritocracy and transparency are guaranteed to all citizens - where a social welfare safety net is provided to the marginalised and the elderly.

A just order is the foundation for creating a nation where equal opportunity exists for all citizens in all fields – from health to education to security of life and property. Justice ensures women, minorities, the poor, the differently-abled, the dispossessed and disadvantaged are not exploited by the powerful or discriminated against.

PTI is the Party of the ordinary Pakistani toiling hard to make a better future for himself/herself and his/her family. PTI stands committed to providing that future because it sees the people of Pakistan as the wealth of Pakistan. That is why PTI has always dedicated itself to the welfare of all the people of Pakistan without discrimination on the basis of race, ethnicity, origin, gender, or religion.

PTI stands for an effective government with merit and responsiveness as the guiding principles. PTI strongly believes that an ineffective state structure has generated a crisis of governance that has effectively marginalised everyone in the country except a small elite. Therefore, PTI will end this corrupt and decaying system to build anew on the foundations of Justice and Equity. The legacy of misrule and misery by a corrupt inept elite will be relegated to the dustbin of history.

PTI also recognises the scourge of terrorism and its devastating effect on Pakistan and its citizens not only in terms of the massive loss of Pakistani lives but also in a once tolerant society becoming polarised into intolerance, fear and hate. PTI stands committed to restoring the spirit of tolerance and acceptance amongst all the citizens of Pakistan.

Pakistan Tehreek e Insaf has a mission to change the status quo destructive politics in Pakistan. It has never and will never seek compromises for the sake of power. Hence its

refusal to compromise on its principles and ideology of Justice and Change: A Naya Pakistan built on Iqbal's dream and Jinnah's vision – encapsulated in an Islamic Welfare State. A Pakistan where all are equal before the law and where all have equal access to health, education and opportunity in every field. A Naya Pakistan that will place the life and dignity of all its citizens above all else.

PTI's vision is a Naya Pakistan that is confident in itself and at peace with its neighbours on the basis of mutual reciprocity. A Pakistan that seeks friendly relations with all states on the basis of transparency, mutuality of interests and respect for sovereignty. A Naya Pakistan that will be premised on a strong strategic deterrence but will seek conflict resolution. A Naya Pakistan that will not fight others' wars or act as a surrogate for any power.

These guiding principles and commitments are reflected in the Manifesto that is being placed before the people of Pakistan. It is a commitment to ensure that every Pakistani feels empowered and has control over his/her own destiny. Power will devolve to the people so that they take control of their own lives within a just and equitable environment. Naya Pakistan is a message not only of hope but of a promise by PTI for the deprived, the dispossessed, the discriminated against, for all the people of Pakistan.

Unlike in 2013, today PTI speaks with a voice of confident experience as it has just ended its first term as a government – in the province of Khyber Pukhtunkhwa (KP). PTI has learnt many lessons in the process of governing KP province where it unfolded its Naya Pakistan agenda. Despite forming a government for the first time, PTI was able to bring about meritocracy and reforms in the police system, the health and education systems and in the civil judicial system. PTI's police reforms in KP have depoliticised the police force by making recruitment purely on a professional and merit-based system. The positive impact of this revolutionary change in how a police force functions has resonated across the country as a model for other provinces to follow. Reforms in primary and secondary education have shown that public schools can attract students away from private schools. PTI's commitment to the environment was reflected in the internationally acclaimed Billion Tree Tsunami programme, which also financially empowered women as they took charge of the programme at the local level. PTI also delivered on its commitment to devolve decision-making and financial power to the village level through its Local Government law. PTI has also learnt from the pitfalls it confronted in governance in KP and today it stands strengthened by this experience bolstering its commitment to its core principles.

Today PTI stands poised to deliver on its commitments that it made when the Movement for Justice began in 1996, to the people of Pakistan.

LAW & ORDER AND LOCAL GOVERNMENT

Parliament passed a first-of-its-kind bill called the Police Act, under which, we took the bold, yet necessary measure of making the Police force autonomous from the civilian government, a move that has yet to be replicated across other provinces.

One of our landmark achievements with the support of the Peshawar High Court is the amendment in the Code of Civil Procedure.

PTI has also professionalized the police force:

**KP 2013-2018
LAW AND ORDER**

- Transparent recruitment through a credible testing agency; institutionalised service delivery through complaint management system,
- Public information system and police assistance lines, establishment of specialized training schools for officers
- Alternate dispute resolution through councils are just some of the initiatives taken under the PTI government to make the Police a capable and independent institution, making it the most trusted institution in the province.

We have been the only province that has truly devolved and given powers at the village level by allocating

KP has observed 85% increase in the revenue of municipal institutions.

30% of the Annual Development Programme funds for local government

THE ENVIRONMENT, SPORTS AND YOUTH

The "Billion Tree Tsunami" achieved its restoration target through a combination of protected natural regeneration (60 per cent) and planned afforestation (40 per cent) in the province.

500 million was provided as initial capital to 300 entrepreneurs to establish tourism-related business

KP promoted sports at the grassroots by developing

55

Tehsil level playgrounds

20

other sports facilities and complexes

we have held provincial games for the past 3 years with a participation of over 7000 athletes.

SOCIAL WELFARE, SPECIAL CHILDREN & WOMEN PROTECTION

- 5 new institutions for rehabilitation of special children,
- upgraded 8 schools to facilitate more, and older children
- construction of 3 social welfare complexes

- established 7 welfare homes
- 4 Darul Aamaan
- 4 treatment and rehabilitation centers for drug addicts.

CHAPTER TWO

Transform Governance

Bring accountability to the core of government

We will ensure full autonomy for, and build the capacity of, the National Accountability Bureau (NAB) and other accountability institutions and pursue all major corruption scandals regardless of political affiliation.

Previous national governments have intentionally stifled accountability institutions to create an environment in which corruption by the ruling elite is concealed rather than aggressively pursued.

In order to strengthen NAB, we will:

- Review the NAB Ordinance to strengthen its mandate, independence and the appointment process for the NAB Chairman.
- Support the NAB Chairman in conducting an organisational reform focused on “people, processes and systems”.
- Address legal lacunas in the accountability laws including reviewing “voluntary return” and “plea bargain” provisions.
- Support NAB to define & track Key Performance Indicators to boost performance e.g., transparency & corruption score, number of references, time to prosecution, spending vs. recovery ratio.

We will build a Special Task Force to launch a drive to recover looted national wealth parked in offshore tax havens by leveraging recent changes in Tax Information Agreements, Unexplained Wealth Orders and Illicit Assets Acts by foreign governments and International Organisations.

We will strengthen other accountability institutions including the Auditor General's Office and FIA as well as parliamentary bodies especially the Public Accounts Committee.

Empower people at the grassroots through local government

We will transform Pakistan by devolving power and decision-making to the people through an empowered local government.

Local development in villages and small towns in Pakistan is controlled by MPAs and MNAs, or by the bureaucracy, who do not want to cede authority and relevance.

We will devolve small infrastructure initiatives to village councils by transferring resources and decision-making power to the people of Pakistan by scaling out our successful KP model across Sindh, Punjab and Baluchistan.

Learning from our KP experience, we will further refine the LG structure, and introduce a city government model, where the directly elected Mayor will be responsible to deliver on all interrelated urban city matters.

Depoliticise and strengthen police

We will enforce depoliticisation of police by building upon KP's successful police reform model, which will be replicated nationally.

Police in Pakistan is ill-equipped, poorly trained, deeply politicised, and chronically corrupt. Police reforms have been neglected by successive governments to continue using the force as a political tool.

To reform the police, we will:

- Replicate the KP Police Act of 2017 across other provinces and appoint professional Inspector Generals to lead the depoliticisation of police similar to KP.
- Professionalise police hiring and career management, ensuring no political influence on policing in all matters from hiring, posting, and transferring of personnel.
- Replicate KP's success in creating specialised training institutions. We will also invest in new policing systems and processes by tracking performance, equipping districts with modern surveillance /command and control centres.
- Make public outreach to police easier through new and enhanced policing apps, SMS systems, online FIRs and call centres.
- Establish Women police stations and desks at all levels to facilitate women empowerment.

We will scale up the existing KP model of Alternate Dispute Resolution (ADR) Councils at tehsil levels, by rolling out the KP DRC model nationally to allow conflict resolution for small crimes right down at the tehsil level and police station level.

Reform the criminal justice system and provide speedy access to justice

We will launch a judicial reforms programme that will provide speedy and quality justice for all citizens.

Laws and procedures in Pakistan are weak, archaic, ineffective and have been amended in a piecemeal manner. Weak implementation of laws and procedures has led to delays in case resolutions. In addition, capacity constraints have resulted in a national caseload backlog of over 2 million cases.

We will work with the judiciary to champion a programme to rapidly dispense the backlog of existing cases, through providing necessary resources and tracking systems.

We will champion reforms in the Code of Civil Procedure in consultation with High Courts to ensure speedy justice, in line with KP reforms, to dispose all civil court cases within a timeframe of one year.

We will also propose amendments to the Criminal Procedure Code to reduce procedural delays. Additionally, we will also promote access to justice by amending outdated laws.

We will carry out an audit of existing federal and provincial women protection laws to identify gaps and undertake legal reforms as part of our commitment to women empowerment.

We will support reform initiatives to improve the operational performance of courts. This will include supporting courts to digitise case records, case management reforms, and the establishment of an institution to provide free legal aid to needy litigants as well as to vulnerable groups like women, juveniles and minorities.

We will reform our prison system by upgrading existing infrastructure and ensure human rights are not violated. Moreover, we will establish separate special juvenile detention centres and prisons for women.

We will modernise parole rules with necessary checks and balances so that jails can be transformed into reformatories entailing a duty of the state to rehabilitate prisoners housed in jails for more than a year.

Reform the Civil Service

We will transform the civil service into a merit based, depoliticised cadre of professionals.

Civil service in Pakistan has seen 38 major reforms in the last 70 years. These reforms have not been able to depoliticise the service, or attracted bright young talent on merit, and technical expertise.

The implementation of civil service reforms is our priority and we will:

- Assign the right officer to the right job without any political consideration, tenure protection of officers, internal accountability, along with a performance audit and a review of the compensation package.
- Allow lateral entry into the service of competent professionals.
- Ensure compulsory retirement after 2 supersessions through a transparent mechanism.

Institutionalise E-Governance practices in public administration

"We will transform public administration with E-Governance initiatives to facilitate citizens' access to justice, rights and other public services.

Governance in Pakistan continues to rely almost entirely on obsolete record keeping practices that are not reliable, transparent and efficient to work with. There are multiple issues in the governance system of Pakistan: inefficient data collection systems, record keeping, intra-coordination between various departments, black economy, tax evasion, and bureaucratic hurdles in solving public issues in federal and provincial levels.

We will ensure full capitalisation of digital financial services to supplement digitisation of documentation.

We will establish a whistle-blowers programme, which will be facilitated through the use of a community call centre where a dedicated phone line will be available for citizens to report suspicious behaviour by individuals or entities.

We will complete electronic mapping of property, linking it to the owner's CNIC and thereby to his/her legal heirs.

We will further improve the Safe City Project to ensure solid enforcement of traffic laws and digitisation of traffic violation tickets.

We will adopt electronic paper and data archiving of all future legal cases and progressively create an image database for records of the past ten years.

We will digitise monitoring and evaluation of socio-economic indicators with performance management capability of district and village councils.

Facilitate delivery through legislative reform (Right to Information, Right to Services)

We will abolish the culture of secrecy and will ensure that all government actions, records and information are open to public scrutiny. PTI will support transparency and accountability in government as per standards practiced internationally.

Despite constitutional provisions and the 2002 Freedom of Information Ordinance being in effect, access to information that needs to be made public is very difficult. This results in weak accountability and deepens the distrust between the citizen and the state.

We will allocate resources and build public sector capacities to effectively implement Right To Information (RTI) laws.

We will ensure the timely production of budget processes in line with international standards and ensure public access to key budget documents.

We will ensure that the executive budget proposal and the enacted budget with comprehensive data will be produced before citizens.

We will ensure that in-year and mid-year reports as well as audit reports are produced in a timely manner, and made available for public scrutiny.

We will create effective mechanisms to deal with citizen's complaints about lack of or limited access to information.

Reform government procurement

We will reform public processes such as procurement to generate more value for money and transparency.

The existing national and provincial procurement rules lack transparency, technical expertise and public disclosure. These are the challenges with the public procurement framework in Pakistan.

In order to reform procurement, we will:

- Incentivise provinces to transition to E-procurement to generate more value for money through increased competition.
- Build capacity within public departments, law enforcement and accountability institutions to ensure compliance with procurement rules and procedures.
- Create a culture of transparency for public procurement by providing public disclosure and strengthening accountability mechanism.

Ensure freedom of the Press

We are committed to maintaining a vigorous free media, which will evolve its own rules to ensure responsible journalism both in the electronic and print media.

We will ensure laws for timely implementation of Wage Board decisions and for ensuring that media houses pay journalists their salaries and bonuses on a regular and timely basis.

We will also ensure that media owners provide insurance, training and protective cover for their journalists working in conflict zones in particular and in the field in general.

PEMRA will be made autonomous so it does not become a political tool in the hands of any government to target the freedom of the electronic media.

Government advertisement will be rationalised and not be made a tool to harass or bribe the independent media.

PBC and PTV will be made autonomous with their own Board of Governors similar to the BBC model.

CHAPTER THREE

Strengthen
the Federation

Consolidate integration of FATA with KP

We will ensure equal rights and respect for the residents of tribal areas by consolidating FATA's merger with KP and allocating special development funds for this purpose

- The people of the tribal areas have lagged behind in socioeconomic and human development due to the prolonged neglect by the state, which has resulted in developing a sense of deprivation and mistrust. Moreover, the tribal areas have experienced the worst violence since 9/11 in the form of drone attacks, military operations against terrorists, and suicide attacks by militants. This has resulted in the killing of thousands of civilians and law enforcement personnel, and loss to property worth billions of rupees.

Now that the law for integrating FATA with KP has been passed by the parliament, we will ensure that the integration takes place smoothly.

We will hold local body elections in 2018 to empower people right down to the village council level.

We will launch a Mega Development Plan by allocating 3% of federal divisible pool on annual basis by fully associating the people in formulation and execution of the plan.

We will ensure job creation in the tribal areas, especially with investments to harness natural resources of the region.

Champion reconciliation in Balochistan

We will empower the Balochistan government to launch and champion large-scale efforts for political reconciliation. In particular, we will ensure significant local participation and stake in development projects, especially in Gwadar.

Balochistan as a province has largely been neglected. The population has not been part of major development projects and employment opportunities are scarce. This has resulted in poor socioeconomic and human development. Furthermore, Balochistan has the highest incidence of poverty when compared to other provinces.

We will reach out to the Baloch leadership and the disgruntled Baloch groups, especially the youth by ensuring them political and economic empowerment.

We will develop and implement a plan to include the local population in CPEC and development of Gwadar.

Spearhead creation of a South Punjab province along administrative lines

We will develop a national consensus on the creation of a South Punjab province on administrative grounds with the objective to lift 35 million people out of poverty, as well as to create an administrative balance between Pakistan's federating units.

South Punjab has been neglected for decades, especially in the last 5 years since majority of the development funds were allocated to Central Punjab. As a region, South Punjab constitutes 32% of the population of Punjab province and is lagging behind rest of the Punjab on a number of human development indicators (HDIs). The incidence of poverty in D.G. Khan, Bahawalpur and Multan divisions serve as testament as poverty is highest in these divisions of Punjab.

We are committed to creating South Punjab province on administrative basis that respects the wishes of both, the people of Punjab as well as each of the other federating units of Pakistan.

We will create political consensus by engaging political parties, people of Punjab province and the rest of Pakistan, including other stakeholders.

Upon reaching consensus, we will pass legislation from the provincial assembly, and then from the two houses of parliament in Islamabad to create the legal framework for the creation of South Punjab province.

We will launch an economic package for the new province to provide support in establishing the requisite infrastructure and institutions.

Transform Karachi

We will transform Karachi into a vibrant competitive megacity through large-scale reforms in governance and with the provision of public services such as housing, mass transit, water and sanitation. We want to make Karachi the urban jewel of Pakistan.

Karachi is Pakistan's economic engine, but it has suffered from over two decades of consistent neglect and mismanagement. Population density is very high, with 20,000 people per square kilometre whereas infrastructure is weak. Karachi's transit systems are underdeveloped, with a competition of 45 citizens per bus seat, compared to 12 in Mumbai. Water is scarce, as only 55% of daily water needs are met due to the monopoly structure in place by a water mafia.

Approximately half of Karachi's citizens have access to sanitation. The root cause of Karachi's poor state is its poor local governance systems, which is neither empowered nor resourceful enough to resolve these issues.

We will launch a new city governance model for Karachi that empowers local elected officials and a city government.

We will depoliticise Karachi's police service and implement a merit-based professional system to improve management.

We will continue to work on the national action plan and will begin crack-down on land & bhatta mafias in collaboration with the Sindh Rangers and civil/local government.

We will provide clean drinking to all Karachi residents and implement plan to solve Karachi water problems. In the process, we will crack down on the water mafia, illegal connections on public pipelines and champion the development of desalination plant.

We will aggressively improve waste management and resolve sanitation issues in Karachi through a component sharing model with public, private and community funding.

We will champion housing for the urban poor outside of Karachi with efficient commute infrastructure.

We will transform and massively enhance the capacity of Karachi's mass transit system by leveraging on public and private financing.

Political and socio-economic empowerment of Gilgit Baltistan

PTI recognises the commitment of the people of Gilgit Baltistan (GB) to Pakistan, which has been exemplary and is reflected in their sacrifices. We will ensure that the people of GB get their due political and economic rights.

Gilgit Baltistan suffers from a-myriad issues, ranging from lack of economic development, underrepresentation in CPEC and a centralised bureaucracy coupled with an already disempowered legislative assembly. These issues have suppressed GBs ability to capitalise on its potential and natural endowment.

We will empower people of GB by giving autonomy to the legislative assembly.

We will boost local economy with strategic investments in tourism, minerals and renewable energy.

We will provide GB with solid opportunities in CPEC and ensure local participation.

Initiate poverty alleviation drive across Pakistan's poorest districts

We will establish a special mechanism to supplement existing poverty alleviation efforts in the poorest districts across Sindh, Punjab, KP and Balochistan.

Poverty is rampant in Pakistan with 29.5% of the population or close to 60 million people living below poverty line. There is a strong correlation between the incidence of high poverty and poor public delivery. Pakistan's Human Development Index (HDI) of 0.55 is currently the lowest in South Asia.

We will increase funding for the poorest districts through existing poverty alleviation programmes.

We will launch a special drive in the poorest districts to improve access to sanitation and clean drinking water.

We will provide Sehat Insaf cards and augment the existing BISP programme in these districts.

Ensure constitutional rights for minorities

PTI will protect the civil, social and religious rights of minorities; their places of worship, property and institutions as laid down in the Constitution.

Minorities in Pakistan have consistently been denied their constitutional rights in contradiction to the objective of Quaid-e-Azam's vision. The result of prevalent and unaccounted for discrimination against minorities (from all walks of life) has led to violence and their poor socioeconomic and human development.

We will enact structural reform to establish a legally empowered, well resourced and independent National Commission on Minorities, followed by provincial Commissions/Departments.

We will ensure equal access to justice and protection from discrimination in matters of law and order to minorities.

We will act against hate speech and violence towards minorities under the National Action Plan.

We will ensure that the minority quota in all government departments shall be implemented in letter and spirit.

We will organise inter-faith dialogue, especially among young people to promote tolerance and harmony.

Promote gender parity

We will effectively implement initiatives to increase women's access to education, healthcare, economic opportunity and legal protection.

Pakistan ranks second to worst globally in gender parity by World Economic Forum. This stems from disproportionately poorer access to education, low labour force participation, high maternal mortality rate and prevalence of violence against women.

We will prioritise establishment and upgradation of girls' schools and provide stipends to girls and women for continuing their education.

We will establish a large scale national Maternal Health Programme to provide assisted births along with family health and planning information to women.

We will provide economic opportunity to women by:

- Strengthening the legal framework to protect women's inheritance rights to land and property
- Increasing state-provided micro-finance available to women
- Establishing residential and caretaking facilities for working women in urban settings

We will reform the justice system to:

- Increase representation of female police officers at police stations for reporting and investigation of complaints/FIRs for gender based crimes
- Improve investigative and prosecutorial process for gender based violence
- Establish gender-based violence courts to provide additional protection and speedy resolution to women victims
- Improve investigative and forensic procedures for sexual offence cases.

We will increase resources and capacity of "Dar-ul-Aman" and protective services for women.

We will increase female participation in public sector by establishing significant quotas for women in local government and boards of public bodies.

We will empower women politically by launching a women voter registration drive across Pakistan to ensure the opportunity for women to exercise their right to vote and increase women's participation in elections.

Ensure a greater stake for Overseas Pakistanis

PTI values the patriotic spirit of overseas Pakistanis and will ensure access to citizen rights and an improved set of infrastructure and services offered by Pakistani embassies.

Overseas Pakistanis are one of our biggest asset, who have consistently been denied access to their citizens' rights and to the opportunity to contribute to Pakistan's economy due to inefficient and incomplete processes along with poor quality infrastructure and services by previous governments.

We will ensure voting rights for overseas Pakistanis.

We will champion development of financial instruments to create attractive investment opportunities for Overseas Pakistanis.

We will strengthen Pakistani embassies to provide emergency relief and other support to citizens facing hardship in case of any tragedy.

We will ensure Overseas Pakistanis are treated with dignity and respect at all entry points into the country.

We will create a virtual investment desk in key embassies which will serve as the conduit for opportunities with local business councils, chambers of commerce and key government institutions.

We will ensure that like other citizens of Pakistan, overseas Pakistanis have security of titling.

We will provide consular and legal services to all Pakistanis jailed abroad. We make best efforts to bring prisoners like Dr. Afia Siddiqui and others back to Pakistan.

CHAPTER FOUR

Inclusive Economic Growth

Reform FBR

PTI will reform FBR and increase the tax net through a robust tax policy, efficient tax administration structure and effective enforcement mechanism.

Pakistan's current Tax to GDP ratio is significantly less than the ratio required to sustain our growing fiscal expenditure and to pay-off the massive national debt accumulated over the last decade. Further to which, our tax policies have consistently been suboptimal and as a result have led to:

- Decrease in the tax net
- Disproportionately higher share of indirect taxes (60%) in tax revenue, which adds to income inequality
- High average tax rate of 31% for businesses and corporations

As part of FBR reform, we will:

- Increase FBRs autonomy by reducing the influence of Ministry of Finance and will ensure FBR is performance managed.
- Champion the shift towards direct taxation as the primary source of tax revenue as opposed to indirect taxes.
- Incentivise businesses to become a part of the formal economy, thus adding larger sources of tax income to the national exchequer.
- Champion sustainable initiatives to reduce taxes on businesses.
- Simplify tax assessment rules for corporations and small businesses.
- Integrate tax registration with associated processes to reduce the transaction cost of paying taxes.
- Improve audits by establishing risk engines and smart algorithms to identify potential taxpayers for audit.
- Improve enforcement through a robust standardised escalation process to ensure follow through of every non-payment.
- Publish names of non-compliant debtors and strongly pursue large tax evaders.
- Crack down on corrupt practices that promote tax evasion.

Create 10 million jobs and strengthen the labour market

PTI will strengthen the labour market and create 10 million jobs over 5 years in key sectors: SME, housing, ICT, health, education, green economy and tourism.

Article 38 of the constitution states that the "state shall provide for all citizens, within the available resources of the country, facilities for work and adequate livelihood". Approximately two million additional youth enter the labour force each year, which totals to 10 million over the next 5 years. We believe Pakistan's youth can become its biggest asset. However, if we do not take action, the youth dividend can also become our biggest challenge and lead to drastic economic and social consequences.

To fulfil our commitment of creating 10 million jobs and strengthen the Labour market we will:

- Create 10 million jobs through cross-cutting initiatives led by the private sector.
- Ensure that each economic development initiative explicitly specifies and contributes towards the "10 Million jobs" agenda.
- Create a labour exchange to strengthen and effectively regulate the labour market along with a job placement mechanism supported by public-private partnerships to improve skills matching.
- Crack down on corrupt and other illegal practices that deny employees social welfare.
- Social welfare of workers will be ensured by the state without putting any additional burden on businesses.
- Legislate further and enact laws and regulations with strict enforcement against workplace harassment and denying minimum wage.
- Implement a technical and vocational education reform programme for upskilling our labour force in demand-driven trades.
- Upgrade existing and build new technical education universities by engaging world-class institutions as partners.
- Create a business and investor-friendly environment for investments in human capital and professional development.
- Ensure that economic development initiatives will offer Employment Guarantee Schemes for the Bottom-of-the-Pyramid with focus on women and rural areas.

Implement policy framework to build five million houses

PTI will play the role of an enabler and facilitator, but not developer, to build 5 million low cost housing units. We will ensure the development of 1.5 to 2 million urban and 3 to 3.5 million rural housing units.

Pakistan is currently facing an overall housing backlog of between 1.1-1.2 million housing units. The urban housing shortage is estimated to be 4 million housing units, while rural backlog is between 7 to 8 million housing units. The people at the Bottom-of-Pyramid largely live in illegal habitat, squatter settlements, and slums (Katchi Abadis); while low-income segments live in indecent housing. On the housing finance side, the situation is disappointing as we stand at the bottom in terms of Mortgage Debt to GDP Ratio when compared to region. Further to this, there is no framework in place which incentivises allied industries to facilitate the development of our housing market.

In order to implement our Housing policy we will:

- Implement a policy framework to build housing units for the low and lower-middle income segments only.
- Provide fiscal and regulatory incentives to resolve demand and supply side issues of low-income housing; which will also include incentives for allied industries.
- Strengthen the role of academia, specialised housing finance companies, building control authorities and Association of Builders and Developers of Pakistan.
- Introduce slums rehabilitation and resettlement programme to ensure decent habitat.
- Discourage sprawling and shift towards high rise buildings without compromising on environment standards.
- Provide incentives to households including partial tax offsets against income on interest and debt payments.
- Rationalise "Services Tax" levied on developers on low cost housing development.
- Allocate housing units to Persons with Disabilities (PwDs).

Make Pakistan business-friendly

PTI will put Pakistan in the top 100 economies of the world according to the World Bank's doing business rankings in five years.

Pakistan's Ease of Doing Business Ranking has plummeted from 107 to 147 since 2013. This low ranking is primarily driven by weak and cumbersome

processes to establish and do business which is further exacerbated by corrupt practices and incompetent management by relevant institutions.

In order to make Pakistan business-friendly, we will

- Further digitization of processes to make doing business easier.
- Increase ease of business through process improvements by compressing timelines for provision of basic amenities and by reducing the frequency of tax payments while retaining the amount of payable tax.
- Digitise all remaining land records and automate processes for property registration.
- Digitise court orders linked to property cases to reduce fiduciary risk to investors.
- Champion initiatives to steady supply of electricity and other basic amenities to industries.
- Increase transparency and quality of public sector customs service and reduce transit delays.
- Improve logistics infrastructure, specially related to railway cargo and container terminals.
- Reduce red tape culture through online filing of documents, especially to improve turnaround time for routine and permit approvals.
- Dedicate courts for commercial contract enforcement.

Revive manufacturing and facilitate rapid growth of the SMEs

Unlike previous governments, PTI is committed to delivering an industrial strategy that contributes to growth and employment, and encourages SMEs to scale up and move toward value-added exports.

Pakistan's manufacturing sector is uncompetitive in the region and lacks the requisite infrastructure to sustain growth and explore new avenues. Not only is doing business-as-usual difficult but the energy cost is high, tax policy is detrimental, monetary policy is suboptimal, technology is obsolete and our human capital skill level is low which contributes to low productivity, lesser innovation and a slower growth rate.

We will establish pilot SME Incubators across Pakistan with:

- Improved access to funding

- Advanced technology to facilitate innovation
- Efficient transport & warehousing facilities
- Partners for Joint Ventures
- Cost sharing solutions
- Technical assistance on tax, legal and regulatory compliance.

We will launch a ten-year incentive plan for rapid growth of the SME sector including tax holiday on new investments for the first 3 years and 50% tax rate in next 7 years, and a withdrawal of minimum tax on turnover for the first 3 years and then tax at half the rate for the following 2 years.

We will transform export processing zones with leaner processes and upgraded infrastructure.

We will ensure that export oriented sectors and allied industries will be 100% zero rated and install a mechanism for faster refunds on income and sales tax.

We will facilitate imports of manufacturing inputs (e.g. synthetic fibre) at low tariffs.

We will encourage higher value-added exports in Sunshine sectors (agriculture, garments, light engineering).

We will introduce cascading tariffs on raw materials, intermediates and finished goods to move production towards value-added exports.

Transform key economic institutions

PTI will turnaround State-Owned Enterprises (SOEs) by creating a wealth fund, aggressive depoliticisation and through effective performance management of capable and autonomous leadership.

Pakistan's SOEs are perpetual loss-making entities. There are over 200 SOEs which are collectively making a loss of over PKR 650 billion annually, with majority losses coming from a few select enterprises such as PIA, Pakistan Railways and Pakistan Steel. This poor performance is a result of an ailing infrastructure, politicised leadership, poor policies and management.

In order to turnaround SOEs, we will:

- Remove SOEs under the purview of line ministries to initiate depoliticisation.

- Corporatise all SOEs and transfer ownership to a wealth fund, modelled along the lines of Khazanah in Malaysia.

We will launch transformation programme for SoEs by:

- Appointing and empowering non-political and autonomous boards
- Signing performance contracts with boards and agreeing on KPIs
- Selecting outstanding professional CEOs on merit through boards
- Offering performance linked compensation to management
- Committing to zero political interference in operations of SOEs.

We will develop time-bound turnaround plans through management and review progress on routine basis.

Fix Pakistan's energy challenge

PTI will complete electrification of rural areas, solve circular debt issue through reducing transmission and distribution losses, and implement our plan to harness our natural resources towards a greener energy mix.

Power outages are still common and the primary problem lies in the transmission and distribution of electricity due to heavy line losses and power theft. An accumulation of these losses, system inefficiencies, management incompetence and power theft has resulted in doubling of our circular debt to over PKR 1 trillion which is passed on to the consumer. Further to this, there is still a dire need to reduce dependence on energy imports for power generation to improve our balance of payments and shift towards “greener and sustainable” alternatives such solar, wind or hydropower.

In order to meet Pakistan's energy challenge we will:

- Shift away from rent seeking models to increase system efficiency.
- Complete rural electrification through renewable and off-grid solutions.
- Transition towards “power exchange”, allowing more efficient technologies to get precedence in dispatch.
- Continue to support the expansion and utilization of indigenous coal, primarily Thar Coal.
- Revive oil & gas exploration.
- Champion and expand net metering and solarisation of houses.

Ensure CPEC translates into a game changer

We will create solid two-way linkages with China and promote an indigenous resource focused growth strategy to leverage trade infrastructure of CPEC and OBOR.

CPEC is Pakistan's golden opportunity to resurface and complete its economic turnaround. Even though CPEC is in its inception phase, it is imperative for us to establish a solid and transparent foundation for a truly empowering corridor with two-way linkages. Currently, Pakistan is not fully benefiting from CPEC related investments due to insufficient transfer of knowledge and capabilities, lesser partnerships with local businesses and our high dependence on imports of goods and services from China.

We will ensure the completion of CPEC but encourage a shift towards partnerships for project completion.

We will utilise expertise from China to supplement domestic manufacturing capabilities and enhance yields in agriculture.

We will create more opportunities to promote local value-addition through Joint Ventures and by offering incentives for value-added exports.

We will facilitate the integration of Pakistani manufacturers in global value chains.

We will ensure that local Pakistani businesses are fully involved in implementation of CPEC project and policy.

Enhance access to finance for citizens and industry

We will improve and implement State Bank of Pakistan's National Financial Inclusion Strategy, drastically increase access to finance, increase deposit base of banks and establish an infrastructure lending bank for large projects.

Pakistan ranks low on financial inclusion; only 23% of Pakistanis have a bank account and thus access to formal and regulated finance is poor. Further to this, despite effective administration and a robust policy framework of the State Bank of Pakistan; prevalence of informal credit is high and innovation in our banking product and services is insufficient to uplift financial inclusion. There is a strong demand for easy access to innovative financial instruments, both from citizens and businesses, which can be met with manageable risk exposure. However, supply is constraint due to market uncertainty, which increases risk and inefficient delivery mechanisms which hampers ease-of-access.

We will improve and implement the State Bank of Pakistan's National Financial Inclusion Strategy for easier access to finance.

- We will have State Bank of Pakistan develop policies to increase bank deposit base from 30% to 50% of GDP to encourage higher savings.

- We will champion digital financial services efforts to encourage shift towards a cashless economy.

- We will incentivise development and delivery of innovative financial instruments and services.

- We will establish Infrastructure Lending Bank (IPDF model) to fund large projects (e.g. Bhasha Dam).

Boost the tourism industry

PTI will turnaround the tourism industry to improve Pakistan's international image and increase its direct contribution to GDP.

Tourism in Pakistan has undoubtedly immense potential given our diverse culture, heritage and natural endowment. However, for now it is a missed opportunity owing to multiple reasons including the war-on-terror, minimal marketing, poor public and private sector infrastructure and services.

In order to boost tourism we will:

- Promote and position Pakistan as "Asia's Best Kept Secret" in the global tourism market.
- Champion tourism in places including and beyond the northern areas of Pakistan – especially along the Indus and the historic Sufi sites of Punjab, Sindh and Balochistan.
- Develop 20 new tourist destinations in 5 years; 4 each year.
- Implement a framework to incentivise private sector investments in upgradation and development of new facilities which in particular would encourage "themed" tourism such as eco-tourism and other special incentives.
- Open all government guest houses to the public.
- Undertake the uplift of our accommodation infrastructure and transport services across all, from hostels to 5 star facilities.
- Aggressively encourage entrepreneurship, especially by SMEs, to boost economic value and job creation in the tourism industry.

- Improve processes to issue tourist visas, in particular for groups and champion initiatives, which strengthen our visa on arrival programme.
- Eliminate NOC condition for high potential tourist destinations (as has already happened in Malakand).
- Support TVET curriculum and institute development to upskill human capital in hospitality to fill the supply side deficit of skilled labour.

Turnaround IT sector to build a knowledge economy

PTI will champion Pakistan's journey towards a knowledge economy, digitisation and boost the IT exports with a cross-cutting strategy driven from the centre, improved infrastructure, uplifting our human capital, supportive tax policies, incentivising innovation and encouraging entrepreneurship.

Pakistan's ICT sector and exports have shown consistent growth in recent years. However, the IT sector stands far from its potential and our exports hovers around USD 2 billion. Whereas, India has rapidly increased its ICT exports to over USD 126 billion. The primary reason is that Pakistan is uncompetitive in international market due to the repressive policies enforced by FBR along with lack of quality human resource, IT infrastructure, government sponsorship and innovation.

We will establish a Knowledge Economy Authority with cross-sectional powers across government departments to end our fragmented approach and adopt a central strategic direction towards digitisation.

We will launch the Digital Transformation Initiative Programme for digital infrastructure, citizen services and other e-government programs.

We will create and implement the National Digital Policy to ensure privacy, security, standardisation and data sharing across all stakeholders.

We will create and implement a regulatory and legal framework to enable Open Government Data and platform for shared services.

We will establish a National Outreach Scholarship Programme to identify our best minds and fully fund their placement in the top institutions.

We will increase access to international markets with a favourable visa regime and improved business development through our embassies to boost exports.

We will ensure a forward looking regulatory and tax regime to make room for new business models and innovation.

We will boost start-up development with an empowered ecosystem offering access to venture capital and tax benefits such as sales tax rationalisation and minimum withholding tax.

We will create special courts and dispute resolution forums to resolve intellectual property matters and copyrights.

Strengthen international trade

PTI would implement structural changes to the existing and outdated system to create a comprehensive and integrated approach to improve our balance of payments, drive innovation and diversify our exports.

Pakistan's international trade is on a very fragile footing; with 70% exports coming from only three types of products (textile, rice & leather) whereas our imports are mostly inelastic such as oil. This situation adds to our current account deficit and puts serious pressure on our foreign exchange reserves which will further force devaluation and add to inflation. All previous strategic trade policies and initiatives have failed to enhance exports due to Pakistan's poor investment climate and absence of required leverage over our main export drivers.

- We will ensure cohesiveness between revenue policy, trade policy & national industrial policies.

- We will ensure that our foreign exchange rate is regulated based on economic fundamentals.

- We will champion diversification of our export product suite.

- We will increase our export destinations through economic diplomacy and institutional support while adhering to our commitments within the GATT/ WTO framework.

- We will reassess FTAs and PTAs premised on principles of our national interest.

- We will incentivise linkages between academia, research institutions and industry to improve technology and innovation in our exports.

- We will champion and incentivise creation of regional supply chain linkages; focus will be on increasing regional trade.

Revitalise textile sector and boost exports

PTI will make Pakistan's textile industry more competitive to boost exports and regain its position in the international markets.

- Pakistan's textile sector has experienced a consistent downgrade over the last 5 years. The sector is burdened with an ailing infrastructure, high energy costs, low cotton production, blocked tax refunds, artificial foreign exchange rate and poor quality human capital; making us regionally uncompetitive. As a result, our textile exports are hampered and Pakistan is losing its export share in the global market.

- We will make energy costs regionally competitive for the textile sector.

We will ensure release of blocked tax refunds and subsequent refund orders issued will take form of "Negotiable Instruments".

We will lobby for the GSP+ status of Pakistan; specifically in EU through foreign missions with support of trade regulatory authorities.

We will increase our cotton production through better inputs and research, while ensuring right prices are offered to farmers.

We will establish internationally accredited labs for product testing and improve product quality.

We will champion local textile machinery manufacturing and incentivise plant upgradation.

We will strengthen the allied industries to ensure that required inputs are manufactured in Pakistan to the extent economically viable.

CHAPTER FIVE

Uplift Agriculture and Conserve Water

82

Unleash Pakistan's potential in agriculture

PTI's will increase farmer's profitability and boost growth rate; we will optimise existing subsidy programmes, reduce input costs, transform agriculture produce markets, improve access to finance, champion mechanisation and incentivise value-addition for exports.

Agriculture is undoubtedly the backbone of Pakistan's economy as 45% of the labour force depends on this sector for livelihood. However, growth rates have been poor owing to bad policy decisions and poor implementation. Farm input costs are rising, our agriculture produce markets are monopolised, access to finance is dismal, bad practices are depleting our natural endowment, climate change is adversely affecting our ecosystem, value-addition of crops is weak and agriculture related exports are far below potential. This gross neglect of the agriculture sector, especially small farmers, will hamper Pakistan's GDP growth rate if left unattended and an aggressive turnaround is now pertinent.

We will make inputs cheaper for farming to be profitable; we cannot encourage a commodity price increase to achieve profitability as it will add to inflation, but a one-time price adjustment may be required. However, we will decrease costs by:

- (1) Optimising existing and introducing new subsidy programmes
- (2) Increasing access to credit with easy terms of repayment
- (3) Sharing costs of investments required to improve productivity

We will expand agriculture produce markets and enforce an efficient and transparent market clearing mechanism to get fair market prices for farmers.

We will expand existing and create new warehouses along with crop grading system in key locations across Pakistan under public-private partnerships.

We will deregulate the seed market apart from a few commercially important seeds.

We will reduce import duty on farm machinery to increase productivity.

We will incentivise farmers to conserve water, adopt regenerative agriculture, effectively control weeds and be more market driven with their crop mix.

We will expand existing and create new markets for value addition, e.g. organic farming, SME level processing to provide cheaper inputs for local manufacturers (reduce import burden), encourage high-value exports, etc.

We will encourage private banks to roll-out digital loans for quick access with easier terms of repayment and launch warehouse receipt financing.

We will impose a research emergency and spearhead scientific cooperation initiatives with other countries to strengthen agricultural research.

83

We will transform and expand the Agri-extension programme to provide effective on-farm technical support.

Revamp the livestock sector

PTI will boost the livestock sector and make Pakistan self-sufficient in milk and milk-based products, expand meat production for domestic consumption and exports; we will ensure that small livestock farmers are the primary beneficiaries.

Livestock productivity is low in Pakistan, despite of which we would almost always meet our domestic demand for consumption. Furthermore, our exports have consistently been poor as we do not meet international quality and hygiene standards. But with income levels rising and a growing middle class, our livestock supply is failing to meet domestic demand, let alone missing out on the opportunity to increase exports. Majority livestock holdings are with small farmers, which makes achieving economies of scale to increase productivity even more difficult; hence to boost the livestock sector the state has to intervene with productivity enhancing initiatives.

We will promote research and champion advancements in technology such as genetic improvements to increase livestock productivity.

We will identify and demarcate specific livestock zones with high potential.

We will champion sustainable commercial production of quality feed to tackle malnutrition and also increase farmer profitability.

We will increase vaccination supply through imports and local production, and expand network for administering vaccines.

We will improve standards in slaughterhouses, incentivise use of efficient machinery and champion improvements in supply chain.

We will improve and enforce milk and meat standards to regulate quality.

We will create incentives to encourage investment in processing for exports.

We will secure off-take agreements from overseas buyers to guarantee market for additional produce.

We will incentivise investors and producers to organise small farmers to build community biogas plants, shared cooling and milk collection infrastructure.

We will develop disease management plan to enhance capability and capacity to roll-out and sustain longer-term interventions.

Build dams and solve Pakistan's water scarcity challenge

PTI will build dams and solve our water crisis with immediate steps to conserve and improve management of water. We will expedite development of requisite infrastructure and ensure implementation of Pakistan's national water policy and our water plan for each province.

Pakistan is predicted to reach absolute water scarcity by 2025. This impending crisis is a result of inadequate water conservation efforts and poor management. Pakistan's economy is already one of the most water-intensive in the world and the situation will only worsen with population growth, urbanisation and high water losses in agriculture; let alone the threat from climate change and unresolved regional water disputes. Solving Pakistan's water crisis will undoubtedly be our top priority.

We will strengthen our Ministry of Water Resources, other water sector institutions and build a platform to encourage stakeholder participation.

We will improve and ensure implementation of our master water plan for each province and the national water policy.

We will launch an aggressive public awareness campaign on the "Need for water conservation" and against "The mismanagement of water".

We will create opportunities for public-private partnerships to expedite implementation of our National Water Policy.

We will pursue and resolve issues pertaining to our water treaty at all forums.

We will expedite construction of Diamer-Bhasha dam and will speed up feasibility studies for other dams.

We will build small dams across Pakistan to conserve water and fulfil local demand.

We will champion all initiatives to improve water management in urban and rural areas, especially ICT enabled interventions.

We will reduce share of non-revenue generating water, crackdown on over-abstraction and commit to recharging our aquifer.

We will drastically cut water losses in Agriculture by promoting best practices, smart interventions and improved monitoring of farms.

We will aggressively expand our rainwater catchment capacity in urban and rural areas.

We will invest to improve research, water information management systems, disaster relief management and support adaptation to climate change.

Revive our fisheries industry

PTI will uplift the fisheries industry with infrastructure investments, incentivising adoption of best practices and effective monitoring to increase our fish stock to a sustainable level.

Pakistan's marine fish stock has reached an alarmingly low level due to intensive exploitation, bad practices and poor government controls along our coastline. Furthermore, previous governments' neglect has kept the sector far from reaching its export potential. Our fisheries industry provides livelihood to a million people and it is now imperative to reverse depletion and build our fish stock to a sustainable level for the industry's survival.

We will increase protected areas from 1% to 10% of our coastline.

We will incentivise fish farming and lower taxes on equipment for sustainable business development.

We will use wasteland for fish farming to promote inland aquaculture; in particular to farm "Tilapia".

We will champion cold chain development from sea to shore, from farm to storage; to decrease wastage and improve quality for end consumer.

We will ban fishing certain species during specific periods in a year, especially in spawning season.

We will develop and enforce standards on fishing net size, mesh size, and size of fish captured, in particular to avoid harvesting juvenile fish and to rehabilitate endangered marine species.

We will ban issuance of new fishing licenses till our marine fish stock has reached a sustainable level.

We will stop further licensing of fishmeal factories and ban fishmeal export till compliance to raw material quality control standards are adopted.

CHAPTER SIX

Revolutionising Social Services

Healthcare for all

PTI will ensure universal health coverage and enhance the focus on primary care while upgrading secondary & tertiary facilities

Pakistan faces a double burden of disease: high prevalence of communicable diseases (e.g. TB, Hepatitis, diarrhoea, etc) and non-communicable diseases (e.g. Diabetes, heart diseases, etc) simultaneously. Moreover, low coverage and quality of care results in a maternal mortality rate of 170 per 100,000 births, and a child mortality rate of 86 per 1000 live births, one of the worst in the region. These problems are exacerbated by weak health delivery systems: Facility coverage is low, especially in remote areas (e.g. 56% BHU coverage in Balochistan), positions are vacant (e.g. doctors in BHUs), staff is not always present and essential medicines are not always available.

We will upscale the Sehat Insaf Card Programme across Pakistan to provide access to quality healthcare to citizens, especially the poor.

We will ensure that citizens have coverage for a defined package of services, insured through a number of policy interventions such as public insurance for the poor, mandatory employee insurance etc.

We will double the size of the Lady Health Worker (LHW) programme to ensure each woman has access to complete package of LHW services (including family planning, pregnancy management, neonatal care), with adequate training, support and service structure for LHWs.

We will ensure the availability of diagnostic facilities, preventive and curative treatment for communicable diseases such as Hepatitis, Tuberculosis and HIV.

We will double efforts to increase vaccination coverage in provinces with lesser coverage (Balochistan and Sindh in particular)

We will increase number of 24/7 BHUs & RHCs equipped with basic package of services, staff and ambulance service to ensure each village has access to a facility within 10 km radius and reduce the burden on tertiary hospital

We will launch an incentive programme to attract more doctors, LHWs and nurses to BHUs, particularly in remote locations

We will establish training institutes for nurses and paramedical staff nationwide.

We will enhance focus on childhood nutrition, through LHWs and BHUs

We will invest in a referral system at BHU level, ensuring capture of adequate patient data, and efficient referrals to secondary & tertiary healthcare facilities

We will upgrade secondary care facilities and enhance service delivery at Tehsil Head Quarter Hospitals & District Head Quarter Hospitals by ensuring provision of adequate equipment, specialist doctors and medicines

We will build state of the art hospitals in major urban centres to ensure the best healthcare facilities to the poor

We will encourage private sector participation and partnership to improve the service delivery standard of public health facilities.

We will depoliticise hospitals, governed by autonomous professional boards.

We will review and report on access and quality of service delivery at each facility through collection of regular data.

We will expand the capacity of the public healthcare system through additional capacity in existing facilities, making new facilities or public-private partnership.

We will create a mental health policy and champion initiatives to promote and address mental health issues through improve service delivery and research.

Transform education

PTI will put in place the most ambitious education agenda in Pakistan's history, spanning reform of primary, secondary, tertiary, vocational, and special education.

Since the devolution of Education as a subject to the provinces, a national consensus on critical matter of equity in education has been evasive. Pakistan's National Curriculum has not been reviewed or updated in the past 12 years, and no national consensus on medium of instruction and teaching of languages exists. The education budget allocation remains well below the prescribed 4% of GDP and poor education planning results in supply and demand mismatches. Nearly 22.5 million children are out of school in Pakistan and the ones who are not learning commensurate to their age or grade. The public school delivery system is under-resourced and has capacity constraints. At the higher education level, research volume and quality is limited, and university administration continues to be highly politicised.

We will establish a National Ministry/Commission for Human Capital Development to forecast future domestic and international labour force requirements to increase or decrease supply of different fields of education, evaluate the curricula based on needs and trends of the labour market and develop a National Human Development Strategy annually to propose the supply of any new fields of technical or professional education.

We will establish a National Commission for Education Standards that will issue a revised "Minimum Standards" list within 6 months of its constitution and initiate a

National Dialogue and technical consultation to approve a policy on the teaching of languages at each level of education.

We will build the largest public-private partnership for education access in the developing world through vouchers for low-fee private schools & access to credit for educated youth to teach students in their communities.

We will create an Education Fund for young entrepreneurs to develop technology and communication-enabled solutions to provide access to education in remote areas.

We will establish minimum standards for all public schools to ensure provision of facilities and a child-friendly learning environment.

We will launch a nationwide literacy programme to engage 50,000 youth volunteers to teach literacy in exchange for university credits.

We will launch a Teach for Pakistan effort to bring high quality talent into the public system as teachers or coaches.

We will launch a large-scale teacher certification programme.

We will increase schools at secondary level for girls by upgrading schools every year in high-enrolment areas and launching nation-wide radio, television and online self-learning programmes for secondary students

We will provide stipends to secondary school-going girls to reduce barriers to access.

We will establish a National Steering Committee to enact examination board overhaul and move towards instituting a standardised central examination scheme and participate in the PISA-D.

We will launch a strategy to provide equipment, teacher training and competitions and co-curricular activities for students to improve instruction and learning of STEM subjects.

We will establish at least 10 technical universities in Pakistan to provide skills to our youth

We will provide public scholarships and set up a National Endowment Fund for international universities, and provide international distance-learning opportunities for tertiary education.

We will attract foreign university graduates from Pakistan to teach and supervise research in local universities.

We will create partnerships with international universities to improve teaching and research quality and will incentivise research quality (as judged by international benchmarks) as opposed to research volume.

We will remove political influence and create an independent, transparent mechanism to select Vice Chancellors and senior administrators.

We will regulate university curriculum to include compulsory courses on communication, reasoning, IT literacy as well as instruction in social sciences.

We will transform the National Vocational and Technical Training Council (NAVTC) to a best-in-class organisation to plan, monitor and support provincial bodies in implementation.

We will streamline the role of provincial institutions such as TEVTA, Skills Development Funds, Boards of Technical Education and eliminate obsolete institutions.

We will engage foreign technical universities and providers under public-private partnership agreements to offer specialised, high-quality training.

We will expand vocational training programmes to provide relevant, high-quality skills to post-secondary students each year and will create partnerships with local industries and foreign governments to employ vocational and technical graduates.

We will map out and register all seminaries across Pakistan including information on finances, and introduce literacy and mathematics teaching as formal subjects within the Madrassah curriculum.

Unleash the potential of the youth

PTI's youth policy will provide the youth the three Es: Education, Employment and Engagement. Our policy will ensure that we create a group of educated, skilled young people that are invested in making Pakistan a great nation.

Pakistan is experiencing a youth bulge, with over 63% of the population under age 25. Out of these, 43 million are currently between ages 15-24. However, this population faces constraints of poor education and skills. The UNESCO Institute for Statistics estimated in 2016 that around 25 percent of the Pakistani youth was illiterate with no vocational or technical skill..

We will double the size of existing skill development & vocational training programmes.

We will launch a national programme to provide practical training to graduates in the public & private organisations.

We will establish a liaison office under the Ministry of Foreign Affairs to promote foreign placement of young Pakistani talent.

We will invest in the youth members of local government bodies by training them and empowering them to conduct village-level activities for other young people.

Launch a Youth in Politics and Community Challenge Fund to engage the youth in national & provincial development by giving small grants to young people for solving pressing problems of their communities

We will revitalise the youth Parliament and create programmes in which young people can intern with parliamentarians as staffers or researchers

Expand the social safety net

We will expand the Sehat Insaf card to the poorest families across Pakistan and launch special assistance programmes for differently-abled persons. We will retain and strengthen the Benazir Income Support Programme (BISP).

Pakistan's public spending on social protection is low at 0.54%, nearly half of South Asia's regional average is ~1% of GDP. Consequently, Pakistan's Human Development Index (HDI) is 0.550, lower than that of nearby Bangladesh's 0.579 and the lowest in South Asia. 29.5% of Pakistan's population lives below the poverty line. This translates to about 60 million people and 8 million Households that live below a consumption level of Rs.3030 per adult equivalent per month. While BISP has been a big breakthrough over the last decade, other safety nets like Bait-ul-Maal, Zakat & Usher have been underperforming consistently.

We will expand the Sehat Insaf card to BISP beneficiaries nationally using a phased approach.

We will retain and improve BISP as the primary social safety net for the poor, and launch special assistance programmes for differently-abled persons.

We will develop specific development packages for all provinces and special economic packages for districts in extreme poverty with a focus on provision of basic infrastructure, education, healthcare, drinking water and nutrition.

We will improve capacity and delivery of the other 4 existing social protection programmes: Workers Welfare Fund (WWF), Employees Old-Age Benefits Institution (EOBI), Zakat Fund, and Pakistan Bait-ul-Maal.

Provide clean drinking water for all

We will increase the supply of safe drinking water in urban slums and rural communities by providing point-of-use solutions and water treatment plants at the local level through public-private partnership.

Only 36% of Pakistan's population has access to clean drinking water, which puts us off-track from meeting Sustainable Development Goal 6 of universal safe water provision by 2030. As a result of diarrhoea caused by microbial contaminants in the water supply, nearly 39,000 children under the age of 5 die in Pakistan every year.

We will increase and sustain the national spending on water and sanitation.

We will immediately launch a clean drinking water supply campaign in Karachi that will provide point-of-use purifying solutions to households. In the long run, we will undertake comprehensive reform at the Karachi Water and Sanitation Board to upgrade infrastructure, retail framework and eliminate pilferage from pipelines.

We will follow the launch in Karachi by launching similar initiatives in major cities across the country within the first year of government; Lahore, Islamabad, Peshawar and Quetta.

We will provide resources and support to local government bodies to provide filtration plants through a public-private-partnership model.

In parallel, we will launch a public awareness programme to generate and manage demand for safe water, and promote conservation of drinking water.

Tackle climate change and champion green growth

PTI recognises climate change and our increasing environmental pollution; the damage it is causing and the threat it poses to our future. We will take action to manage climate change and make Pakistan greener under our Green Growth Agenda by investing in long term adaptation to climate change, addressing the root causes of environmental pollution, strengthening our institutions, planting 10 billion trees in 5 years, and by improving our disaster relief management and risk reduction. Environmental conservation will be at the core of PTI's governance.

Pakistan ranks 7th on the most adversely affected countries due to climate change. Both, climate change and environmental pollution pose a grave threat to Pakistan's sustainable future. The negative impact on our weather pattern is already evident; rising temperatures, major flooding, prolonged droughts, unpredictable rainfalls etc cost Pakistan an estimated USD 6 to 14 billion

annually, even though we barely contribute 0.2% to global emissions (one of the lowest in the world). Furthermore, air and water pollution cost Pakistan an additional estimated USD 3 billion per annum. It is now imperative to tackle climate change and reverse environmental degradation as Pakistan's situation will only worsen as the economy grows, especially when we have no concrete plan in place.

We will ensure that Pakistan as a nation takes responsibility to reverse environmental degradation and manage climate change to safeguard its citizens, natural endowments and investments.

We will educate our children to be the custodians of nature and guardians of our sustainable future.

PTI's cross-sectoral and multi-dimensional Green Growth Agenda will aim to address this challenge holistically, as this cannot be managed with ad-hoc initiatives or by any single ministry, and responsibly partner in the evolution of the global eco-civilisation.

We will establish a Green Growth Task Force under the Prime Minister's cell to facilitate necessary legislation and implement the Green Growth Agenda.

We will develop an alternate economy, based on green growth with environmental care at the core; this will provide decent "green" jobs and equip our country to face challenges of climate change and environmental pollution.

We will enact requisite green legislation to champion initiatives such as mandatory environmental education, green building codes, zero waste policy and reducing plastic use in our economy.

We shall endeavour to deliver affordable and sustainable clean energy, promote clean transport, champion green infrastructure, effectively manage waste, promote efficient agriculture and preserve our wetlands wildlife and biodiversity.

We will ensure all relevant policy reforms across Pakistan include measures and initiatives to counter existing and potential negative impacts of climate change.

We will further strengthen financing of institutions for climate change risk reduction.

We will implement an action plan for energy conservation; on the demand side we will incentivise adoption of energy efficient initiatives and on the supply side we will reduce transmission losses.

We will strategically enhance our diplomatic and technical engagement at all relevant multilateral forums, especially the climate change negotiations, to safeguard our national interests.

We will expand and restore the fractured forests of Pakistan through a "10 Billion Tree Tsunami" spread over 5 years under principles of true forest valuation, community stewardship as well as public-private partnerships.

We will strengthen disaster management, especially our response (rescue and relief) capability and capacity, while also reducing disaster risk.

We will mainstream climate risks and the associated costs into decision making and development planning to climate proof our infrastructure and make future development resilient and adaptive to climate change.

We will aggressively implement initiatives and strive to stop polluting and start cleaning our air and water.

We shall aim to internalise and integrate true environmental costs in all economic decisions and present a yearly national "Eco budget".

Create a more caring Pakistan for people with special needs

We will take a rights-based approach to provide the necessary resources and infrastructure to diagnose, facilitate/assist and integrate differently-abled persons into mainstream society.

An estimated 10 percent of the population of Pakistan has a disability. Despite this, public spending and infrastructure for rehabilitation and inclusion of persons with disabilities is limited. Pakistan has one of the worst population to occupational and physical therapist ratios globally, which reflects on the neglect the sector has faced. The 2% quota allocated for the disabled is often not implemented in spirit. Worst of all, Pakistan ignored the United Nations Convention on the Rights of Persons with Disabilities, to which it is a signatory, by not collecting critical data on persons with disabilities in the National census.

We will regularly conduct nationwide surveys to ascertain the extent of disability prevalence and to generate actionable information on supporting persons with special needs.

We will define and acknowledge all categories of disabilities and issue specialised CNIC or disability certificate to ensure that differently-abled persons will receive privileges and facilities without any discrimination.

We will ensure 2% job quota fulfilment for differently-abled persons at all government establishments.

We will provide training, skills and finance through public-private partnerships for differently-abled persons, and income support to differently-abled persons with severe disabilities.

- We will invest in the provincial Special Education Departments and Institutions to uplift their infrastructure, human resource and assistive technologies.
- We will mainstream individuals with mild disabilities into mainstream schools by offering assistance to overcome/off-set the disability.
- We will promote early screening and interaction for children with disabilities by training related medical staff and health workers.
- We will offer assistive devices / technologies such as hearing aids, wheelchair, etc., through federal and provincial programmes.
- We will conduct provincial and national Special Olympics and Sporting events and arrange for sports federations to sponsor international participation of special athletes.
- We will develop Disability Resource Centres at each district, equipped with necessary equipment for screening and therapy of differently-abled persons.

Tackle the population growth challenge

We will deploy efforts to reduce the population growth rate for the health of mothers, children and families and the prosperity of Pakistan by reducing the impending burden on its resources.

With a population growth rate of 2.4% and one of the lowest contraceptive prevalence rate in the region of 35%, Pakistan will face extreme pressure on its natural and economic resources if the population continues to grow as it is.

We will ensure the adequate availability of contraception to all married women of reproductive age (MWRA) through the population welfare and healthcare network of Basic Health Units, Lady Health Workers and Community Midwives.

We will build on the existing consensus from religious leaders of all major schools of jurisprudence on using temporary birth spacing methods and publicise their endorsement at the community and household level.

We will revitalise national family planning programmes, including providing air-time on national television to promote behaviour change and increase uptake and continuation of contraception.

We will undertake important structural reforms to ensure coordination between the Departments of Health and Departments of Population Welfare to ensure that expecting mothers and new parents are counselled on family planning.

Promote arts, sports and culture

We will provide state patronage to sports, arts and culture by providing the necessary resources alongside local and international exposure to athletes, artists and artisans.

Sports in Pakistan, except cricket, have faced systemic neglect from the Government. In the 2016 Summer Olympics, Pakistan had only 7 representatives, none of whom had originally qualified, and were given wildcard entries by the Rio Olympics. From a population of nearly 200 million, this means one athlete per 27 million people, an abysmal performance. Largely, this is a result of policies that do not adequately invest in sports and resources at the grassroots. Moreover, despite having a rich cultural heritage and artistic community, Pakistan at best holds a handful of art, film and literary festivals, none of which are through state patronage. In contrast to other countries that have successfully projected and promoted their arts and culture globally, we have not used this potential for Pakistan's image-building in the international community.

We will establish vibrant community centres at the district level, where exhibitions, road shows, literary events and workshops can take place.

We will provide (1) Playgrounds at Tehsil level, (2) Training centres and gyms at Divisional Level to be used for training provincial and national teams and (3) Category A (National and International standard) sports complexes at the provincial level through a phased approach.

We will hold inter-district, inter-division, provincial and national games annually for young people.

We will partner with local and international private partners to hold Expos, Exhibitions, Literary Festivals, Art and Culture Shows and Events to boost Pakistan's image internationally and provide enriching experiences for the citizens.

We will create scholarships and fellowships to promote Pakistan's image in varsities across the world.

We will revitalise Pakistan's National Council of Arts and create art and culture exchange partnerships with international Art Councils and bodies to provide international exposure to local artists.

We will launch a rigorous campaign of cultural diplomacy through the Foreign Office to promote Pakistan's soft image.

CHAPTER SEVEN

Ensuring Pakistan's National Security

External Dimension

At a minimum level Pakistan's core national interests can be identified as:

- Territorial integrity & sovereignty.
- Socio-economic development.
- The resolution of the Kashmir dispute
- Protection of our citizens wherever they may happen to be.

Keeping the above in mind, PTI's external policy will constitute the following:

Structural reforms

Update and expand institutional structure: Over the years the delivery of the Ministry of Foreign Affairs (MOFA) has deteriorated as its institutional structure has failed to keep pace with the demands of the changing global environment. Four institutional prerequisites will be put in place in order to enable MOFA to deal with the new external environment and policies more effectively in terms of successful foreign policy operationalisation.

One: A more robust, proactive and specialised Foreign Service, more expansive in numbers and more efficient, with more specialised qualifications – as part of the overall civil service reforms. Our MOFA must be focused on furthering not just Pakistan's interests abroad but also ensuring protection of our citizens abroad. In this context a major priority of PTI will be to ensure rapid and responsive consular services to our citizens abroad especially those in jails in foreign countries.

Two: A major vacuum, which has resulted in a serious disadvantage in the conduct of our foreign policy, has been the lack of a proper International Law section within the Ministry of Foreign Affairs (MOFA). We envisage playing a major role in multilateral forums at a time when international law, through expanding treaty and UNSC resolutions' frameworks, is becoming central not only to multilateral diplomacy but also bilateral relations.

Three: A more centralised and coordinated organisational framework for effective diplomacy requires all aspects of diplomatic activity especially in our Missions, such as press, to come under the purview of the MOFA and the Envoys in our Missions. Hence External Publicity, which was initially part of the MOFA, should directly coordinate with and eventually be re-linked with the same Ministry.

Four: Establish a policy coordination cell within the PM office to coordinate inputs from key national stakeholders and Ministries into the foreign policy, for informed decision-making. External policy cannot run on parallel official tracks.

Policy

Pakistan is placed in a strategically critical location but we have failed to exploit this to our advantage. In fact, over the years we have allowed this to become a source of weakness and exploitation especially by Extra Regional Powers. Course correction in this regard must be a major priority in terms of external policy.

With regard to external policies, PTI's guiding principles will be of reciprocity, mutual interests and international norms that will govern Pakistan's relations at the bilateral and multilateral levels. We are committed to initiating new policies rooted in Pakistan's priorities, including a conflict resolution approach towards improving our relation with our eastern and western neighbours.

- This will include work on a blueprint towards resolving the Kashmir issue within the parameters of UNSC resolutions. For lasting peace within our own region, especially with our neighbour India, conflict resolution and the security route to cooperation is the most viable.
- Also, in the context of bilateral relations, PTI's focus will be on moves to expand the existing strategic partnership with China, as well as with our other allies in the region, including the newly emerging cooperation with Russia. With the US, reciprocity and mutuality of interest will be the determinants of our relationship.
- At an overall regional and global level, Pakistan needs to continue expanding its interaction in terms of bilateral and multilateral activities. Due to the altering global and regional parameters, old allies and traditional relationships cannot be taken for granted.
- PTI's major policy goal, in the new external milieu, will be to sustain and increase its relevance regionally and globally, focusing more actively on multilateral diplomacy through critical multilateral forums from the UN to the EU. Pakistan must play the role of a bridge builder and honest broker amongst the states of the Gulf by adopting a non-partisan role in intra-Gulf conflicts.
- The UN provides Pakistan an opportunity to play an active role in multilateral diplomacy. We need to expand on that role especially on crucial international issues like terrorism, non-proliferation and international peacekeeping/peace enforcement.
- There is also a need to look more attentively towards East Asia and core states in other parts of the world such as Latin America and Africa.
- PTI will prioritise politico-economic diplomacy to revitalise the economy through foreign direct investment and trade. The Ministry of Foreign Affairs and Ministry of Commerce would prepare a roadmap to this effect on an urgent basis. An essential prerequisite is for complete coordination between the MOFA and other Ministries in relation to all aspects of external policies.

- To strengthen the parliamentary system and the voice of the elected representatives, PTI will seek a constitutional amendment to give Parliament the authority to ratify all international treaties after being presented for debate.

Internal Dimension

Structural reforms

There is a need for an institutional framework to deal effectively with internal security

- A National Security Organisation. There is a need to have such an institution in which all the stakeholders can come together, strategize and oversee operationalisation of a national security policy, in a structured, organisational manner. There is also the need to overcome the NACTA logjam – and end bureaucratic turf wars.

NACTA is not wide enough in scope, in terms of issue-areas and membership, to undertake this role but NACTA can act as the Secretariat to a National Security Organisation. Such a body should have the Prime Minister as its Chairman and comprise two parts: One, the Plenary Council where decisions regarding policy and strategy are made, and which would have the Minister of Interior as the Deputy Chairman while members would be the Ministers for Finance, Foreign Affairs and Defence as well as the National Security Adviser (NSA), the Chairman JCSC, COAS, CNS, CAS. Secretary would be the DG NACTA; second, the Specialist Working Group which would include as members Heads of all 8 intelligence agencies, Police rep, Paramilitary rep, and the Deputy Chairman of this Committee would be the DG NACTA. Such a body should also be institutionalised at the provincial levels as this would also allow the intelligence coordination that is a critical starting point for any

security strategy. Civilian and Parliamentary responsibility and control are essential and must be factored in.

Policy

Objective must be to deal with internal threats to the state at multiple levels to defeat the four main objectives of the insurgents & terrorists: ideology, manpower, funds and weapons/explosives. The State's policy must lead to strategies to meet and counter the threat at all these four levels.

PTI realises the need to treat this scourge of terrorism on multiple fronts in order to provide security for ordinary citizens so that terrorists are unable to melt into the population and find shelter there; and to convince the militants to lay down their arms. At the same time PTI recognises the need to address genuine political grievances, especially of the people of Balochistan and FATA.

Strategies:

Reclaiming ungoverned spaces. The first step must be to reclaim all the state's ungoverned spaces. The writ of the state has to be established and this cannot be done simply through military action. It requires putting in place a viable administrative and economic structure in place. A beginning has been made with the merger of FATA into Khyber Pukhtunkhwa Province but we must ensure that the structures of civilian administration are put in place as quickly as possible so that the displaced population is facilitated into resettlement.

To counter terrorism, PTI will begin implementing a comprehensive internal security policy based on 4 E's:

Expose links between active and passive (those who provide logistics support but are not part of the fighting force) terrorists and seek to win over the latter so as to isolate the hard core elements who rely on local populations for support – the local population acts as the rear of the terrorists. By separating the passive supporters the state deprives the terrorists of an important component of their support structure.

Enforce and fully implement all components of the consensual National Action Plan as well as implementing Pakistan's international treaty/convention commitments on counter terrorism. PTI would seek to choking terrorist funds by ensuring an effective National Terrorists Financing Investigation Cell (NTFIC).

Eliminate those hard core terrorists, who refuse to lay down their arms and surrender to the State, through a comprehensive joint military-civilian action

plan of isolation, extermination and blowback prevention. A major focus on this aspect of the counter terrorism strategy would be eliminate sources of supply of weapons/explosives to the terrorists.

Educate the population through developing a counter ideological narrative by co-opting religious scholars. Why is a counter narrative critical? Because militants need social space for their existence and growth. In their minds they see themselves as law enforcers, administrators, teachers and justice providers. Having gained social space, they seek out physical space and as governance weakens they become stronger. So it is critical for the state to reclaim social space along with physical space. Media co-option would also be sought to project an effective counter narrative.

PTI will also focus on restructuring syllabi and mainstreaming Madrassas by providing them with proper educational facilities. This would entail teacher training including the establishment of special Islamic teaching academies with diplomas for teaching. Another component of mainstreaming Madrassas would be a public-private "adopt a Madrassa scheme" where the business enterprises in the local area are given tax benefits etc for adopting a Madrassa, upgrading it and offering apprenticeships to its graduating students.

To ensure success of PTI's counter terrorist strategy, an immediate step will be taken to reform the criminal judicial system and revise the Anti-Terror legislations so that it is precise and focused on terrorism.

PTI will not allow Pakistan's territory or people, including its armed forces, to be used by any other nation for the promotion of its political ideology or hegemony, for promoting terrorism or for destabilisation of any other state.

Defence policy

PTI's Defence and Security policy will be made multidimensional to deal with the emerging nature of threats at multiple levels, especially the enmeshed internal-external dimensions of the threat of terrorism.

- Credibility of Pakistan's full spectrum deterrence will be ensured.
- PTI will move substantively on the bilateral strategic dialogue with India encompassing all aspects of the strategic nuclear deterrence so as to prevent a spiralling nuclear arms race in the region.
- PTI will push for the principle of non-discrimination in all arms control and disarmament measures, including global nuclear disarmament.

Pakistan Tehreek-e-Insaf

Chairman Secretariat

Islamabad
June 13, 2017

To
Honourable Election Commission of Pakistan (ECP)
ECP Headquarters
Constitution Avenue
Islamabad

Through:
Mr Babar Yaqoob Faiz Muhammad (Secretary, ECP)

Dear Sir,

Subject: Intra-Party Elections of Pakistan Tehreek-e-Insaf

1. Imran Ahmad Khan Niazi, being Chairman of Pakistan Tehreek-e-Insaf (PTI) do hereby certify that the Intra-Party Elections of PTI have been held in accordance with the Constitution of PTI and the Political Parties Order, 2002 and furnish the following information and documents annexed hereto in respect of:

(i) *the date of the last intra-party elections*

The Intra-Party Elections of PTI were held on 11-6-2017 and 12-6-2017.

(ii) *the names, designations and addresses of the Party Leader and all other office-bearers elected at the Federal, Provincial and local levels, where applicable.*

These details are set out in Annexure I hereto.

(iii) *the election results, including the total number of registered voters to whom e-ballots were sent, votes cast and the number of votes secured.*

These details are set out in Annexure II hereto.

(iv) *copy of party's notification declaring the results of the election.*

A copy of the notification dated 13-6-2017 issued by the Chief Election Commissioner of PTI in accordance with the PTI Constitution is attached herewith as Annexure III.

2. It is hereby certified that the information furnished along with this certificate is correct and nothing has been concealed therefrom.

3. In compliance with Rule 11 of the Political Parties Rules, 2002, this certificate and information furnished along with it (i.e. Annexures I, II and III) is being submitted to the Election Commission of Pakistan on behalf of PTI by its office bearer, Senator Mohammad Azam Khan Swati, who is duly authorised by the undersigned (qua Party Leader) to make the submission.

Yours faithfully,

Imran Ahmad Khan Niazi
Chairman

Enclosure: Annexure I, Annexure II and Annexure III as mentioned above.

**Pakistan Tehreek-e-Insaf
OFFICE OF THE CHIEF ELECTION COMMISSIONER**

ANNEXURE III

[Copy of Party's notification declaring the results of the election]

A copy of the notification dated 13-6-2017 (notifying the successful 'panel of contesting candidates' upon conclusion of the Intra-Party Election held on 11-6-2017 and 12-6-2017) as issued by the Chief Election Commissioner of the PTI as per the procedure laid down in the PTI Constitution is pasted below:

Date of Notification: 13-6-2017

Issuing Authority: Chief Election Commissioner (Pakistan Tehreek-e-Insaf)

Subject: Notification of elected 'contesting panel of candidates' in Intra-Party Elections held on 11-6-2017 and 12-6-2017

In exercise of the powers conferred by, inter alia, Article XVI of the Constitution of Pakistan Tehreek-e-Insaf (as amended on 13-5-2017) read with the Schedule to the said Constitution, I, Mohammad Azam Khan Swati being the duly appointed Chief Election Commissioner (Notification Attached) of PTI hereby notify that the "Panel" of 'contesting candidates' secured the highest number of votes cast during the Intra-Party Elections of PTI held on 11-6-2017 and 12-6-2017 and hence the said "Panel" of 'contesting candidates' and its individual members are hereby notified as having been duly elected to the following offices:

Office in PTI	Name of Successful (Elected) Candidate
Chairman	Mr. Imran Ahmad Khan Niazi
Vice Chairman	Shah Mehmood Qureshi
Secretary General	Jahangir Khan Tareen
Regional President Punjab (North)	Aamir Mahmood Kiyani
Regional President Punjab (West)	Faizullah Kanoka
Regional President Punjab (Central)	Abdul Aleem Khan
Regional President Punjab (South)	M Ishaq Khan Khakwani
Provincial President (Sindh)	Dr. Arif Rehman Alvi
Regional President KPK (Peshawar Valley)	Shah Farman
Regional President KPK (Malakand Division)	Mehmood Khan
Regional President KPK (South KPK)	All Amin Gandapur
Regional President KPK (Hazar Division)	Zar Gul Khan
Provincial President (Balochistan)	Yar Muhammad Rind
Regional President (Islamabad)	Raja Khurram Nawaz

I hereby submit the revised and correct Annexure-II earlier filed on 13-06-2017 where Yar Muhammad Rind was listed Regional President Balochistan. In fact, he is elected provincial President of Balochistan.

Signed:

Mohammad Azam Khan Swati
(Chief Election Commissioner)

On Bail. 															
Name of I.O	Muhammad Nadcem, Assistant Director FIA CBC, Islamabad. 06.10.2022															
Gist of Allegation	<p>During the course of enquiry No. RE-105/2022 dated 05.08.2022 PS FIA CBC, Islamabad Zone, Islamabad, it transpired that Arif Masood Naqvi is owner of M/s Wootton Cricket Limited (WCL), UAE (registered in Cayman Island). Arif Naqvi transferred ill-gotten money to UBL Bank Account No. 204418243 titled “Pakistan Tehreek-e-Insaf” at Jinnah Avenue Branch, Islamabad. Following 03 amounts were received from M/s Wootton Cricket Limited, UAE:</p> <table border="1" style="width: 100%; border-collapse: collapse;"> <thead> <tr> <th>S. No.</th> <th>Dated</th> <th>Amount US \$</th> </tr> </thead> <tbody> <tr> <td>01.</td> <td>28.02.2013</td> <td>324,000/-</td> </tr> <tr> <td>02.</td> <td>14.03.2013</td> <td>1,300,000/-</td> </tr> <tr> <td>03.</td> <td>02.04.2013</td> <td>497,500/-</td> </tr> <tr> <td align="right" colspan="2">Total</td><td>2,121,500</td></tr> </tbody> </table> <p>The purpose stated in the swift messages of the above transactions is “Agreed Transfer” to conceal or disguise the true nature, origin, location, movement and ownership of these funds. Arif Masood Naqvi is also founder/owner of Abraaj Group, UAE which collapsed in 2018. Arif Masood Naqvi lied about the performance of Abraaj’s funds by inflating their value. Therefore, Dubai Financial Services Authority (DFSA) imposed penalties on two Abraaj Group companies for carrying out un-authorized activities in Dubai International Financial Centre (DIFC) and misusing investors’ money. The regulator imposed penalties amounting to US\$ 299.30 Million and US\$ 15.27 Million on Abraaj Investment Management Limited and Abraaj Capital respectively. Arif Naqvi is also facing trial in United Kingdom and USA for defrauding investors. The signatories/beneficiaries of above referred PTI’s UBL account are (1) Imran Ahmed Khan Niazi (2) Sardar Azhar Tariq Khan (3) Saif Ullah Sarwar Khan Nizai (4) Syed Yunus Ali Raza (5) Aamer Mehmood Kiani (6) Tariq Rahim Shaikh (7) Tariq Shafi (8) Faisal Maqbool Shaikh (9) Hamid Zaman (10) Manzoor Ahmed Chaudhary. PTI submitted an affidavit of Arif Masood Naqvi before Election Commission of Pakistan stating therein that all the amounts collected in the accounts of WCL were transferred into PTI’s account in Pakistan. This affidavit has been proved to be false/forged as two more transactions were also made from WCL to two different accounts in Pakistan in May 2013. It further transpired that 12 CTRs/STRs had to be reported by the UBL management to the concerned authorities, which the then bankers of UBL Jinnah Avenue Branch, Islamabad failed to do. Chaudhary Shahid Bashir AVP/Branch Operations Manager, UBL Jinnah Avenue Branch, Islamabad facilitated these</p>	S. No.	Dated	Amount US \$	01.	28.02.2013	324,000/-	02.	14.03.2013	1,300,000/-	03.	02.04.2013	497,500/-	Total		2,121,500

Total		2,121,500														

	<p>suspicious/illegal transactions by not reporting aforesaid illegalities to the concerned authorities and also allowed Internet Merchant Acquiring Agreement changing the title of account to "Naya Pakistan" of the above referred Politically Exposed Persons (PEP) UBL account. Prima facie Arif Masood Naqvi, Imran Ahmed Khan Niazi, Sardar Azhar Tariq Khan, Saif Ullah Sarwar Khan Nizai, Syed Yunus Ali Raza, Aamer Mehmood Kiani, Tariq Rahim Shaikh, Tariq Shafi, Faisal Maqbool Shaikh, Hamid Zaman, Manzoor Ahmed Chaudhary, Chaudhary Shahid Bashir AVP UBL and management of UBL in connivance with others committed the crimes u/s 420, 468, 471, 477-A, 109 PPC r/w 5, 23 FER Act, 1947. After approval of competent authority i.e Director FIA Islamabad Zone, Islamabad the case is hereby registered against above mentioned accused person.</p>
Action taken by FIA	<p>Efforts were made to arrest the accused person nominated in Case FIR and resultantly the following nominated accused have taken Bail Before Arrest from the Competent Court and bails of the accused except Imran Ahmed Khan Niazi and Hamayoun Kamran, Ex-Operations Manager UBL Jinnah Avenue Branch, Islamabad have been confirmed.</p> <p>1. Imran Ahmed Khan Niazi. From the day one during the enquiry proceedings of Enquiry No.RE-105/2022 Notices vide No. FIA/DD/CBC/MISC/2013/1113 dated 12.08.2022, Notice vide No. FIA/DD/CBC/MISC/2022/1129 dated 19.08.2022 and 3rd Notice vide No. FIA/DD/CBC/MISC/2022/1249-50 dated 08.09.2022 were sent to the Chairman Pakistan Tehreek-e-Insaf, PTI Secretariat, Islamabad through registered post and by Special Messenger for provision of information/record but neither he joined enquiry proceedings nor provided any record till to date and during the course of investigation he has not joined investigation after getting bail before arrest from the Competent Court. Despite the Orders of Learned Judge Banking Court (Offence in Banks), Islamabad on 05.01.2023 that "Imran Ahmed Khan Niazi/Petitioner is not present in person. Learned Counsel for the petitioner has sought exemption qua personal appearance of the accused on the ground that the petitioner cannot appear before this Court as he had received bullet injuries in his both legs and is unable to appear before the court today. In view of this petitioner is exempted from personal appearance before this court for today only with warning of last chance and petitioner is directed to appear in person on next date of hearing without any fail. Petitioner is further directed to join the investigation at the earliest. Adjournded on joint request. Now to come up for arguments on 31.01.2022". Imran Ahmed Khan Niazi has not joined investigation till to date. On 30.01.2023 the counsel of Imran Ahmed Khan Niazi has requested for reasonable time for consulting of bank record of the year 2013. On 31.01.2023 the Court has ordered that " The Learned counsel for the petitioner could not justify marking the attendance of petitioner online for absence of any legal backing in shape of codified law or dictums of Honorable High Courts. This being so instant application stand dismissed. Learned Counsel for is apprised that if on the next date of hearing i.e 15.02.2023 if the petitioner fails to appear in person before this Court, no further exemption regarding personal appearance in the instant petition for pre-arrest bail shall be granted by this Court and law shall take its due course. On 04.02.2023, another request regarding visiting of the undersigned to Zaman Park, Lahore was received from Imran Ahmed Khan Niazi and in reply letter dated 11.02.2023 was sent to him for physical appearance before the undersigned.</p> <p>2. Sardar Azhar Tariq Khan. Main Signatory of Bank Account of Pakistan Tehreek-e-Insaf" opened at UBL Jinnah Avenue Branch, Islamabad. He has Joined investigation but he disowned the transactions of heavy amounts in the Bank Account of Pakistan Tehreek-e-Insaf" which were sent by the accused Arif Masooq Naqvi from his Company Wotton Cricket Limited, UAE.</p> <p>3. Col (R) Younis Ali Raza</p>

Main Signatory of Bank Account of Pakistan Tehreek-e-Insaf' opened at UBL Jinnah Avenue Branch, Islamabad. He has Joined investigation but he disowned the transactions of heavy amounts in the Bank Account of Pakistan Tehreek-e-Insaf' which were sent by the accused Arif Masooq Naqvi from his Company Wotton Cricket Limited, UAE.

4. Tariq Shafi

Tariq Shafi has joined investigation but he did not cooperate with the Investigation Officer and insisted to provide him details of the transactions and he was served a notice with detail of transactions made by him through Debit Credit Authority with directions to consult the record with UBL Bank Staff but he did not do so and only reply during interrogation that "This is matter of record" and did not remember old record and categorically refused to answers the questions asked from him and he submitted his reply on 13.12.2022 which was irrelevant and he has again requested that he will submit his reply after consulting with the bank record. On 21.12.2022 a letter with having all details of transactions made by Tariq Shafi was sent to Raja Abdul Qadeer janjua, Advocate High Court, Islamabad (Council of the accused) with direction to submit reply within 01 week but till to date no reply has been submitted.

On 26.01.2023 a letter has been sent to submit reply within 03 days but till to date he has not submitted in reply.

On 30.01.2023 the counsel of Tariq Shafi has informed that on his request the bank has not provided relevant record and directed to bring Court Orders.

5. Faisal Maqbool Shaikh

Faisal Maqbool Shaikh has joined investigation and disclosed that he is signatory of PTI Bank Account of UBL Jinnah Avenue Branch, Islamabad and he did all the things on the directions of his best friend, Tariq Shafi and he did not know the purpose of opening of this accounts and amount of 50 Million were transferred from this account was not in his knowledge and did not know Arif Masood Naqvi and did not know about the transfer of amounts. On 21.12.2022 a letter with having all details of transactions made by Tariq Shafi was sent to Raja Abdul Qadeer janjua, Advocate High Court, Islamabad (Council of the accused) with direction to submit reply within 01 week but till to date no reply has been submitted.

On 26.01.2023 a letter has been sent to submit reply within 03 days but till to date he has not submitted in reply.

On 30.01.2023 the counsel of Tariq Shafi has informed that on his request the bank has not provided relevant record and directed to bring Court Orders.

On 03.02.2023 a letter was sent by Faisal Maqbool Shaikh to the undersigned and in which he has informed that he is waiting for the provision of bank record from UBL Jinnah Avenue Branch, Islamabad in order to respond to the queries.

6. Hamid Zaman.

Joined investigation and disclosed that he is close friend of Imran Ahmed Khan Niazi and he played cricket with him. Besides this account he is also signatory of National Campaign Account of Lahore which was used for expenses of PTI and he became co-signatory on the directions of Imran Ahmed Khan Niazi and he did not know Arif Masood Naqvi and he also disclosed that he was member of Finance Board of PTI but he did not interference in the decision of Finance Board and the accused Hamid Zaman also disclosed that Merchant Account of PTI was opened in order to get donations from the people.

On 05.02.2023 the accused Hamid Zaman tried to travel to abroad from Allam Iqbal International Airport, Lahore without getting permission by the Competent Court and was intercepted by FIA Immigration Lahore and he was directed to get permission from Banking Court, Islamabad where is Bail Before Arrest is pending for further decision and next date of hearing is fixed for 15.02.2023.

7. Saif Ullah Sarwar Khan Niazi.

Joined investigation and disclosed that he joined PTI in 199 and remained on different posts. He remained Member of Central Finance Board. He disclosed that he was not signatory of bank account of PTI at the relevant time when amounts of US Dollars 2121500/- were credited by Arif Masood Naqvi. He disclosed that he don't have party record regarding transfer of amount of Rs.37.98 Million in PTI National Campaign Office, Lahore and he also disowned/shown knowledge amount Rs.7860800/- transferred by Saad Khalid in PTI account.

8. Aamer Mehmood Kiani.

Joined investigation and informed that he has been member of PTI since 1996 and has been part of various committees/boards over the years. He disclosed that he remained member of Central Finance Board. He disclosed that amount of Rs.7860800/- sent by Saad Khalid was donations.

9. Hamayoun Kamran,

the then Branch Operations Manager UBL Jinnah Avenue Branch, Islamabad joined investigation and disclosed that he remained Branch Operations Manager when PTI Main Account with titled "Pakistan Tehreek-e-Insaf" was opened and afterwards the merchant account was opened by Head Office. Government of Pakistan
Ministry of Defence

- 112 -

March 24, 2023

Honorable Chief Justice of Pakistan,

The Ministry of Defence (MoD) has apprised me regarding some shocking statements containing serious allegations levelled against senior most officials of Armed Forces. These accusations have not been communicated through the official channel by the former Prime Minister Imran Ahmad Khan Niazi but are made through medium of Media which is indeed damaging the institution of Armed Forces. Perusal of the statements attached herewith (Annex I) reveals that threatening language towards military officials and their families has been used with intention to provoke element of hatred and disrespect among the public against them.

2. The Ministry has asked me to bring this sensitive matter into your kind notice as being Head of Judicial organ of the State. The instant matter requires your kind consideration.

(Khawaja Muhammad Asif)
Federal Minister for Defence

Honorable Justice Umar Ata Bandial,
Chief Justice of Pakistan,
Islamabad.

- 116 -

Date	Threats by Imran Khan / PTI Leaders to Military and other Officials	Location
12-07-2022	Sikandar (Chief Election Commissioner) should inform the public that how many times Maryam and Hamza met you. Tell everyone that you and Mr X are preparing to rig the elections. There is also a Mr. X. You have received an order that you have to make thieves win in any case. I am sure that my nation will beat you by winning the election despite your rigging.	Bhakkar Jalsa
19-09-2022	I am asking Pakistanis to break the idol of fear. If threatening calls come from unknown numbers then you should also threaten them. Mr. X and Y threaten people, you should also threaten them back. Who are they to threaten you? The people chose the leadership of the country. They threaten people with consequences by calling from unknown numbers. Do whatever you want to do, we will also do the same.	Jhang Jalsa
26-10-2022	There was a man in a movie called Dirty Harry, who was Dirty Harry; A policeman who was shooting and threatening everyone. Intimidating Media, our political workers, abducting social media workers. And yes, Dirty Harry listen I will bring you to justice one day. I will never leave you	Sialkot Jalsa
28-10-2022	Azam Swati disclosed names of two people (Faheem and Faisal Dirty Harry). Since he came to Islamabad he tortured our people, facilitators and took off their clothes. Shehzad Gill was tortured by Faheem and Faisal's people, and then handed over him to police. They also took nude pictures of Shehzad Gill.	Lahore Azadi March
28-10-2022	General Bajwa, I ask you today, when Sector Commander Karachi - ISI committed abuse, Bilawal Bhutto gave a statement against him and you removed him. Now I demand you to remove both, Faisal and Faheem. When the officers do this injustice, they weaken Pakistan. The world calls us a Banana republic.	Lahore Azadi March
29-10-2022	They were handed over to some unknown persons. Who were these unknown persons? Azam Swati also named Faisal Nasir and Brigadier Faheem. Since both savages have come to Islamabad; they picked our people (Shehzad Gul) and stripped him naked and tortured him. After that journalist Jamil Farooqui was stripped naked. Azam Swati, a 75 years old Senator, was humiliated also. I want to tell them that we are human beings not animals.	Shahdara Azadi March Day 01
29-10-2022	General Bajwa removed Sector Commander Karachi - ISI sector at the behest of Bilawal Bhutto. What is happening in Islamabad, Since these two men came, you should remove them. They are defaming you and army. They are defaming Pakistan, you should investigate them. Who threatened Arshad Sharif? Ask his mother, she will tell you who they were. For God's sake, learn to tell the truth. You all know who was threatening Arshad Sharif. And General Bajwa, I ask you again to investigate these two men and post them out	Shahdara Azadi March Day 01
10-11-2022	What I know is that Major General Faisal was behind it and I know since Faisal and Faheem came they have oppressed us like terrorists and we know their background. What they have done to us, what they have done to journalists, what they have done to Arshad Sharif. Who was threatening Arshad Sharif who went out of the country.	Lahore Zaman Park Video link
16-12-2022	During our time, I tried my best. All their cases were mature. NAB used to inform me all their cases were mature, but we are not allowed to act against them from higher ups. General Bajwa was not given permission. He used to	Islamabad

	decide that NAB should push whom and how much and when to let go. Shahbaz Sharif's case was an open and shut case.	Speech via video link on rule of law conference
05-01-2023	If politicians did something wrong, they will find it, the establishment will fix it. Where are they standing now? There is a man in it who had great power. General Bajwa has a very big hand to take down my government, look at where is Pakistan Now.	Lahore zaman park, video link to PTI women convention KHI
21-01-2023	The army chief was involved in horse-trading by spending money and making external conspiracies, but it was the army chief who brought down our government. Amended NAB laws and gave them relief from corruption cases	Lahore Interview with Jasmine Manzoor (Bol News)
25-01-2023	Mr. Chief Justice, I told you on the first day that if this inquiry is conducted under you, then maybe I can get justice, but under him (Faisal Naseer), I have no expectation of getting justice. There is no hope of justice.	Lahore Zaman Park
23-02-2023	3 people have been named in the murder attack on me, one is a senior officer of the secret agency, the second is Rana Sanaullah, the third is the current Prime Minister Shahbaz Sharif, the Prime Minister, and the Interior Minister were also involved in extrajudicial killings in the past.	Lahore Interview on The Zero Hour with RJ Eskow
04-03-2023	I was assassinated two months ago. I was talking about what happened to me. I knew who he was. I now know who Dirty Harry, Interior minister and the Prime minister of Pakistan were involved. They are the people in power. They planned to kill me.	Lahore Zaman Park
05-03-2023	These people have to protect me. Dirty Harry is bringing bad name for the institution. He is not a normal person, he is a psychopath like What did he do to Azam Swati tortured him and recorded his screams. what he did to the Shehbaz Gill and also tortured social media workers. What he did to journalists, what he did to Arshad Sharif, what they did to Javed Chowkidar, hung him upside down, exposed him, this psychopath is very fond of exposing people. He tied Javed to a Charpai. They tortured him like a dog and chained him to a Charpai for three days. Therefore, I am telling the Chief Justice that when Nawaz Sharif was in jail, we were ordered, I was the Prime Minister, that if something happened to him in jail, we are responsible.	Lahore Zaman Park Talk to Workers
13-03-2023	My government was ousted under a conspiracy, the mastermind of the conspiracy was Former Army Chief General Bajwa who was associated with two of the most corrupt parties in Pakistan.	Lahore Interview on Al Mayadeen with Zeinab Al Saffar
19-03-2022	They tried everything possible to defeat me and assassinate me, ISI General Faisal Naseer wants to get me out of the way.	Lahore Zaman Park

جگہ	عمران خان اور تحریک انصاف کے عہدیداروں کی افواج پاکستان اور دیگر افسران کو کھلی دھمکیاں	تاریخ
پشاور میڈیا ٹالک	جو جو حربکیں کی جا رہی ہیں وہ جو اسلام آباد کا آئی جی جسے سیف سفی کے اندر کریشن کرنے کے لیے اس کو نکالنے والا تھے جو روں کو لے کر آیا ہے تاکہ یہ ان کے غلط کام کریں گے جسے اوپر جو بنتے ہیں امریکیوں کے لئے غلط کام کریں گے	24-05-2022
بھکر جلسہ	یہ جو چیف الیکشن گمشار سکندر پے سکندر ببلک کو بتاؤ آج سچ بتاؤ عوام کو بتاؤ کہ کتنی بار مریم اور حمزہ کری کے پاس گئے تھے بتاؤ سب کو بتاؤ کس طرح تم بتئہ کہ الیکشن میں دھاندلی کی تیاری کر رہے ہیں اور مسٹر ایکس ایک مسٹر ایکس بھی ہے۔ آپ کو حکم ملا ہوا ہے کہ تم نے کسی صورت ان نے جو روں کو جتنا ہے مجھے نہیں خبر ملی ہے کہ تم نے مسٹر والے کو ملتان پہنچا دیا ہے دھاندلی کے لئے تو مسٹر ایکس اور مسٹر والے آج ساری قوم کے سامنے میں نہیں چلنج کر رہا ہوں کہ میری قوم آپ کی دھاندلی کے باوجود آپ کو پہنچا لگائی الیکشن جیت کر۔	12-07-2022
اسلام آباد جلسہ	ہم آئی جی اور ڈی آئی جی اسلام آباد کو نہیں چھوڑتیں گے اور ان کے خلاف مقدمہ درج کریں گے۔ مسٹر زبیا کو بھی تیار رہنا چاہیے۔ ہم آپ کے خلاف بھی کارروائی کریں گے۔ آپ سب کو شرم آئی جاہیے	20-08-2022
جہنگ جلسہ	جو ذر آتا ہے واپس ذرا تو اسے یہ جو مسٹر ایکس اور مسٹر والے لوگوں کو دھمکیاں دیتے ہیں واپس دھمکیاں دو ان کو یہ نامعلوم نہیں ہے ذرا نہ دھمکی کی کوشش کرتے ہیں واپس ذرا تو ان کو، یہ جو کہتے ہیں ہم یہ کریں گے ہم وہ کریں کے اپنی بولو جو کرتا ہے کر لو ہم بھی کریں گے	19-09-2022
میانوالی جلسہ	انشاء اللہ، اللہ پر ایمان رکھتے ہوئے آپ کو چلنج کرنا ہوں کے آپ نے الیکشن کمیشن بھی اپنا رکھا ہوا ہے وہ بد دیانت دار سکندر سلطان سے کہتیا آدمی کوئی نہیں جو جو پوری تمہاری نوکری کر رہا ہے	07-10-2022
سیالکوٹ جلسہ	ایک جو آدمی ایک فلم تھی ذری بیری، وہ ذری بیری کیا تھی، ایک ایسا پولیس والا بنایا تھا جو سب کو گولیاں مارتا پھرتا تھا ذریا پھرتا تھا یہ اسلام آباد میں یہی ایک ذری بیری آیا ہوا ہے اور جب سے وہ آیا ہے وہ میڈیا کے لوگوں کو ذرا دھمکا دیا ہے میڈیا باوس کو ذرا دیا ہے بھاریے کارکنوں کو سوشنل میڈیا کے بجوان کو اپنیا رہا ہے اور ہاں ذری بیری سن لو تھیں ایک دن میں انصاف کے کھرے میں ضرور کھڑا کریں گا تمہیں کبھی نہیں چھوڑوں گا	26-10-2022

		داننا ثناء اللہ اپنی حدود میں ہیں۔ میں نے فیصل آباد میں آپ کا گھر دیکھا ہے۔ اگر آپ بھارتی چیزیں اور کارکنوں کی طرف بڑی نظر سے دیکھتے ہیں تو میں نے آپ کا گھر بھی دیکھا ہے اور آپ کے گھر والوں کو بھی جانتے ہیں	25-05-2023
		وہ ناک آوت ہو جائیں گے۔ میں پولیس سے کہہ رہا ہوں کہ اس میں ملوث نہ ہوں کیونکہ یہ سیاسی لڑائی ہے اس لیے آپ اس میں آہے کار بھیں۔ آہے کار بنو گے تو حلف کی خلاف ورزی کرو گے۔ بہتر ہے کہ آپ ہم سے نکراو/ مقابلہ نہ کریں۔ اگر آپ محاذ آرائی چاہتے ہیں تو ہم اس کے لیے بھی تیار ہیں۔	01-10-2023
		یہ آخری لانگ سارج ہوگا۔ اگر وہ گرفتار کرنا چاہتے ہیں تو کوئی نہ کوئی بنیاد ہوگی، بغیر کسی بنیاد کے گرفتار کریں گے تو یاد رکھیں میں ان کو اس طرح گرفتار نہیں کروں گا بلکہ ایسی جگہ یہیجنوں کا کہ ان کی نسلیں یاد رکھیں۔ جو روایت وہ ملک میں قائم کر رہے ہیں اگر وہ قائم رہی تو آئے والے وقت میں وہ پاکستان میں نہیں رہ سکیں گے۔	24-10-2022

Threatening Tweets by PTI leadership Against LEAs/Army

- **Crux.** PTI officials and their SMTs initiated simmering social media trends/propaganda accusing senior military leadership, Islamabad Police, Punjab Police, and estb for political turmoil and state oppression.
- PTI officials including Imran Khan, Shireen Mazari, Imran Ismail, Farrukh Habib, Mussarat Cheema, Hassan Niazi, Senator Ejaz Chaudhary, Usman Dar, Zartaj Ali Wazir remained predominantly at front to threaten estb and Police.
- PTI officials deliberately projected anti-estb narrative especially against estb, having enough social media following helped them to mislead/provoke public sentiments against state institutions.
- Amidst Police Operation at Zaman Park and Imran Khan's appearance at courts, PTI leadership and its affiliated social media influencers kept provoking political workers/public to revolt and attack Police, Corps Commander House, and state's institutions. PTI propaganda against law enforcement agencies and Army's officers included instigating violence, provoking public sentiments, defamation, abusing and threatening state's officials with severe consequences.

کسی بھی مہذب ملک میں اتنی ڈھنائی سے جھوٹ بولنے پر بھی نہیں بلکہ قوم کی
دانش و ذہانت کی کھلی تو بین پران دونوں بے شرمون کو جیل میں ڈالا جاتا۔ جب ایک
ملک ایسے خطرناک احمقوں کے قبضے میں گر جاتا ہے جو یہ سمجھتے ہیں کہ سب اتنے
بی بیوقوف بھیں جتنے وہ خود، تو یہی سب کچھ دیکھنے کو ملتا ہے۔

Dr Aasim
@sempai

Achievements of our COAS Hafiz Asim to motivate youth:

1. Grab position that I did not deserve.
2. Cry in Mecca x 3 days as the crimes/sins I have committed are too many.
3. Bond with Maryam Nani as she carries my unedited videos & supply GHQ top command w fresh recruits.
4. kill a leader of stature of IK to show "Yazeed ancestors" are still alive & thriving/ waiting for Dajjal to come.
5. Silence Freedom of press, abduct journalists and my fav Nanga (naked torture)
6. Protect our huge Army Empire (land mafia)
7. Follow North Korea model suppress people, perks for the top few
8. Lie about supporting democracy while showing the worst Fascism & brutality.
9. have enough bank balance properties abroad so in case there is any fear, catch 1st overseas flight
10. last but not the least drink whiskey when it is cold and mix w blood of ppl of Pakistan.

Pakistan has been set on fire by criminal puppets in the government and their corrupt handlers in the ISI and military establishment, murderers like Maj Gen Faisal Naseer of ISI have been given free hand, constitution has been paused, more than 800 political workers including women and children all from PTI have been abducted from their homes just for raising their voice, international community must take notice before a nuclear power country gets out of hands of everyone, it will have consequences beyond the borders of Pakistan.

The criminal silence of US State Department @StateDept on killing of a journalist @ascreet, assassination attempt on former PM @ImranKhanPTI, forced disappearance of its citizens, beating and killing of political workers of @PTI by the police and corrupt intelligence agency @ISI is mind boggling. This silence leads me to believe that US was involved in regime change operation along with the corrupt military establishment in Pakistan.

I as a Pakistani American demand answers. @SecBlinken @POTUS @VP @SpeakerPelosi @chuckschumer @SenSanders @AOC @RepHastert @RepMalinowski @juliandelaney @georgegabbard

@MShehzadtweets

ڈرگی بیری پر دل کھول کے لعنت بھیجنے کیلئے باته کہا کریں

Translated by

<https://twitter.com/MShehzadtweets/status/1637105448284192768>

"ڈرٹی پسرو"

بے بات تو زبان رہے عام ہے کہ کال عدالت میں ڈرٹی پسرو اسی نئم کے ساتھ میموجید نہیا۔ اسکے منعیں گردار اور حرکتوں سے ظاہر ہے وہ بینوں مائیں نہیں بیجا بوگا۔ اللہ اور قوم کی دشائیں مرشد کے سامنے نہیں کے وہ گاؤں سے بینوں بینوں تکے وہی اس بات کا انتہا ہے جس سے ساری نیپی کل اپنے نیت میں کوچکے بس کی گئیں مربی غافریگ کرنے کا ارادہ نہیا اور عرسد کی امد سے کھٹھ دیر پہلے براہرار سول ڈریس نہیں ملبوس ہو گئوں کی گئی ہے عرب بغل و حرب و حرب و پیغمبر سماں اور مسلسل والزلیس اور میانیل برکس سے بذات لئے رینا ان اندیسوں کو نہیں دیتے ہیں۔

دوسری صوبت میں گرعنایی میں بقیدی نیپی حس کا اصطہار مرشد ٹوڈے ہے اندی ویڈیو دین گرچکے نہیں اور ناریج میں پہلی دفعہ ایک سکر بند گاؤں کا جو ڈسٹریکٹ کملکتیں کی بھیلے دروازے پر حامیوں سے تباہ رکھنا اس کا نتیجہ ہے۔

معمر جو طغیر افیان کی ایک فریضی سورس کا ہے کہیا ہے کہ طغیر افیان جو اس نام سارس سے اکاہ نہیں اور اس کی تبلیغ عوام کی تعداد اور حالت دیکھ کر گندی ہو گئیں کیونکہ اگر سماعت بیحانی تو اس کو خفتہ کراہی گئے سیف کے معابع کوئی ایسا انسام کرنا بڑا ہو گرفتاری کا سب سنا دوسری صورت میں اللہ نہ کرے کوئی حادثہ بیس اخانا ہے عوامی اس کو میں چھوٹا ہی نہیں اس لئے اس نے بیوی حلال کو دیکھنے بوجے ٹانہ ایسا اور گاؤں میں حاضری لگو کر سماعت فیصل کی۔ اعاظوں کی بنائی کی لئے نہیں اس کے پاس بمانی ہے کہ حلال کی باعث عمران حان کا گاؤں سے باہر آتا یا سماعت بیوی میکی میں نہیا۔ یہ بیوی کہا جا رہا ہے کہ عذالیٰ علیے کے مرست اور اسکے استئاف کو عویی و اس بھائی کی بذات کے بھیجیے ہے انعام میں یہی کے تمام ارادوں میں ناکام بیکار حکومت کوئی انقباح عدم اٹپاک والی نہیں اور کاسی ٹاک جائی کی وجہ سے جو ہے سب عدالت کے سامنے میں بچے دینا جاہبہ اپنا۔ اب اس میں کندی حفظت ہے نہیں کہا جاسکتا مگر سارے والی سورس کا در غریبی اور عدلیہ کا حصہ ہے

حکومتی # حکومتی سماں

...

کمپنی عمران خان کے قتل کی صورت میں کیسے بیروئے گی؟
پلان اے..

عمران خان کو قتل کرنے کے فوراً بعد ڈرائیوری مسٹر ایکس والے زید سہیت ساری کمپنیوں کو اڑا دیا جائے گا۔
عوام کو چورن بیچا جائے گا کہ بھنے ارشد اور عمران کے قاتل قوم کو ننگا کرنے والے سب
ختم کر دیے ائیے آگے چلیں۔

Serial	Domain	Narratives
		<p>voters and their representatives in the parliament as well as the institution of opposition</p> <ul style="list-style-type: none"> • Levelled baseless allegations against establishment implying their criminal involvement in extra judicial killings, custodial torture, immoral practices and unconstitutional measures • Inflicted irreparable damage to MoFA and our diplomacy through his conspiracy theories, making the classified contents of the cipher public, naming other country's diplomats and ridiculing them through public demagoguery • While demanding apolitical /constitutional role of establishment, IK suddenly took a U-turn and proposed anti-corruption role for ISI • Demonized military / leadership with derogatory titles like Mir Jaffar, Mir Sadiq, Chowkidar, Neutral/ Animal, Mr X/Y & Dirty Harry etc • Scandalized the appointment of COAS and made extremely irresponsible assertions • Institutionalized the input of COAS in routine political-diplomatic matters • Disgraced Senior Police Officers including IGs, DIGs, SPs in public gatherings with derogatory threats and dented their moral authority • Made a mockery of judicial system and set a dangerous precedent by resisting implementation of notices / arrest warrants • Repeatedly alleged ECP and CEC for rigging & political bias • Deliberately avoided dialogues with opposition and raised controversy by hindering constitutional process of selecting the caretaker CM in Punjab • Blamed Army leadership for his arrest • Created a narrative that the post-arrest riots were orchestrated by the establishment in order to find a plausible justification to do crackdown on PTI • Stated that the Govt is seeking 10 years imprisonment for him via the military by charging him under the Army Act

DOSSIER - IK
ANTI STATE & ANTI INSTITUTIONS NARRATIVES

-293

EXECUTIVE SUMMARY

Serial	Domain	Narratives
1.	Anti State	<ul style="list-style-type: none"> • Justifying separation of Bangladesh • Anti-Nuclear stance • Portraying Pakistan Government & Institutes as fascist • Statements against Security Forces & Intelligence Agencies • Advocating peace talks & settling TTP in KPK • Supporting a banned Baloch Sub Nationalist Organization Leader (BLA) • Imran Khan slogan of 'Haqeeqi Azadi' and PTI leadership inciting violence remains the root cause of mutinous attack on the State on 9 May 2023 • Post 9 May 2023, targeted State of Pakistan and sabotage Pakistan's national interests by extensively lobbying in US Policy makers (Statements of Zalmay Khalizad and signing of 66 x members of US Congress on Pakistan)
2.	Anti Institutions	<ul style="list-style-type: none"> • Set a negative precedent of accepting establishment's political role since his adoption as "Project Imran" • Resorted to hybrid role whereby he encouraged / demanded high-handed approach of establishment for routine Government business • During his hybrid regime provided significant space to COAS & DG ISI, at times, assigned them political responsibilities • Displayed double standard when he demanded removal of DG ISI • Triggered discontent among top tier of Army leadership by granting extension to Ex-COAS • Deliberately scandalized the routine appointment / posting of DGI (Gen Faiz and Gen Nadeem Anjum) by going back on his own words • Showed utter disrespect for democratic and constitutional norms by terming the VoNC as foreign conspiracy, an outcome of bribery and result of traitorship. Thus, he exhibited contempt of 20 million plus

Serial	Domain	Narratives
		<ul style="list-style-type: none">• Incited violence against institutions resulting into arson/ violence against military installations by PTI workers on 9 May 2023
3.	<i>Anti Foreign Policy</i>	<ul style="list-style-type: none">• Damaged relations with Islamic countries & alienated KSA• Diplomatic Isolation-Post TTA takeover (August 2021)• Pursued unrealistic foreign policy - Visit of Russia in February 2022• VoNC - IK negatively exploited Anti-US public sentiment• Appeasement of India
4.	<i>Anti Economy</i>	<ul style="list-style-type: none">• Deliberately jeopardized the Chinese President Xi Jinping's visit to Pakistan• Advertently undermined the CPEC• Undermined the business relations with IMF• The reckless borrowing spree of IK's Government• Failed to show any vision, strategy, planning and implementation of economic plan which is evident from the frequent changes made in economic team• Threatened the IMF program by giving third Tax Amnesty Scheme• Sensing the defeat during Vote of No Confidence, laid out an economic minefield by not honoring commitments made to the IMF• Maliciously undermined IMF deal in May 2022• Attempted to sabotage IMF deal• Deliberate attempts of attacking civilian/military infrastructure including Jinnah House, FM Radio, Metro bus stations etc; caused huge losses to be borne by the State• 1.64 billion rupees' economic loss due to suspension of internet as Govt was forced to block internet services in order to maintain law and order• Violent protests and security situation in the country adversely affected Pakistan's commitments with IMF to ensure political financial stability and hence jeopardized IMF deal.• Pakistani rupee slipped to an all-time low against the dollar, falling by 3.02 per cent in the interbank market apparently due to deteriorating

Serial	Domain	Narratives
		<i>political situation</i>
5.	Anti Constitution	<ul style="list-style-type: none">• <i>Pleads COAS Gen QJB to intercede and bring him back to power</i>• <i>President Arif Alvi's unconstitutional actions under influence of Imran Khan</i>• <i>Ruling against No Confidence Motion</i>• <i>Imran Khan speaking for Presidential System (PTI Broadcast)</i>• <i>The PTI Government in KPK passed a helicopter bill in the provincial legislature</i>• <i>Government by ordinances</i>• <i>Disrespect of parliament & procedures</i>• <i>Bill to amend election laws</i>• <i>Income Tax Amendment Ordinance 2022</i>
6.	Anti Social Fabric	<ul style="list-style-type: none">• <i>Introduction of abusive / derogatory language culture in politics</i>• <i>Societal manifestation of IK's abusive trend setting</i>• <i>A Leader with a misogynist mindset</i>• <i>Flag bearer of polarization</i>• <i>A fascist state under IK - HRVs</i>
7.	Overview of PTI Politics	<ul style="list-style-type: none">• <i>Incompetence and lofty rhetoric damaged the country</i>• <i>Politics of double standards</i>• <i>Economic performance: PTI's failed economic policies did Unimaginable damage to the country</i>• <i>Damaged foreign relations</i>

<i>Serial</i>	<i>Content</i>
1.	<i>Anti State Policy</i>
2.	<i>Anti Institutions</i>
3.	<i>Anti Foreign Policy</i>
4.	<i>Anti Constitution</i>
5.	<i>Anti Social Fabric</i>
6.	<i>Anti Economy</i>

No need for nuclear arsenal once Kashmir issue is resolved: Pakistan PM Imran Khan

Prime Minister Imran Khan said that Pakistan's nuclear arsenal is "merely a deterrent" to protect the country, and will be rendered obsolete once the Kashmir issue is resolved.

Imran Khan Has Normalized Prejudice in Pakistan

Pakistan is already known for having little tolerance for its religious minorities. Khan and the PTI have aggravated the problem.

When Imran Khan Testified In Favour Of Hyrbyair Marri & Faiz Baloch

Not many remember, that in fact, in January 2009, Imran Khan, who was then the chairman of the political party Movement for Justice, testified in favour of Baloch leaders Hyrbyair Marri and Faiz Baloch during a trial for terrorism held in UK against them under Pervez Musharraf's pressures.

According to the record of Henry Blaxland QC's (Marri's lawyer) final speech, in a video call from Islamabad, the actual PM of Pakistan said:

"Describe that sense of military occupation, the roadblocks, the military cantonments everywhere — I think he described the one in Quetta being the biggest he had ever seen — that permanent sense of occupation".

Imran Khan went on record saying that in Balochistan: "*Hundreds disappeared, there was extrajudicial killing. It was treated more like a colony rather than a part of Pakistan*" — and making clear that:

Ser	Statement	Reference
1.	اس سے پہلے شباز گل کو اس کو اسی طرح اٹھایا، پولیس نے اٹھایا، پولیس نے حوالے کیا یہی فہیم اور فیصل کے لوگوں کو۔ انہوں نے اس کو تنگا کیا۔ اس کے اوپر تشدد کیا۔ اس کی تصویریں بنائیں۔ اور وہ جمیل فاروقی ایک جرنلست اس سے بھی بھی کیا۔ میں آج جنرل باجوہ آپ سے پوچھتا ہوں آپ سے۔	28 Oct 2022 Address in Long March
2.	شباز گل بار اس نے غلط لان بول دی، نہیں کہنا چاہیے تبا اسے کیونکہ وہ اس طرح اتنا بے جیسے فوج کو اکسار بے بیں۔ بالکل تھیک بے بے فوج کو ایک مظبوط ادارہ دیکھنا چاہتے بیں۔ لیکن اس کے اوپر جو انہوں نے ظلم کیا ہے، تشدد کیا ہے۔ یعنی ایک انسی کو جیل میں بند کر کے اس کو mentally break کر رہے بیں۔ اور اس سے پتہ بے کیا پوچھ رہے بیں کہ عمران خان کے خلاف بیان دو کی عمران خان نے آپ سے یہ کروایا ہے۔ اگر عمران خان نے وہ کہنا تھا تو اسے شباز گل کی ضرورت نہیں۔ وہ خود statement دے سکتا ہے۔ لیکن جو بتائیں اور اس سے پوچھی بیں کہ جنرل فیض کتنی نفع عمران خان کو ملتی ایسا ہے پوچھتے یہ بے کہ اس کو مار کر پوچھ رہے بیں کہ جنرل فیض کتنی نفع ملا ویسے ہی پوچھ لیں۔	15 Aug 22 GNN / News Edge
3.	میرا جو چیف آف سٹاف تھا شباز گل اس کو انہوں نے اغواہ کیا، تو دن اس کے اوپر تشدد کیا۔ اس کے بعد پولیس استیشن آیا، عدالت کے سامنے اس کو پیش کیا گیا، اس نے مجھے وکیلوں کے ذریعے پیغام بجهوایا کہ انہوں نے میرے اوپر اتنا تشدد کیا ہے، اور صرف ایک چیز چاہ رہے تھے کہ عمران خان کے خلاف کوئی سٹینمنٹ دو، اور اس نے کہا کہ میں اور تشدد برداشت نہیں کر سکتا، اس نے کہا انہوں نے مجھے تنگا کر کے میرے اوپر تشدد کیا۔ اور اس نے کہا اگر انہوں نے مجھے واپس رمانڈ پر بھیج دیا، میں ذہنی طور پر اب یہ برداشت نہیں کر سکتا۔ اس کے اوپر میں نے کہا تھا جب اس کو رمانڈ پر بھیجا گیا تو میں نے تو اس کے اوپر کہا کہ قانونی کارروائی کریں گے۔ اس کے اوپر انہوں نے میرے اوپر دیشکردی کا پرچا کیا۔ اب مجھے بتائیں کیا یہ دیشکردی ہے۔	10 Sep 22 Speech of IK in Gujranwala
4.	پولیس استیشن سے ایجنسیز کے باتیں میں پکڑا دیا۔ یہ کس قانون کے تحت پکڑا یا ہے۔ یہ کون سا پاکستان کا ایں احجاز دیتا ہے کہ آپ ایک انسی کو پکڑ کر ایجنسیز کے باتیں میں پکڑا دیں۔ اور ایجنسیز نے مزید اس کے اوپر تشدد کیا۔ ادھر جا کرے انہوں نے اس کو تنگا کیا۔ اس کو تارچر کیا۔ Sexually ٹارچر کیا۔ اس نے عدالت میں اکر بتایا کہ اس کے ساتھ کیا کیا۔	17 October 2022 IK PC at Bani Gala
5.	اعظم سواتی کو بربنہ کر کے تشدد کیا گیا، شباز گل کو بھی اسی طرح تشدد کا نشانہ بنایا گیا، پتہ نہیں لوگوں کو بربنہ کیوں کرتے ہیں، یہ لوگوں کو نیچا دکھانے کے لیے ہے۔	26 Oct 22 Imran Address to Lawyer's Convention Sialkot

Ser	Statement	Date
1.	مجھے پورا یقین ہے کہ ارمی چیف کو نہیں پتا بوگا یہ جو بوا ہے، اس نے نقصان پہنچایا ہے اور میں آج تیماٹ کرتا ہوں کے اس کے اوپر ایکشن لیا جائے۔ کیوں کے جب سے یہ آیا ہے کہبی سو شل میڈیا کے لوگوں کو دھمکیاں دے رہا ہے اور ان کو اتنا کے لئے جائے ہیں جو عمران ریاض سے بوا اور ارشد شریف سے بوا جرنلٹ کے پیچے پڑے بوئے ہیں	17 October 2022 Imran Khan PC at Bani Gala
2.	ارشد شریف پاکستان کے نمبر 1 تنقیشی صحافی تھے جو ملک کے لیے صحیح راستے پر کھڑے رہے۔ صحافت کسی ملک کا اٹانہ ہے کیونکہ وہ اپنی ساکھی کی وجہ سے کسی ملک کی رانے ساز بن جاتی ہے۔ میں نے ارشد شریف کی وفات کے بعد پاکستان میں ایسا غم اور غصہ کبھی نہیں دیکھا۔	26 Oct 22 Imran Address to Lawyer's Convention Sialkot
3.	ارشد کو معلوم تھا کہ اسے خطرہ ہے، میں نے اسے بیرون ملک جانے کو کہا کیونکہ مجھے اطلاع تھی کہ اسے سار دیا جائے گا کیونکہ وہی حکومت کی تبدیلی کی سازشوں کو سے نقاب کر رہا تھا۔ اسے نامعلوم کالز سے دھمکیاں مل رہی تھیں۔	26 Oct 22 Imran Address to Lawyer's Convention Sialkot
4.	انہوں نے ارشد شریف کو شہید کر کے قوم کو ٹرانس کی کوشش کی لیکن آج پوری قوم اور تحریک انصاف پہلے سے زیادہ ثابت قدم ہیں۔ ہم اپ کا سامنا کریں گے۔	26 Oct 22 Imran Address to Procession at Sialkot

Ser	Statement	Reference
1.	اعظم سواتی نے نام لیا ہے دو لوگوں کا۔ ایک فہم ہے اور ایک فیصل ہے۔ فیصل، یہ جو تریٰ بیری جب سے اسلام آباد میں ایسا ہے لوگوں پر ظلم کر رہا ہے۔ سنئے غور سے، اس نے پہلے اعظم کو غیر قانونی طور پر اٹھایا۔ اس کے پوتے اور پوتیوں کے سامنے اس کے اوپر تشدد کیا۔ اس کے بعد اس کو حوالے کیا۔ یہ فہم اور فیصل ان کے سہولتکاروں کو پکڑایا گیا۔ اس کو تنگ کیا گیا۔ اس کے بعد تشدد کیا گیا۔	28 Oct 2022 Address in Long March
2.	اعظم سواتی کو بربنه کر کے تشدد کیا گیا، شہباز گل کو بھی اسی طرح تشدد کا نشانہ بنایا گیا، پتہ نہیں لوگوں کو بربنه کیوں کرتے ہیں، یہ لوگوں کو نیچا دکھانے کے لیے ہے۔	26 Oct 22 Imran Address to Lawyer's Convention Sialkot
3.	یہ سنگین بات ہے کہ اعظم سواتی کو نامعلوم افراد کے حوالے کیا گیا۔ چیف جسٹس ایف آئی اے کو بلا کر پوچھیں کہ اعظم سواتی کو کس نے اتارا اور مارا؟ اس سے ظاہر ہوتا ہے کہ پاکستان میں کچھ ایسے لوگ موجود ہیں جو پاکستان میں قانون سے بالاتر ہیں۔ میں نہیں سمجھتا کہ اس طرح کے رویے سے لوگ اداروں کا احترام کریں گے اور اس طرح سے اداروں کے خلاف نفرت پہنچے گی۔ ایسی تمام سرگرمیاں جو رہوں اور مجرموں کی خاطر جاری ہیں۔	22 October 2022 Imran Khan /Azam Swati PC
4.	اعظم سواتی کو تشدد کا نشانہ بننا کر نامعلوم افراد کے حوالے کر دیا گیا۔ جنرل فیصل اور بریگیڈر فہم وہ دو وحشی ہیں جو عوام اور میڈیا کے ساتھ ظلم کر رہے ہیں۔ وہ سوشل میڈیا والوں کو اغوا کر کے دھمکیاں دے رہے ہیں۔ انہوں نے (جنرل فیصل /بریگیڈر فہم) شہباز گل، جمیل فاروقی اور اعظم سواتی کے کپڑے اتارے اور انہیں تشدد کا نشانہ بنایا۔ میں انہیں بتانا چاہتا ہوں کہ ہم انسان ہیں جائز نہیں۔	29 Oct 22 Social Media / Address in Long March
5.	اعظم سواتی کا قصور کیا تھا کہ اس نے ایک tweet کی جس میں اس نے جنرل باجوہ کو کہا کہ اس نے 2 NRO نے دیا پاکستان کرو۔ یہ سارے پاکستان کو پتہ ہے کہ اس نے 2 NRO دیا ہے لیکن اس کے اوپر جو اس کو سزا ملی ہے کون سے معاشرے کے اندر اس طرح کا ظلم ہوتا ہے کہ ایک سینیٹر اپنا point of View سکتا۔ بھائی آپ کہہ دیں نہیں دیا۔	11 Dec 22 Video Link Address - Lahore

Ser	Statement	Reference
1.	اس سے پہلے شہباز گل کو اس کو اسی طرح اٹھایا، پولیس نے اٹھایا، پولیس نے حوالے کیا یہی فہیم اور فیصل کے لوگوں کو۔ انہوں نے اس کو ننگا کیا۔ اس کے اوپر تشدید کیا۔ اس کی تصویریں بنائیں۔ اور وہ حمیل فاروقی ایک جرنلسٹ اس سے بھی بھی کیا۔ میں آج جنرل باجوہ آپ سے پوچھتا ہوں آپ سے۔	28 Oct 2022 Address in Long March

WAZIRABAD INCIDENT (FIRING ON IK)

Ser	Statement	Date
1.	میں Ex-Prime Minister پاکستان کا، سچے پتا ہے کس نے گولیاں چلوانی میرے پہ کس نے قاتلانہ حملہ کروایا مجھے پتا ہے وہ کون ہے میں اپنی FIR نہیں کتھا سکا، تواور کون کٹھائے گا، پاکستان میں اور کون آج مجھے بنائیں کون کمزور آئی، اگر EX Prime Minister سب سے بڑی پارٹی کا Head اگر وہ نہیں کرسکتا تو باقی کون کر سکتا ہے۔	14 Dec 22 Video Link Address at Lahore (ARY News)
2.	یہاں بیٹھے ہوئے تھے لوگ جنہوں نے ان کے ساتھ مل کر یہ میرے اوپر قاتلانہ حملہ کیا تھا، جس میں شہباز شریف بے اور دوسرا یہ رانا ثنا اللہ، یہ سے قاتل بیس اور پیر تری بیڑی۔	9 Mar 23 Video Link from Lahore / Capital TV
3.	مجھے تو بتہے کہ میرے خلاف ایک پلان بنایا ہے میں پبلک میں کہ بیٹھا ہوں۔ میں نے ایک ویڈیو ریکارڈ کر کے خفیہ جگہ چھوڑی ہوئی ہے۔ جب بھی مجھے کچھ ہوا تو وہ پبلک کے سامنے آجائے گی مجھے پتہ ہے بند کمروں میں انہوں نے فیصلہ کیا میرے خلاف، مجھے بتائے کا جب ان کو خوف تھا کہ یہ بہت نہیں رہا۔"	15 Aug 22 GNN / News Edge
4.	عمران خان کو قتل کرنے کا فیصلہ کرنے والے چار افراد تو بین رسالت کے الزام کی منصوبہ بندی کے پیچے بیس انہوں نے منصوبہ بنایا ہے کہ اگر کوئی مجھے مارے گا تو سمجھا جائے گا کہ مذبی انتہا پسند نے عمران خان کو تو بین رسالت کی وجہ سے قتل کیا۔	07 Oct 22 IK Address in Mianwali Procession
5.	The PM, Interior Minister and officer of Intelligence agency (a dreadful person) tried to assassinate me. The intelligence agencies tried to spread fear in Jampur by-elections but people were not frightened. During government of PTI, Gen Bajwa asked me to grant NRO.	4 Mar 23 Video Link from Lahore / Bol News

EU DELEGATION SENDS 'CLEAR MESSAGE,' SAYS PAKISTAN SHOULD NOT TAKE GSP+ STATUS FOR GRANTED

8 November 2021, Arab News

Pakistan's Foreign Minister Shah Mahmood Qureshi (2R) meets the visiting European Parliament delegation in Islamabad, Pakistan, November 3, 2021. Four-member European Parliament delegation visited Islamabad last week ahead of review of Pakistan's GSP+ status in February. Luis Garicano, part of visiting delegation, says deteriorating rights situation "puts into question continuation of preferred trade status". Luis Garicano, a member of a European Parliament delegation that visited Pakistan last week, has said Pakistan should not take its privileged trade status for granted, adding that Pakistan was making "no progress" on women and minority rights as well as its press freedom record, which it is required to do to get trade concessions beyond 2023.

This April, the European Parliament moved a resolution against Pakistan, seeking an immediate review of its eligibility for GSP+ status over what it called violence and discrimination against religious minorities and other vulnerable groups, as well as a crackdown on media. The EU Ambassador to Islamabad said last month the South Asian nation would have to "redouble" its efforts to meet international rights conventions in order to continue to be a part of the GSP+ scheme. GSP+ is a special trade arrangement offered to developing economies by European nations in return for their commitment to implement 27 international conventions on human rights, environmental protection and governance. Last week, a four-member European Union Parliamentary Delegation for South Asia Relations visited Pakistan before the EU reviews its decision on the country's GSP+ status in February.

"No progress on these matters," Garicano, who was part of the delegation and a member of the legislative body's Committee on Economic and Monetary Affairs, said on Twitter on Sunday, listing media freedom and women and minority rights. "Our message was clear: Pakistan should not take for granted its privileged trade status. EU has done its part; Pakistan must fulfill its own part."

The European Parliament, Garicano said, was "very concerned about the deteriorating human rights situation, which puts into question the continuation of the preferred trade status of the country."

Foreign Minister Shah Mahmood Qureshi said last Wednesday Pakistan was ready to implement all international conventions relating to its GSP+ status. Speaking to Arab News, the prime minister's adviser on trade and commerce Abdul Razak Dawood said last month Pakistan would have to file a fresh application for the new scheme. "Pakistani products ... have duty free access in all 27 member states of the European Union since January 1, 2014, until December 31, 2023," Dawood said, adding that the EU periodically reviewed the commitment to the signed international conventions of all beneficiary nations. Dawood said all nations, including Pakistan, would be required to ratify and implement five new international conventions, in addition to the previous 27 international covenants, to benefit from a new program to be adopted by the EU from 2024 to 2036. The EU office in Islamabad said in a statement last month Pakistan was the largest beneficiary of the current GSP+ program.

"In the last monitoring reports, some progress has been positively highlighted, while concerns have been raised regarding child labor, torture, media freedom and access to justice, among others," the EU statement said. European Union Ambassador to Pakistan Androulla Kaminara said in a statement last month that Pakistan's exports to Europe had increased by 60 percent since it was granted GSP+ status in 2014 but "in order to maintain the trade preferences under GSP Plus beyond 2023, Pakistan will have to redouble its efforts to turn the international conventions it signed into reality on the ground."

"To make the case to be eligible under the new GSP Plus system, Pakistan, like any other potential beneficiary countries will have to demonstrate tangible progress to convince EU parliamentarians and member state governments." In fiscal year 2020-21, total bilateral trade with the EU was \$ 10.88 billion.

China's Pakistan visit 'postponed over ongoing protests'

REUTERS

Anti-government protests have been taking place in the capital, Islamabad, for the past three weeks

Chinese President Xi Jinping's state visit to Pakistan has been postponed, the Pakistani foreign ministry says.

The ministry said the delay was "in view of the current political situation in Pakistan" and the trip would be rescheduled "as early as possible".

Islamabad has experienced three weeks of anti-government protests, some of which have been violent.

A visit from Sri Lanka's president was also cancelled last month for similar reasons.

Pakistani Prime Minister Nawaz Sharif had been hoping for about \$34bn (£21bn) of deals to be signed during Mr Xi's visit, reports said.

In a statement, Pakistan's foreign ministry described the two countries as "time-tested all-weather friends" and said talks were underway for a rescheduled visit.

There was no immediate comment from the Chinese side.

Anti-government protesters, led by opposition politician Imran Khan and Sufi cleric Tahirul Qadri, want the government to resign. Mr Sharif's government won a landslide victory in the May 2013 elections.

South Asian Voices

CPEC and the PTI: A Complicated Relationship

Written by Ameena Tariq | January 13, 2021 | 7 min read

Continued Slowdown

Despite last year's reports on the launch of two hydroelectric projects in Pakistan-administered Kashmir worth USD \$11 billion and a special economic zone in Faisalabad, the projects appear to be moving slowly. According to media reports, some of the contracts in the past were awarded to Chinese contractors without proper bidding thus enabling China to be the major beneficiary of the projects. Furthermore, reports that China showed reluctance in financing a USD \$6.8 billion Main Line-1 (ML-1) railway project—that would upgrade the railway from Peshawar to Karachi and is currently the largest project under CPEC—at the one percent interest rate demanded by Islamabad furthered speculations.

Pakistan's former Minister for Railways Shaikh Rasnid Ahmad, however, announced in August that the project was well on course with China providing 90 percent of the financing. He further stated that the project will not only produce some 150,000 jobs but Pakistan will also "start implementing the project by the end of the year." Reportedly, the chances of finalizing the agreement for ML-1 are low, despite both opposition and government considering the project strategically vital.

Pakistan's Growing Problem with its China Economic Corridor

Pakistan's inability to undertake long-overdue economic reforms is creating challenges for the China-Pakistan Economic Corridor.

Wednesday, May 26, 2021 by Uzair Younus

PUBLICATION TYPE Analysis and Commentary

[Share This](#) [Print the Page](#)

The China Pakistan Economic Corridor (CPEC) has deepened the decades long strategic relationship between the two Asian nations. But it has also sparked criticism, including that it burdens Pakistan with mountains of debt, allowing China to use debt-trap diplomacy to gain access to strategic assets. While some of this criticism is valid, a closer look indicates that concerns around debt sustainability, tepid economic growth and overall economic and social instability in Pakistan predate CPEC. Moreover, it is the lack of long-term structural reforms that has stymied equitable socioeconomic progress in Pakistan.

It's Not About 'Debt-Trap Diplomacy'

In recent months, China has started to realize the limitations of its influence in Pakistan. After Imran Khan was elected prime minister in 2018, new CPEC projects slowed down, in part due to the incoming administration's concerns. Bureaucratic challenges also created headwinds, prompting the Pakistani government to develop a new CPEC Authority to act as a focal point for expediting projects.

While Beijing has played a central role in helping Pakistan build its power sector, it has failed to push Pakistan to resolve issues that have stalled the sale of K-Electric to Shanghai Electric Power. Additionally, Pakistan has engaged Chinese investors to renegotiate obligations for power projects as it seeks to rein in the ever-increasing cost of power.

It is important to view the China-Pakistan relationship not just through the lens of "debt-trap diplomacy," something that the Trump administration was singularly focused on. By painting China's role in Pakistan with a broad brush, the United States will force Pakistan's political and economic elites into a corner, including those who would like to pursue structural reforms, improve governance and ensure transparency for large-scale infrastructure projects.

IMF blames PTI for delayed, unsatisfactory policy action

"Similarly, fiscal slippages in the first half of the fiscal year have been significant despite the adoption of two budget amendments. Finally, increases in power and gas tariffs have not been sufficient to stem the accumulation of quasi-fiscal losses," the IMF said.

By News Desk 01 April 2019

Search

News Desk |

The International Monetary Fund (IMF) has blamed the Pakistan Tehreek-e-Insaf (PTI) government for delayed and unsatisfactory policy action for the improvement of the economic conditions.

In its staff-level report after its Executive Board approved the \$6 billion bailout package to help Pakistan meet its international debt obligations, the IMF has said that despite some exchange rate depreciation and significant monetary policy tightening, sizeable foreign exchange interventions continued through April 2019.

"Similarly, fiscal slippages in the first half of the fiscal year have been significant despite the adoption of two budget amendments. Finally, increases in power and gas tariffs have not been sufficient to stem the accumulation of quasi-fiscal losses," Dawn has quoted IMF as saying in the report.

The IMF has said that Pakistan's capacity to repay its Fund obligations in a timely manner were adequate but were subject to "higher than usual risks".

Crushed by inflation

Nov. 7th, 2021

Send to Kindle

PRIME MINISTER Imran Khan and his cabinet are providing many justifications for the soaring price inflation: spike in global commodity markets, flawed policies of earlier governments and their corruption etc. But none is convincing enough for the public that has been struggling to cope with a sustained onslaught of elevated food and energy inflation for more than two years, and must now brace itself for another financial crunch as petrol, diesel and electricity prices reach new highs.

Meanwhile, food products such as flour, edible oil and ghee, sugar, vegetables and pulses as well as other daily essentials are becoming increasingly more expensive for low-middle-income households. The prime minister says his government is fully aware of the impact of inflation on the poor. That is debatable.

Read: [PM Imran announces 'biggest welfare package in Pakistan's history' to mitigate inflation impact](#)

Comparisons of domestic food and energy prices with such regional economies as India and Bangladesh betray a total lack of empathy with the people. All arguments put forward and comparisons made by government functionaries are nothing but a vain attempt to obfuscate the reality and shift the responsibility for their own erroneous policies onto others.

Box-I: Trend in Total Public Debt (end-June position)

ISLAMABAD: Pakistan Tehreek-e-Insaf (PTI) government tops the list amongst the last four administrations with the highest external borrowing of around \$ 5.2 billion in three years eight months, retired \$ 36.05 billion. Pakistan Muslim League (PML-N) is in second place with borrowings of \$ 49.76 billion in five years; it retired debt of \$ 27.07 billion dollars.

Data collected from the Ministry of Finance and Economic Affairs Division by this newspaper further revealed that Pakistan Peoples Party (PPP) was in third place for borrowing a total of \$ 25.008 billion in five years while retiring \$ 14 billion.

During the Gen Musharraf's era (1999-2007) around \$ 17.503 billion was borrowed from external sources and around \$ 14.605 billion was retired.

Pakistan's external debt and liabilities (outstanding) reached an all-time high of \$ 130.6 billion by end-December 2021.

Public debt stands at Rs.11,166trn, NA told

During the PTI government, foreign debt rose by \$ 35.3 billion or 37 percent (till December 2021), while it was \$ 95.2 billion when the PTI government came to power.

During the PML-N tenure, foreign debt soared by around \$ 34 billion as it was around \$ 61 billion when it came to power.

The PTI government's domestic borrowing was also the highest when compared to the other three governments.

The PTI government borrowed Rs 9,136 billion during its tenure compared to PML-N's Rs 6,896 billion, PPP's Rs 6,919 billion and Musharraf's Rs 1,212 billion.

More than 90 per cent of Pakistanis believe inflation highest in PTI govt's tenure: Transparency International survey

By TARIQ KHAN - PAKISTAN DECEMBER 11, 2013

More than 90 per cent of Pakistanis believe inflation and price hikes are the highest during the PTI government's tenure compared to previous governments, according to a nationwide perceptions survey by Transparency International released on Wednesday.

More than 90 per cent of Pakistanis believe that inflation and price hikes are the highest in the PTI government's tenure compared to previous governments, according to a nationwide perceptions survey by Transparency International released on Wednesday.

<https://www.dawn.com/news/1662615>

In Pakistan, by the end of FY2020, the inflation rate stabilized and turned out to be single digit mainly due to government prudent demand management policies. In this regard, government borrowing from SBP was avoided as a policy decision. In the start of FY2021, major contribution to inflation in both urban and rural baskets derived from food group mainly due to extended monsoon season. The government realizing the

Govt set to offer third tax amnesty scheme

Finance ministry circulates summary for approval from cabinet

Shabbar Rana | March 31, 2023

In this undated photo, Prime Minister Imran Khan addressing a gathering in Islamabad. SCREENGRAB

ISLAMABAD: The government has decided to promulgate an ordinance to offer a third tax amnesty scheme in as many years – this time to industrialists – by offering them to whiten their black money at 5% rate by investing in the manufacturing sector.

The amnesty is part of an industrial package that also includes tax benefits for three years on acquisition of sick industrial units, besides allowing overseas Pakistanis to invest in the country's manufacturing sector and freely take back the profits earned and the capital investment.

The decision to give another tax amnesty scheme may put the just revived \$6 billion International Monetary Fund (IMF) programme at stake, as the global lender bars giving any tax amnesty scheme. Sources said that the government had not taken the IMF into confidence.

The finance ministry circulated a summary among the federal cabinet members on Monday for their approval of the tax amnesty scheme through the Income Tax Amendment Ordinance 2022. Prime Minister Imran Khan will formally launch his third amnesty scheme in Lahore on Tuesday (today).

The official documents showed that the scheme had been prepared in haste and due to paucity of time, the approval of the Cabinet Committee for Legislative Cases (CCLC) had also not been obtained.

The prime minister dispensed with the condition of submission of a summary to the CCLC and approved the submission of the summary to the Cabinet through circulation, according to the summary.

The government had decided to waive 24% tax rate and another 29% penalties

A possible adverse reaction from the Financial Action Task Force (FATF) and the IMF remains a concern. The IMF's Resident Representative Ashter Perez could not be contacted due to paucity of time, while Finance Minister Shaukat Tarin also did not reply whether he took the IMF's permission before giving the amnesty scheme.

The IMF has barred Pakistan from giving further tax amnesty scheme during the currency of the IMF programmes after the PTI government gave a tax amnesty scheme in May 2019 to allow people to declare their ill-gotten and black money.

Then again, the PTI gave second tax amnesty scheme to the construction sector in April 2020. But the second amnesty had been given with the IMF's consent under the guise of providing relief to the people from the adverse Covid-19 impact.

Pakistan failed to meet IMF targets: report

Report suggests global lender had every reason to set tough conditions due to bad track record of PTI govt

Shabbas Raza September 02 2022

A black and white photograph showing a person walking past the International Monetary Fund (IMF) logo at its headquarters in Washington, D.C. [REUTERS FILE]

ISLAMABAD: Pakistan badly failed to implement 16 of the 28 conditions that the International Monetary Fund (IMF) had set for \$1.1 billion tranche, including the core condition to increase foreign exchange reserves that instead have turned negative by a whopping nearly \$11 billion.

The failure to meet the conditions has compelled the global lender to slap eight more conditions on Pakistan in addition to giving fresh deadlines to meet the actions that remained unimplemented, showed the combined report of the 7th and 8th programme reviews that the IMF released on Friday.

The IMF board had to give a waiver this week to pave the way for the revival of the derailed programme and the release of the \$1.1 billion tranche.

The country missed the conditions to increase its foreign exchange reserves and reduce the primary budget deficit to a sustainable level. It could also not ensure full disbursements to the beneficiaries of the Benazir Income Support Programme, failed to adequately spend on health and education, remained unable to pay the tax refunds and could not restrict the power sector losses.

Former prime minister Imran Khan, who used to be against the tax amnesty scheme but only when he was not in power, gave another tax amnesty scheme, days before his ouster. He also allowed tax exemptions and his government could not push forward the reforms agenda, revealed the report.

New deadlines and conditions

Due to the failure to meet the conditions, the IMF has now revised the targets and also added new conditions for qualifying the next loan tranches, amounting to \$3 billion.

The IMF has asked Pakistan to increase the BISP beneficiary base to nine million families using the NSER by June next year.

Pakistan will have to fully implement the Rs7.91 per unit increase in electricity prices by the start of October to reduce circular debt, which is already under implementation.

Imran Khan's subsidies to destroy Pak's economy for next administration

With the looming threat of a no-confidence motion, Pakistani PM Imran Khan is seemingly in a mood to provide subsidies to the general public even at the cost of the economy

Asia

Story last updated: Mar 22 2023 | 7:04 AM IST

With the looming threat of a no-confidence motion, Pakistani Prime Minister Imran Khan is seemingly in a mood to provide subsidies to the general public even at the cost of the economy which has already plunged into crisis.

Miftah Ismail, the former Pakistani finance minister under the prime ministership of Shahid Khaqan Abbasi termed the industrial package that Imran Khan announced as a "bomb" to destroy the country's economy for the next administration, reported Business Recorder.

Many economists must be of the same view despite PMI's claim that the relief package was possible due to improved tax collections. These can be substantiated because -- first -- 3.799 trillion rupee tax collections (July-February 2021-22) are at par with the budgeted target of 5.8 trillion rupees however for the remaining four months of the current fiscal year there is likely to be a shortfall as the State Bank of Pakistan (SBP) allows the rupee to continue to depreciate with the objective of curtailing imports --

PM Imran slashes petrol prices by Rs10, power tariff by Rs5 as part of relief measures for public

Dawn.com | Published February 28, 2022

Prime Minister Imran Khan on Monday announced the slashing of petroleum products' price by Rs10 per litre and electricity tariff by Rs5 per unit as part of a series of measures to bring some relief to the public.

The relief was announced by the premier as he addressed the nation about the country's economic situation, the government's performance over the last three-and-a-half years and the global challenges in the wake of the Russian invasion of Ukraine.

Relief measures announced:

- Rs10 and Rs5 decrease in petrol and electricity prices, respectively
- No increase in petrol and electricity prices until the next budget
- Tax exemption for companies and freelancers in IT sector; foreign exchange exemption
- Exemption from capital gain tax for IT startups
- Skills-based internships for graduates
- Ehsaas stipend increased to Rs14,000 from Rs12,000

"I received a summary from the Oil and Gas Regulatory Authority (Ogra) and they recommended increasing the prices of petrol and diesel by Rs10 due to the price hike in global markets," he said.

"Today I want to tell you guys this good news that, instead of increasing it, we will decrease [petrol prices] by Rs10."

Addressing a gathering, Khattak had said that the prime minister would announce a reduction in petroleum prices by Rs10 per litre, for which a subsidy of Rs250 billion will be provided.

IMF lacks trust as PTI govt reneged on pact: PM

Shehbaz stresses need for country to stand on its feet

Rizwan Shehzad June 23, 2022

Prime Minister Shehbaz Sharif. SCREENGRAB

ISLAMABAD: Prime Minister Shehbaz Sharif on Thursday said the International Monetary Fund (IMF) lacked trust in Pakistan because the previous PTI government had violated the pact it had made with the global lender.

"The IMF was adamant that the government must fulfil all the conditions earlier agreed upon because we don't trust you [Pakistan]," the premier said while speaking to the senators of his party, the PML-N.

"The biggest credibility of the State is to fulfil its commitments. "Either, they [PTI government] shouldn't have accepted those conditions and told the IMF that they couldn't [do it]," he added. "But they accepted the conditions, signed the agreement and then violated it."

"Today, the IMF tells us that you are also Pakistan's government; how can we trust you? It was a difficult part and more difficulties will come."

PM Shehbaz said that the previous government had neither passed on the increase in the prices of petroleum products to the people, nor reduced them when they were down in the international markets.

Read Economic situation to improve in three months, says Miftah

"The PTI government had agreed with the IMF that it would increase the petroleum levy of Rs30 and also given the nod to increase 17% general sales tax," he pointed out.

"One by one, they violated all the conditions."

For example, he said, the PTI government had decreased the prices of petroleum products when they were highest in the international markets -- an action they did not take in its 3.5-year tenure.

PM blames increase in fuel prices on 'worst ever' IMF deal by PTI government

- Will take nation into confidence on details of PTI government-IMF deal soon, says PM
- Former PM Imran Khan lashed out Incumbent government for existing economic crisis

ISLAMABAD: Prime Minister Shehbaz Sharif said on Thursday that his government had no other choice but to increase the prices of petroleum products, blaming the hike in fuel prices on the predecessor government's "worst ever deal" with the International Monetary Fund (IMF).

Pakistan increased the prices of petroleum products on Wednesday for the third time in a month, as the South Asian nation desperately seeks to revive a \$6 billion loan programme with the International Monetary Fund (IMF) by removing subsidies from the oil and power sectors.

Who called Shah Mahmood Qureshi ahead of Imran Khan's presser?

"I will keep silence over the matter," says Shah Mahmood Qureshi

By Web Desk May 23, 2022

ISLAMABAD: PTI senior leader Shah Mahmood Qureshi on Monday said he can not disclose the name of the person who made the "important" telephone call prior to the press conference of former prime minister Imran Khan a day ago.

On Sunday, moments before the press conference of PTI Chairman Imran Khan, Shah Mahmood Qureshi received an "important" phone call, the video of which has gone viral.

It can be seen in the video that when Shah Mahmood Qureshi received the call, Imran Khan laughed and said: "Shut it down, it will be a disturbance." But Shah Mahmood attended the call and then told Imran Khan the caller had said: "You take the call or we will trap you." Imran Khan replied, "Do it."

He said this twice. It is not clear who the caller was and in what context Imran Khan was "threatened" to be trapped.

When asked if the "important call" contained a message or threat, Shah Mahmood Qureshi told BBC Urdu, "I cannot disclose who made yesterday's telephone call."

Avoiding the question, he said, "I will keep silence over the matter."

Moving forward, the PTI leader invited the people to participate in the Azadi March, adding that it is a decisive moment for the nation, BBC Urdu reported.

"Imran Khan was not given the required cooperation when he took action against the corrupt elements," the former foreign minister claimed, adding that they demand free and fair elections in the country.

The delay in decision about early elections by the government would harm the country, warned Qureshi.

PTI Under Fire Over Leaked Audio on IMF Deal

Government slams attempts to 'damage' national economy, as opposition party defends phone calls in means to stall IMF bailout

By Staff Report | August 27, 2014

Type and click

PTI leader Asad Umar and KP Finance Minister Taimur Jhajjha defend provincial governments' letter expressing intent to withdraw from commitment with IMF

Leaked audio-tapes of Pakistan Tehreek-e-Insaf (PTI) leaders allegedly discussing means to withdraw commitments of the provincial governments of Punjab and Khyber-Pakhtunkhwa from the federal government's bailout program with the International Monetary Fund (IMF) have raised questions over the opposition party's apparent bid to push the country into an economic crisis.

On Monday morning, two audio tapes were leaked to media. In the first, PTI Senator Shaukat Tarin allegedly asks Punjab Finance Minister Monsir Leghari to withdraw his government's support from the IMF deal, maintaining the situation arising from ongoing floods could be used as a pretext to no longer honor the agreement. "You have signed Rs. 750 billion [surplus] commitment with the IMF," Tarin says to Leghari. "You now need to tell them that the commitment you made was before the floods, and now [Punjab] has to spend a lot of funds for floods [rehabilitation]."

"You need to say now that we will not be able to honor our commitment," Tarin continues, stressing this is all that needs to be said to place pressure on the incumbent government. Directing the Punjab finance minister, also a member of the PTI, to draft the letter and send it to him for final approval before sending it to the federal government, Tarin claims the PTI also plans to send it to the IMF representative in Pakistan to further damage efforts to revive the much-needed bailout program.

During their conversation, Leghari asks Tarin—a former finance minister—if Punjab withdrawing from the deal could damage the state of Pakistan. "Well, frankly isn't the state already suffering because of the way they are treating your chairman [Imran Khan] and everybody else?" Tarin responds, seemingly claiming that damaging the national economy is an acceptable cost. "[The] IMF will definitely ask them: where will you get the money from now?" he says, adding the party would not tolerate any more "mistrust" from the center. "We cannot be blackmailed," he adds, claiming the issue would be highlighted on social media in a manner that could not be traced back to the PTI.

PTI's Umar, Jhagra defend IMF letter, audio leak

Asad Umar says 'nothing wrong' with Tarin 'advising' ministers; Jhagra owns up to letter, says he wrote it himself

News Desk August 29, 2022

Pakistan Tehreek-e-Insaf (PTI) Secretary General Asad Umar and Khyber-Pakhtunkhwa (K-P) Finance Minister Taimur Khan Jhagra defended the letter concerning the International Monetary Fund's (IMF) conditions while addressing the matter related to two audio leaks of PTI Senator and former finance minister Shaukat Tarin.

Attributed to Tarin, K-P Finance Minister Taimur Jhagra and Punjab Finance Minister Sardar Awais Ahmad Khan Leghari, the telephonic conversation revealed that the two ministers were asked to "tell the IMF that the commitment made to them cannot be fulfilled" and to cite the recent devastation cause by floods in the country as the reason behind it.

At a press conference in Islamabad today, Jhagra acknowledged the authenticity of a letter penned to the IMF three days earlier by the K-P government whereby the international money lender was informed that the province would not be able to meet the agreed upon budget surplus.

The letter came three days before the all-important executive board meeting of the IMF was to be held in Washington where the provision of credit to Pakistan's bailout package is being considered.

Pinning the province's inability to meet the surplus target on the former Federally Administered Tribal Areas (FATA) merger with K-P province and related administrative concerns, the minister said, "I own the letter" and "I wrote it myself" and requested the federal government to resolve the budgetary issue.

Defending the leaked conversation in a press conference, Umar said that there was "nothing wrong" with Tarin "advising" the ministers as he "understands the country's economy" and that the request was in fact "needed" considering the current natural disaster the country faces.

<https://www.facebook.com/PTIOfficial/videos/1213838582742231/>

In an attempt to "make the people aware of the facts," the PTI leader alleged that the government was guilty of "cutting, pasting and editing" the leaked audio.

Remittances hit new low at \$1.89b

Feb. 14th, 2023

 Send to friend

KARACHI:

The flow of workers' remittances sent home by overseas Pakistanis hit a 32-month low, slipping below the \$2 billion mark through official channels in January 2023.

According to data released by the State Bank of Pakistan (SBP) on Monday, "The remittances were recorded at \$1.89 billion in the month." Remittances are 13% lower than the same month last year (January 2022) and down 10% compared to December 2022.

The low-level inflow has increased the country's reliance on foreign debt which has already mounted beyond affordability.

Cumulatively in the first seven-months (July-January) of the FY2023, remittances dropped 11% to \$16 billion compared to \$18 billion in the same period last year.

A major drop of 25-30% was recorded mainly from Saudi Arabia and the United Arab Emirates (UAE), where a majority of Pakistanis (almost 70% of the total of 10 million abroad) are working. Remittance inflow from European countries also witnessed a drop, but saw an improvement from two leading Western countries - the United States and the United Kingdom.

Surprisingly, the inflows dropped from Middle Eastern countries despite the regional economies being on the rise. Similarly, the inflows improved from Western countries, currently facing recession-like situations. The only difference between the two regions is that Western countries operate strictly in compliance with international laws to send and receive funds.

Experts have anticipated that the inflows will improve in the months to come. The rupee has devalued by 16% in the past two weeks to around Rs270 against the US dollar in the interbank market.

Until January 14, the rupee hovered at around Rs215-220. Once the government ended its control over the rupee-dollar exchange rate, on the recommendation of the IMF, however, the rupee nosedived. Now market forces are determining the rate considering the US dollar's demand and supply situation in the market.

With the month of Ramzan around the corner, it is expected that overseas

Imran Khan: Deadly violence in Pakistan as ex-PM charged with corruption

 Send to Kindle

Amid violent protests nationwide, Mr Khan's supporters ransacked the corps commander's residence in Lahore, smashing chandeliers and making away with peacocks, strawberries and golf clubs - among other things - which they said were bought with "citizen's money". Scores of vehicles and public installations were set alight.

On Wednesday, the BBC witnessed clashes between protesters and the police in the middle of one of Islamabad's main motorways. More than 145 policemen have been wounded in these confrontations, the police said.

"Until our death we will continue this protest or until they free Imran. Otherwise we will shut the whole country."

Mr Khan's supporters overseas have also organised protests in the two days since his arrest.

In a televised address to the nation, Pakistan's Prime Minister Shehbaz Sharif warned that violent protests would not be tolerated.

"The perpetrators who take the law into their own hands will be dealt with an iron hand," he said.

PTI supporters had torched vehicles and hurled petrol bombs at Mr Sharif's residence in Lahore in the early hours of Wednesday, local media reported.

Pakistan's reeling economy takes new hit from protests

Firms and gig workers see losses piling up amid internet shutdowns in big cities.

The latest protests in Pakistan will likely delay the resumption of its bailout programme from the IMF [Muhammad Sajjad/AP]

Telecom operators have incurred an estimated revenue loss of 1.64 billion rupees (\$5.4m), while the government has lost approximately 574 million rupees (\$1.9m) in tax revenue, as a result of the service disruption, an industry source told Al Jazeera. Fearing repercussions from government authorities, the source requested anonymity.

"The IMF [International Monetary Fund] does not trust the current or the previous government," Malik said, explaining the trust deficit. "Our traditionally friendly countries are shy to come forth with assistance [as Islamabad has not met all IMF bailout conditions]. The politicians don't trust each other. The judiciary is divided and the government is at loggerheads with [the judiciary's] decisions."

Pakistan default risk grows as Khan arrest may delay IMF deal

May. 10th, 2023

Send to Kindle

Pakistan is edging closer to a default as political unrest sparked by the arrest of former prime minister Imran Khan is set to delay an International Monetary Fund bailout.

"It looks increasingly difficult for Pakistan to avoid a default in the absence of fresh funding support coming in," said Eng Tat Low, an emerging-market sovereign analyst at Columbia Threadneedle Investments in Singapore.

"I am also growing more skeptical whether an IMF deal is going to come through. Their heavy debt amortisation against precarious reserves would suggest default is imminent," he added.

Seek to live, currently behind liveLIVE

UNIBOTS

Violent protests erupted in Pakistan on Tuesday with dozens injured across several cities and demonstrators attacking military buildings after Khan was arrested. The 70-year-old politician is due to face an anti-graft tribunal on Wednesday amid heightened security.

The unrest comes as the government negotiates with the IMF to restart a \$6.5 billion bailout programme, which it needs to avoid a default.

External debt service is estimated at about \$22 billion for fiscal year 2024, according to Columbia Threadneedle.

Dollar bonds due 2031 fell to the lowest since November on Wednesday, trading at 33.85 cents on the dollar. The extra yield investors demand to hold Pakistan's dollar bonds over US Treasuries has risen above 34 percentage points, close to the record reached late last year.

Pakistan could default without an IMF loan bailout as its financing options beyond June are uncertain, Moody's Investor Service said this week.

PKR shatters all records, hits Rs299 against USD in interbank

Talqeen Zubair | Published May 11, 2023

LISTEN TO ARTICLE ▶ 0:00 / 1:49 — 🔍 1x 1.2x 1.5x

The rupee slipped to an all-time low against the dollar, falling by 3.02 per cent in the interbank market on Thursday, apparently after the political situation deteriorated further.

The violent protests provoked by the PTI chairman's arrest entered the third day on Thursday, as an accountability court in Islamabad handed over the custody of Imran Khan to NAB for eight days in connection with the Al Qadir Trust case.

The PKR was being traded at Rs299 per dollar in the interbank market around noon, a decline of Rs.8.78 from yesterday's close of Rs290.22.

Pakistan's absence on the IMF agenda meeting means that the country may not get the loan tranche by June, which increases its chances of default.

Analysts and researchers said the exchange rate would further deteriorate in the coming weeks since the worsening political situation had provided valid reasons for donors like the IMF to stay away until and unless the situation calms down.

They said Pakistan would not get help from the IMF and other friendly countries, which saved it from default during the current fiscal year.
